

## STAFF REPORT

**MEETING DATE:** April 24, 2024

**PRESENTER:** Jesus R. Orozco, Community Development Director

**SUBJECT:** Public Hearing – Ordinance Text Amendment 2024-01 repealing Title 17 of the Kerman Municipal Code and addition of a new Title 17 to the Kerman Municipal Code (JRO)

**RECOMMENDATION:** That the City Council conduct the Public Hearing and:

1. Find that no additional environmental documentation beyond an Addendum is necessary for the Zoning Code update and adopt an Addendum to Program Environmental Impact Report Prepared for the City of Kerman 2040 General Plan (SCH #2019049018); and

2. Waive full reading and introduce Ordinance Text Amendment 2024-01 repealing Title 17 of the Kerman Municipal Code and adding a new Title 17 to the Kerman Municipal Code as recommended by the Planning Commission with minor modifications recommended by staff and refer the ordinance with modifications to the Planning Commission for its report and recommendation; **OR**

Waive full reading, and introduce Ordinance Text Amendment 2024-01 repealing Title 17 of the Kerman Municipal Code and add a new Title 17 to the Kerman Municipal Code as recommended by the Planning Commission.

### **EXECUTIVE SUMMARY:**

The City of Kerman (City) applied for and was awarded funding under the SB2 housing grant from the State’s Housing and Community Development (HCD) Department in April 2020. The City has contracted with Mintier Harnish, a professional planning consultant, to update Title 17 (the Zoning Code) to be consistent with current HCD housing legislation, provide consistency with the 2040 General Plan Update, and serve as a technical update to zoning and land use sections of the Zoning Code. Procedurally, Ordinance Text Amendment 2024-01 will repeal Title 17 of the Kerman Municipal Code and add a new Title 17 to the Kerman Municipal Code.

### **ANALYSIS:**

#### Update and Community Outreach

The update to the Zoning Code has been ongoing since the spring of 2021. Throughout the update process City staff and the consultant team have conducted interviews with local developers, architects, and members of the community. City staff and the consultant team have facilitated two joint City Council and Planning Commission workshops on July 7, 2021, and September 27, 2023. Additionally, members of the public have been invited to provide comments on two 30-day review periods of the draft public review Zoning Code made available

on the City’s website on November 9, 2023, and February 9, 2024. Comments and suggestions from City departments, developers, and members of the public have been considered and where appropriate have been incorporated into the updated Zoning Code.

Planning Commission Action

The Planning Commission (Commission) held a public hearing at a special meeting on Monday, March 18, 2024, to consider OTA 2024-01 regarding the Zoning Code. The Commission heard a presentation from staff and unanimously voted to recommend the approval of OTA 2024-01 to the City Council subject to minor editorial changes per staff’s request. Changes are as follows:

SECTION	PAGE	MODIFIED FROM	MODIFIED TO
17.120.130	28	TERM MOD.   Minor Deviation: <i>a variance of 10%</i>	<i>a variance of 20%</i>

17.120.190	48	TERM MOD.   Specialty Marketplace	<i>Specialty Shop</i>

Changes have been redlined and incorporated into the Zoning Code within Exhibit ‘A-1’ of this report.

Post Planning Commission Action Staff-Recommended Modifications

Subsequent to the Commission public hearing, staff identified additional modifications. Modifications listed below were identified as part of recent inquiries by prospective business owners, project applicants, and Housing Element Update program requirements. Modifications are textual in nature and do not require any subsequent CEQA analysis already prepared for the project. Staff requests that Council consider the modifications listed below and/or any others proposed by Council and proceed to introduce the Ordinance with modifications. The modifications will be referred back to the Commission for its report and recommendation consistent with 17.26.060 of the KMC. The Commission will have 45 days to submit its report on the modifications to the Council. At that time, the Council will then be able to proceed with adoption of the Ordinance. The listed modifications have been redlined and incorporated into the Zoning Code within Exhibit ‘A-1’ of this report.

### General Plan Consistency

The zoning code update will bring the City's Zoning Code into compliance with California Government Code Section 65860(a), which requires that a jurisdiction's zoning regulations be consistent with its General Plan and subsequent updates to its General Plan. The City is proposing to amend its existing Zoning Code to ensure (1) compatibility with its adopted 2040 General Plan (adopted July 2020); (2) create consistency with State housing law and reduce regulatory barriers to the construction of housing; and (3) reflect changes in State law. The City's updated Zoning Code would therefore implement the goals, policies, and programs of the General Plan by regulating the use of land and structures within the City. Below is an excerpt from the General Plan that is germane to OTA 2024-01:

### **Policies**

**LU-1.2: Location of Neighborhood Commercial Sites.** The City shall designate neighborhood commercial sites in proper locations so that they meet the needs of the neighborhood and do not negatively impact adjacent residential uses.

**LU-1.3: Mixed Use Development.** The City shall provide for the establishment of offices in existing residential structures, adjacent to Madera Avenue in the original historic townsite.

**LU-1.5: High Density Residential Development Near Goods and Services.** The City shall encourage the development of high-density residential uses near commercial uses, parks, and schools.

**LU-3.5: Increase Density and Intensity within City Limits.** The City shall prioritize increasing overall residential densities and building intensities within current City limits to prevent development on surrounding agricultural lands.

**LU-3.6: Infill and Renovation.** The City shall encourage infill of vacant commercial properties and renovation of existing commercial structures to reduce the rate at which surrounding agricultural land is urbanized and to provide for a more efficient use of existing infrastructure.

**LU-4.1: Agricultural Land Preservation.** The City shall preserve and protect agricultural lands by directing development to areas within City limits that are designated for urban-level development, and away from agriculturally designated land to preserve open space and agricultural areas.

**LU-5.4 New Incompatible Land Uses.** The City shall prohibit the introduction of new incompatible land uses and environmental hazards into existing residential areas.

#### **Programs**

**Land Use Element Program A, Zoning [Code] Consistency.** The City shall update the Zoning [Code] to ensure consistency with the General Plan Land Use Map and the policies in the General Plan.

**Public Safety Element Program G, Zoning Code Update.** The City shall update the Zoning Code to include standards that mitigate noise through site and building design features, such as building location and orientation, setbacks, natural barriers and vegetation, and building construction.

#### **OTA 2024-01: ZONING CODE UPDATE ANALYSIS**

The Zoning Code format has been modified from the existing Title, Chapter, and Section format into a Title, Article, Chapter, and Section format. Specific modifications to the Zoning Code are described by Article to include but may not be limited to as follows:

#### **Article 1 – Enactment and Applicability**

##### **General**

- Implemented new Zoning Code template and format style.
- Updated all in-text cross references throughout the Article.
- Reorganized and restructured Article 1 consistent with the approved Master Table of Contents.
- In text amendment and resolution references were removed since the Code will be adopted in its entirety.

##### **Zoning Code Enactment and Applicability**

- New language further clarifying the applicability of the Zoning Code.
- New language clarifying the relationship between the Zoning Code and General Plan, and their hierarchy. In the event of any inconsistencies, the General Plan shall control.
- Updated language from existing Section 17.02.010 (Adoption of the Zoning Ordinance) to better specify the City's authority in adopting the revised Zoning Code.
- New language expressing the City's intent for all provisions established in the Zoning Code to be consistent with the City's General Plan.
- Included new provision establishing severability and partial invalidation of Zoning Code in cases where portions of the Code are found to be unenforceable.
- Created a new process in which the Community Development Director can make determinations on the classification of land uses that are not classified and/or defined in the Zoning Code. In the event the Community Development Director makes a determination, that determination is to be considered final and official unless appealed to the Planning Commission.

- Clarified the City’s Uncertainty of Boundary process to be consistent with current City staff procedures.
- Added a provision describing the purpose and intent of the headings and illustrations provided in the Zoning Code. Illustrations are inserted as a matter of convenience and are for illustrative purposes only and in no way define, limit, or enlarge the scope or meaning of the Zoning Code or its provisions. Should a conflict arise between the Zoning Code text and any diagram, illustration, or image contained in the Zoning Code, the text shall govern.
- Revised the zone classifications table accordingly:
  - Updated the Zoning Map symbols based on changes to zoning districts.
  - Updated the names of zoning districts based on General Plan direction.
  - Updated minimum and maximum density and nonresidential intensity standards in compliance with the General Plan.
  - Updated the list of corresponding General Plan land use designations.
- Created new language that adopts the Zoning Map.

## **Article 2 – Zones, Allowable Uses, and Development Standard**

### **General**

- Implemented new Zoning Code template and format style.
- Updated all in-text cross references throughout the entire Article.
- In text amendment and resolution references were removed since the Code will be adopted in its entirety.
- Reorganized and restructured Article consistent with the approved Master Table of Contents.
- Updated the allowed density range for every zoning district where applicable per the 2040 General Plan.
- Updated the purpose statements for all zoning districts to include the maximum density and intensity standards established in the 2040 General Plan.
- Created a tabular list of allowable land uses and associated permit requirements.
- Above ground fuel tanks require a Conditional Use Permit in all zone districts.

### **Residential Zone Districts**

- Deleted agriculture as an allowed land use in the RR zone.
- Eliminated R-1 as a standalone zone.
- Single-unit dwellings now require the approval of a Conditional Use Permit in the R-2 and R-3 zone districts.
- Removed the 7-foot wall requirements when R-2 and R-3 projects are adjacent to alleyways.
- Created a new Rural Residential (RR) Zone to be consistent with the General Plan’s RR land use designation.

- Modified permit requirements to eliminate constraints to housing development.
- Added new housing types to encourage missing middle housing.
- Included new State mandated land uses and established permit requirements consistent with State law:
  - Accessory dwelling units
  - Junior accessory dwelling units
  - Employee housing
  - Agricultural employee housing
  - Community care facilities
  - Emergency shelters
  - Low barrier navigation centers
  - Supportive and transitional housing
  - Single-room occupancy
  - Facades
- Relocated the Smart Residential Development Combining District development standards with other residential zoning districts.
- Updated the R-2 zone density from one unit per 3,500 sq. ft. to one unit per every 2,250 sq. ft.
- Eliminated the required space between buildings development standard, allowing the California Building Code to govern the separation.

#### **Commercial, Office, and Mixed-Use Zones**

- Combined Chapters 17.48, 17.46, 17.50, 17.44, and 17.45.
- Removed “lumber yards” from the feed and fuel stores, lumber yards, garden supply stores, and nurseries; section of CS zone allowed uses.
- Added a requirement for a Conditional Use Permit for twenty-four hour uses next to, or within 200 feet of residential uses.
- Added a requirement for a Conditional Use Permit for drive-thru land uses in all commercial zones.
- Twenty-four-hour drive-thru land uses are prohibited adjacent to residential uses.
- Commercial zone setbacks are now measured from property line after any dedications, not a distance from the centerline of the street.
- Removed the Commercial Specific Plan requirement.
- Added a requirement for a Conditional Use Permit for self-wash car washes.
- Eliminated “All required yards may be used for parking, loading or access driveways.”
- Created a standard 10-foot front setback for all Commercial General parcels. Exceptions for parcels along Madera and Whitesbridge Roads remain.
- Removed the allowance for parking, loading, and driveways in all yard areas.

#### **Industrial Zones**

- Eliminated automotive repair land uses as allowed in the Light Industry zone.

- Added a requirement for a Conditional Use Permit for twenty-four hour uses within 300 feet of residential zones or land uses.
- Add a Site Plan Review requirement for new uses proposed for a site that does not have adequate parking or site improvements or which will increase in occupancy intensity.
- Renamed the zones to be consistent with Zoning Map. The current Zoning Code refers to the M-1 as the Light Industry District, and the M-2 as the General Industry District.
- Removed the existing allowable land use classification system for the General Industry Zone which uses the Executive Office of the President’s Standard Industrial Classification Manual.

### **Public and Quasi-Public Zones**

- Combined Chapters 17.32 and 17.34.
- Added “Community Composting” as allowed with a Conditional Use Permit in the O and UR zones per State law and Ordinance No. 22-01. This use was also added to the land use definitions list.

### **Article 3 – Regulations Applicable to All Zones**

#### **General**

- Implemented new Zoning Code template and format style.
- Updated all in-text cross references throughout the Article.
- Reorganized and restructured the Article consistent with the approved Master Table of Contents.
- In text amendment and resolution references were removed since the Code will be adopted in its entirety.

#### **General Development Standards**

- Created new clear vision triangle safety standards for parcels containing or abutting a right-of-way easement, intersection, private drive, or alley. Structures, signs, objects, and landscaping are limited to three feet in height when located in a clear vision triangle.
- Removed Section 17.62.020 (Definitions) and prepared new Article 8, Definitions.
- Moved Section 17.62.080 (Satellite Dish Antenna) to Article 4 under the wireless telecommunications section.
- Specified that attached garages and carports shall comply with zone development standards and are not considered an accessory use.
- Added a requirement for a Conditional Use Permit for fences in excess of seven feet in height.
- Seven-foot block walls may be required by the Community Development Director between a MU zone and a residential zone or use to mitigate noise impacts.

#### **Landscaping Provisions**

- Created provisions for the use of artificial turf, including:
  - Locations allowed
  - Materials and style
  - Installation requirements

- Appearance and maintenance
- Referenced the Model Water Efficient Landscape Ordinance Municipal Code Section and specified the provisions of this Chapter are in addition to the requirements in the Model Water Efficient Landscape Ordinance.
- Specified that applicants may be required to pay additional fees for deferred landscaping in the R1 district at the Community Development Director's discretion upon making findings.

### **Parking Provisions**

- Combined the provisions in Chapter 17.74 (Parking) and Section 17.78.030 (off-Street Parking).
- Updated the list of allowed land uses to reflect the uses established in the land use definitions and Article 2.
- Clarifying language requiring all off-street parking to be provided on the same site as the land use for which the parking is being provided unless otherwise allowed by an exception approved by the Community Development Director.
- Reduced the number of employee parking spaces to one for each employee for any given shift, as opposed to one space for every employee, for the following land uses:
  - Childcare facilities
  - Day care centers
  - General industrial and processing uses
  - Warehousing and distribution
  - Commercial stables
  - Outdoor sales
- New language requiring applicants to provide accessible parking in compliance with Title 24 of the California Building Code.
- Create additional development standards regarding the allowance of common parking facilities for accessible parking spaces.
- New restriction on RV parking:
  - Recreational vehicles shall not be connected, either on a permanent or temporary basis, to any utility services, such as electrical (including extension cords), water, or sewer connections for the purposes of living or sleeping for any period of time, unless explicitly permitted by the City.
  - Recreational vehicles shall not be stored on any property that does not have a legal residential structure.
  - Reformatted all parking requirements into a tabular format for ease of use and updating.

### **Sign Standards**

- Updated all sign regulations to remove restrictions on sign copy in compliance with State and Federal law.
- Added a requirement for a Conditional Use Permit for electronic reader board signs.

- Vehicle fueling station signs required to be posted at fuel stations pursuant to California Business and Professions Code Sections 13530 et seq.
- Added a requirement that freestanding vehicle service station price signs shall not exceed six feet in height and shall have a maximum sign area of 30 square feet per side.
- On-structure identification signs shall be allowed for frontages with public entrances. Each business frontage having a public entrance shall be permitted on-building identification signs.
- Created a tabular format for specific use signs for ease of use and readability.
- Created new regulations regulating projecting signs and specified that such signs shall not project into the property line or public sidewalk over two feet.

## **Article 4 – Standards for Specific Land Uses**

### **General**

- Implemented new Zoning Code template and format style.
- Updated all in-text cross references throughout the Article.
- Reorganized and restructured the Article consistent with the approved Master Table of Contents.
- In text amendment and resolution references were removed since the Code will be adopted in its entirety.

### **Standards for Specific Land Uses**

- Overhauled the accessory dwelling unit and junior accessory dwelling unit provisions to ensure compliance with State housing law.
- Added new provisions and operational standards for recycling facilities, including:
  - Reverse vending machines
  - Small collection facilities
  - Large collection facilities
  - Recycling processing facilities
- Updated emergency shelter development and operations standards to ensure compliance with State law.
- Clarified that any public or private improvement within a mobile home park shall comply with State law and City of Kerman engineering standards.
- Eliminated landscaping requirements for mobile office structures.
- Rescinded the Interim Agricultural Ordinance.
- Overhauled the wireless telecommunication standards in compliance with Federal regulations and co-location requirements.
- Updated the density bonus provisions in compliance with State law.
- Created comprehensive objective residential design standards for qualifying mixed-use and multi-unit dwelling projects. Design standards include:

- Structure orientation and location (e.g., vehicular entries, staggered setbacks, separation between structures)
- Entries and stairwells (e.g., entryway design, exterior stairwells, entry connections)
- Parking and circulation (e.g., vehicular circulation, parking facility screening, carports, parking area landscaping)
- Lighting (e.g., type and color, shielding and spill, fixture height)
- Utility and service areas (e.g., screening, refuse enclosures)
- Open space (i.e., amount required, passive amenities, active amenities)
- Massing and articulation (e.g., façade design, blank walls)
- Colors and materials
- Windows and door design
- Fences and walls

## **Article 5 – Nonconformities**

### **General**

- Implemented new Zoning Code template and format style.
- Updated all in-text cross references throughout the Article.
- Reorganized and restructured the Article consistent with the approved Master Table of Contents.
- In text amendment and resolution references were removed since the Code will be adopted in its entirety.

### **Nonconforming Procedures**

- Clarified and refined the purpose and intent statements.
- Added an applicability statement that specifies to what parcels, structures, and uses the nonconforming use provisions apply.
- Added new provisions for the establishment and determination of nonconformities.
- Specified the Community Development Director makes the determination of nonconforming status that can be appealed to the Planning Commission.
- Increased the discontinuance period for legal nonconforming parcels from 90 days to 12 months.
- Clarified and created new standards for nonconforming parcels.
- Added new procedures for the continuation and maintenance of legal nonconforming land uses (e.g., determination process, time frames, types of activities allowed).

## **Article 6 – Permit Processing Procedures**

### **General**

- Implemented new Zoning Code template and format style.
- Updated all in-text cross references throughout the Article.

- Reorganized and restructured the Article consistent with the approved Master Table of Contents.
- In text amendment and resolution references were removed since the Code will be adopted in its entirety.

#### **Zoning Code Administration.**

- Added a new ministerial entitlement: Administrative Use Permit (AUP). The AUP entitlement allows certain projects to be reviewed and approved by City staff, resulting in a more time and cost-efficient development process.
- Added new reasonable accommodations standards to ensure compliance with State law.
- Added new permit processing procedures for Development Plan Review Permits.
- Temporary Use Permits (TUP) are now allowed up to six months.
- Added new Temporary Use Permit standards, allowed at the discretion of the Community Development Director, including:
  - Limit to four times per year.
  - Limited to private property.
- Temporary uses located in the public right-of-way shall also require the approval an Encroachment Permit.

### **Article 7 – Zoning Code Administration**

#### **General**

- Implemented new Zoning Code template and format style.
- Updated all in-text cross references throughout the Article.
- Reorganized and restructured the Article consistent with the approved Master Table of Contents.
- In text amendment and resolution references were removed since the Code will be adopted in its entirety.

#### **Administrative Responsibilities**

- Clarified the role of the Development Review Committee (DRC)
  - Establishment
  - Composition and number of members
  - Actions and responsibilities
  - Rules and procedures
- Clarified that a Zone Amendment by application may only be submitted for the purpose of a zone change on real property, and not for an amendment to the language of the Zoning Code.

### **Article 8 – Definitions**

#### **General**

- Implemented new Zoning Code template and format style.

- Updated all in-text cross references throughout the Article.
- Reorganized and restructured the Article consistent with the approved Master Table of Contents.
- In text amendment and resolution references were removed since the Code will be adopted in its entirety.

**ENVIRONMENTAL REVIEW:**

The City prepared a Program Environmental Impact Report (PEIR) (SCH #2019049018) for the 2040 General Plan to assess the potential significant environmental impacts that could result from the implementation of the 2040 General Plan. The PEIR identified that implementation of the General Plan would require a subsequent update of the City's zoning code to implement the General Plan, which was also contemplated by the PEIR prepared for the General Plan. Under CEQA Guidelines Section 15168(c), the zoning code update may rely on the PEIR as it is furtherance of the plans and other general criteria established by the General Plan. Based on

an examination of the zoning code update in light of the PEIR, the City may find that no additional environmental documentation beyond an Addendum to the same is required to be prepared for the zoning code update as none of the criteria of CEQA Guidelines Section 15168(c) have been met in that: i) the update would not have an effect that was not examined in the PEIR; ii) under CEQA Guidelines sections 15162 and 15164, none of the findings for a subsequent EIR would be required; iii) any feasible mitigation developed in the PEIR were incorporated in the zoning code update, or there was no applicable mitigation; iv) the zoning code update does not involve site-specific operations for which evaluation of a checklist would be warranted, as the zoning code is of City-wide effect; and v) the update of the zoning code was a specifically planned activity to implement in the General Plan. With regard to CEQA Guidelines section 15162, the City may further find that: i) no subsequent review is required given that since that time no substantial changes have been proposed in the project which will require major revisions of the previously approved PEIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; ii) no substantial changes have occurred since that time with respect to the circumstances under which the zoning code update is undertaken which will require major revisions of the PEIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; and iii) there is no new information, which was not known and could not have been known at the time of the PEIR was prepared that the zoning code update will have significant effect not discussed in the PEIR. As such, the City may adopt the Addendum prepared for the PEIR and find that the zoning code update has already been fully assessed in accordance with CEQA, no subsequent review is required under CEQA Guidelines sections 15162, 15162, and 15168, and no further action or review is required under CEQA.

**ALTERNATIVE ACTION:**

Council may move to continue the public hearing on OTA 2024-01 to a later meeting with direction to Staff.

**FISCAL IMPACT:**

Preparation of the comprehensive Zoning Code update has been paid for by State funding made available under the SB 2 Planning Grant Program.
