REIMBURSE EXPENDITURES FROM PROCEEDS OF TAX-EXEMPT OBLIGATIONS**

WHEREAS, the City of Kerman (the "City") proposes to undertake certain public capital improvement projects referenced below, and expects to issue, or cause the issuance of, a long-term tax-exempt payment obligation in one or more series for such projects and to use a portion of the proceeds of such obligation to reimburse expenditures made for the projects prior to the issuance of the obligation; and

WHEREAS, United States Income Tax Regulations section 1.150-2 provides generally that proceeds of tax-exempt debt are not deemed to be expended when such proceeds are used for reimbursement of expenditures made prior to the date of issuance of such obligation unless certain procedures are followed, one of which is a requirement that (with certain exceptions), prior to the payment of any such expenditure, the issuer declares an intention to reimburse such expenditures; and
