

For 30 years, the Knowles-Nelson Stewardship Program has been protecting our lakes and streams, securing critical wildlife habitat, and providing world-class recreational opportunities.

Non-profit conservation organizations, local governments, and the DNR have made thousands of investments in land protection, parks, trails, campgrounds, and more.

## BUT THERE'S MORE WORK YET TO BE DONE.

A renewed Knowles-Nelson Stewardship Program will help Wisconsin adapt to a changing climate, ensure that everyone has access to parks and green space, and will conserve critical areas that provide us with clean air and water.
