Resolution No. 2024-_____

A RESOLUTION OF THE CITY OF KERMAN PLANNING COMMISSION APPROVING CONDITIONAL USE PERMIT 2024-04, TO ALLOW FOR BIMONTHLY OUTDOOR EVENTS AND OUTDOOR GRILLING ACTIVITIES FOR KERMAN COUNTRY CAFE LOCATED AT 651 SOUTH MADERA AVENUE, IN KERMAN, CA (APN: 023-148-10S)

WHEREAS, the Planning Commission considered a request for a conditional use permit filed by Rigoberto Yanez (Applicant) on behalf of Abdul Hussien (Property Owner) requesting approval of a conditional use permit to allow for bimonthly outdoor events and outdoor grilling activities for Kerman Country Cafe located at 651 S. Madera Ave., in Kerman, CA (APN: 023-148-10S)

WHEREAS, a public notice was circulated to adjacent properties within a 300-foot radius of the project site and published in the local newspaper at least 10 days before the meeting as required by law; and

WHEREAS, a written report was prepared by staff which included a recommendation for approval for Conditional Use Permit 2024-04 and was made available for public review at least 72 hours before the public hearing; and

WHEREAS, the project was assessed under the California Environmental Quality Act (CEQA); and

WHEREAS, the Planning Commission, after hearing public testimony and deliberating, now desires to approve Conditional Use Permit 2024-04 subject to findings and conditions of approval and adopt a finding of a Class 1 Categorical Exemption (Existing Facilities) under CEQA Guidelines Section 15301 and a Class 4 Categorical Exemption (Minor Alterations To Land) according to CEQA Guidelines Section 15304.

NOW, THEREFORE, BE IT RESOLVED by the City of Kerman Planning Commission as follows:

- 1) Recitals: The above recitals are true and correct and are incorporated herein:
- 2) CEQA: Staff recommends the Commission make findings and determine that a Class 1 Categorical Exemption (Existing Facilities) outlined in CEQA Guidelines Section 15301 and a Class 4 Categorical Exemption (Minor Alterations to Land) outlined in CEQA Guidelines Section 15304 applies to the projects. Class 1 applies to the outdoor events as it consists of the use of an existing private facility on an existing site. Class 4 applies to outdoor grilling activities as it consists of the minor temporary use of land that will have no permanent effect on the environment. Additionally, no expansion of the building is proposed, and any maintenance or alternation of the building structure would be minor, and would not result in a significant, adverse impact on the environment. Furthermore, none of the exceptions outlined in CEQA Guidelines Section 15300.2 apply to this Project.
- 3) Conditional Use Permit: The Planning Commission has determined to approve Conditional Use Permit 2024-04 as permissible under Kerman Municipal Code Section 17.84.040 and determined that all findings required for approval of Conditional Use Permit 2024-04 can be made, including those required by the City of Kerman Municipal Code Section 17.84.030 (D) as follows:

- A. That the proposed establishment, maintenance, and operations of the use applied for will not be detrimental to the public health, safety, and welfare of the persons residing or working in the neighborhood of such proposed use, or whether it will be injurious or detrimental to property and improvements in the neighborhood or the city.

Finding A (1). The project will not be detrimental to public health, safety, or welfare. It is located in a designated general commercial corridor with conditions of approval that will minimize any potential negative impacts to adjacent land uses. The conditions of approval for each entitlement application will limit the types of uses that may be objectionable or detrimental to other permitted uses or adverse to the public interest health, safety, convenience, or welfare of the City.

- B. That the proposed use is consistent with the Kerman General Plan.

Finding B (1). Bimonthly outdoor events and outdoor grilling activities are permitted uses subject to a conditional use permit in the CG (General Commercial) zone district, which is a consistent zone with the General Plan GC (General Commercial) land use designation. The Project is consistent with the General Plan, including General Plan objectives ED-1.1 and 1.4.

Finding B (2). The Project is located along a general commercial corridor suitable for many retail, business professional, service commercial, and other similar activities and uses.

Finding B (3). The conditions of approval preserve the integrity and character of the zone district and ensure compliance with the General Plan and Zoning Ordinance.

- C. That the environmental document is prepared as per the California Environmental Quality Act.

Finding C (1). As described in greater detail, above, a preliminary environmental assessment was prepared for this project per the requirements of the California Environmental Quality Act (CEQA). The project falls within Categorical Exemption per CEQA Guidelines Section 15301 (Existing Facilities) as the project is characterized as a use occupying an existing structure within a developed site and meets the required conditions described in said section. The project also falls within Categorical Exemption per CEQA Guidelines Section 15304 (Minor Alterations To Land) as the project is characterized as a private alteration in the condition of land that meets the required conditions described in said section. There are no project-specific significant effects on the project or the site which would require additional environmental review.

- D. That the site for the proposed use is adequate in size, shape, and location to accommodate the use as it relates to the district for which the use is proposed.

Finding D (1). The location of the Project is within the CG - General Commercial zone district which is located along a commercial corridor suited for retail, office, commercial services, and other similar activities and uses along the Madera Avenue corridor in a developed parcel of land. The existing alcohol sales have operated harmoniously and demonstrated negligible impact on the

surrounding developments. Furthermore, no expansion of the existing building envelope of the site is required or proposed.

4. Conditions of Approval: Given the foregoing, the Planning Commission approves Conditional Use Permit 2024-04, subject to the conditions of approval attached herein as **Exhibit 'A'**.
5. Effective Date: This Resolution shall take effect immediately.

I HEREBY CERTIFY that the foregoing Resolution was approved at a regular meeting of the Planning Commission of the City of Kerman on the 12th day of August 2024, and was fully adopted at the said meeting by the following vote:

August 12, 2024

Notice To Applicant

Pursuant to Government Codes Section 66020(d)(1) and/or Section 66499.37, any protest related to the imposition of fees, dedications, reservations, or exactions for this project or any proceedings undertaken regarding the City's actions taken or determinations made regarding the project, including but not limited to the validity of conditions of approval must occur within ninety (90) calendar days after the date of this decision. This notice does not apply to those fees, dedications, reservations, or exactions which were previously imposed and duly noticed; or where no notice was previously required under the provisions of Government Code Section 66020(d)(1) in effect before January 1, 1997.

Important: Please Read Carefully

This project is subject to a variety of discretionary conditions of approval. These include conditions based on adopted City plans and policies; those determined through conditional use permit review and environmental assessment essential to mitigate adverse effects on the environment including the health, safety, and welfare of the community; and recommended conditions for development that are not essential to health, safety, and welfare, but would, on the whole, enhance the project and its relationship to the neighborhood and environment.

Discretionary conditions of approval may be appealed. All code requirements, however, are mandatory and may only be modified by variance, provided the findings can be made.

All discretionary conditions of approval for CUP 2024-04 will ultimately be deemed mandatory unless appealed by the applicant to the City Council within ten (10) working days after the decision by the Planning Commission. In the event you wish to appeal the Planning Commission's decision or discretionary conditions of approval for this entitlement, you may do so by filing a written appeal with the City Clerk. The appeal shall state the grounds for the appeal and wherein the Commission failed to conform to the requirements of the zoning ordinance. This should include identification of the decision or action appealed (including its identification number) and specific reasons why you believe the decision or action appealed should not be upheld, and the identity of the appellant.

Approval of this conditional use permit shall be considered null and void in the event of failure by the applicant and/or the authorized representative, architect, engineer, or designer to disclose and delineate all facts and information relating to the subject property and the proposed development.

Approval of this conditional use permit may become null and void in the event that development is not completed in accordance with all the conditions and requirements imposed on this use permit, the zoning ordinance, and all City standards and specifications. This use permit and site plan review is granted, and the conditions imposed, are based upon the application submittal provided by the applicant, including any operational statement. The application is material to the issuance of this use permit. Unless the conditions of approval specifically require an operation inconsistent with the application, a new or revised use permit is required if the operation of this establishment changes or becomes inconsistent with the application. Failure to operate in accordance with the conditions and requirements imposed may result

in revocation of the use permit, or any other enforcement remedy available under the law. The City shall not assume responsibility for any deletions or omissions resulting from the use permit review process, or for additions or alterations to any construction or building plans not specifically submitted and reviewed and approved pursuant to this use permit or subsequent amendments or revisions. These conditions are conditions imposed solely upon the use permit as delineated herein and are not conditions imposed on the City or any third party. Likewise, imposition of conditions to ensure compliance with federal, state, or local laws and regulations does not preclude any other type of compliance enforcement.

These conditions are applicable to any person or entity making use of this use permit, and references to “developer” or “applicant” herein also include any applicant, property owner, owner, lessee, operator, or any other person or entity making use of this use permit.
