

City of Kaukauna, Wisconsin Round House Manor

The City of Kaukauna, WI has a special bond with the residents of Round House Manor. It started more than 40 years ago when community leaders approached RHF to build affordable senior apartments on a historic site in Kaukauna.

The city is always quick to render aid during times of need. A prime example of this was in May 2023 when a tornado struck the community, tearing off the roof, leaving residents without the safety and stability of their homes. The city immediately rallied together with an outpouring of love and generosity for the residents. A local hotel opened its doors to displaced residents, community members delivered hot meals, and the Red Cross set up a “mini-mart” at the hotel to provide residents with essential supplies.

“Just recently, one of our residents crocheted some beautiful blankets for the Red Cross. It just feels so fantastic that our residents are able to give back to this wonderful community that has given us so much.”
