Re: **Agenda Item #2g:** Authorization to seek bids for Project #8-25 – Cured-In-Place Pipe (CIPP) Rehabilitation Project

Background information:

The Engineering Department is completing plans for a city wide Sanitary and Storm Sewer trenchless rehabilitation project. This project will include cleaning of sewer lines, installation of cure-in-place pipe liner, reinstatement of private sewer services, post televising, rehabilitation of old manholes, and documentation of all repairs. Maps depicting these work locations are shown on the following pages.

Strategic Plan:

N/A

Budget:

Funds needed determined from the 2025 Capital Improvements Plan. Spending in various locations are to be allocated to different projects. City spending and project cost estimated to be near \$600,000.

Staff Recommended Action:

Motion to authorize the Engineering Department to seek bids for Project #8-25, Cured-In-Place Pipe (CIPP) Rehabilitation Project
