

Fiscal and Program Effects of Initiative 21-0042A1 on Local Governments

If Initiative 21-0042A1 is placed on the ballot and passed by voters, it will result in:

- Over \$20 billion of local government fee and charge revenues over 10 years placed at heightened **legal peril**. Related public service reductions across virtually every aspect of city, county, special district, and school services especially for drinking water, sewer sanitation, and public health and safety.
- About \$2 billion of revenues each year from fees and charges adopted after January 1, 2021 **subject to legal peril**.¹
- Over \$2 billion dollars of annual revenues from dozens of tax measures approved by voters between January 1, 2022 and the effective date of the act² subject to additional voter approval if not in compliance with the initiative.
- Indeterminable legal and administrative burdens and costs on local government from new and more empowered legal challenges, and bureaucratic cost tracking requirements.
- The delay and deterrence of municipal annexations.
- Substantially higher legal and administrative cost of public infrastructure financing which will delay and deter new residential and commercial development.
- Service and infrastructure declines including in fire and emergency response, law enforcement, public health, drinking water, sewer sanitation, parks, libraries, public schools, affordable housing, homelessness prevention and mental health services.

1. Local Government Taxes and Services Threatened

With regard to taxes, Initiative 21-0042A1:

- Prohibits advisory, non-binding measures as to use of tax proceeds on the same ballot.
 - Voters may be less informed and more likely to vote against measures.
- Eliminates the ability of special tax measures proposed by citizen initiative to be enacted by majority voter approval (*Upland*).³
 - Because the case law regarding citizen initiative special taxes approved by majority vote (Upland) is so recent, it is unknown how common these sorts of measures might be in the future. This initiative would prohibit such measures after the effective date of the initiative. Any such measures adopted after January 1, 2022 through the effective date of the Act should it pass would be void a year after the effective date of the initiative.
- Requires that tax measures include a specific duration of time that the tax will be imposed. This seems to require that all tax increases or extensions contain a sunset (end date).
 - This would require additional tax measures to extend previously approved taxes.
- A city charter may not be amended to impose, extend, or increase a tax might interfere with the ability of cities that do not already have such authority in their charters to adopt Property Transfer Taxes.
 - There are no more than a few of these every few years, but it is a valuable tax for those that adopt it.

¹ Assumes fee increases since January 1, 2022 would be subject to possible legal challenge if not adopted in compliance with the Initiative.

² The effective date of the initiative would be sometime in December 2024, the date the California Secretary of State certifies the election results of the November 5, 2024 election.

³ Unlike the initiative 17-0050, this initiative **does not** eliminate that ability of cities and counties to adopt general taxes by majority voter approval.

- Requires that a tax measure adopted after January 1, 2022 and before the effective date of the initiative that was not adopted in accordance with the measure be readopted in compliance with the measure or will be void twelve months after the effective date of the initiative.
 - If past election patterns and elections in 2022 are an indication, over 200 tax measures approving more than \$2 billion annual revenues to support local public services would not be in compliance and would be subject to reenactment. Most will be taxes without a specific end date and special taxes (including parcel taxes). Because there is no regularly scheduled election within the 12 months following the effective date of the initiative, the measures would each require declaration of emergency and unanimous vote of the governing board to be placed on a special election ballot within a year for approval or the tax will be void after that date. I would expect most to succeed, but some will not, in particular citizen initiative majority vote special taxes which would have to meet a higher voter approval threshold to continue.
- Requires voter approval to expand an existing tax to new territory (annexations). This would require additional tax measures and would deter annexations and land development in cities.
 - If a tax is "extended" to an annexed area without a vote after January 1, 2022, it will be void 12 months later until brought into compliance. Because there is no regularly scheduled election within the 12 months following the effective date of the initiative, such extensions would each require unanimous vote of the agency board to be placed on a special election ballot or would be void a year later.

1.a. Number of Measures and Value of Local Taxes at Risk⁴

Over a hundred local measures were approved in 2022 that likely do not comply with the provisions of Initiative 21-0042A1. Nearly \$2 billion of annual revenues from these voter approved measures will cease a year after the effective date of the measure, reducing the local public services funded by these measures. We can expect a similar volume of measures in 2024 and a similar volume of non-compliance. So the combined total of annual local funding directly affected by Initiative 21-0042A1 due to its retroactivity provision is about \$4 billion.

Citizen Initiative Special Taxes in 2022.

Special taxes placed on the ballot by citizen initiative and approved after January 1, 2022 by a majority but less than two-thirds of the voters are out of compliance with Initiative 21-0042A1.

On June 7, 2022, there were three local special tax measures placed on the ballot by citizen initiative. Two failed to get majority voter approval. A one percent transactions and use tax (sales tax) for the John C. Fremont Healthcare District in Mariposa County received 69.6 percent approval, over the two thirds needed for any special tax under California Constitution Article XIII C. So this measure was passed in compliance with Initiative 21-0042A1.

June 2022 Initiative Special Taxes - majority voter approval

<u>Agency Name</u>	<u>County</u>	<u>Tax/Fee</u>	<u>Rate</u>	<u>Estimated Annual Revenue</u>	<u>Use</u>	<u>Sunset</u>	<u>YES%</u>	
John C. Fremont Healthcare District	Mariposa	Measure N Transactions & Use Tax	1 cent	\$ 150,000	hospital	40yrs	69.6%	PASS
County of Kings	Kings	Measure F Transactions & Use Tax	1/2 cent	\$ 11,700,000	fire	none	37.6%	FAIL
Manhattan Beach USD	Los Angeles	Measure A School Parcel Tax	\$1095/yr	\$ 12,000,000	schools	12yrs	31.2%	FAIL

On November 8, 2022, there were 14 local special taxes placed on the ballot by citizen initiative. Seven of these

⁴ Source: Compilation and summary of data from County elections offices.

measures failed with less than majority voter approval. The other seven measures received majority, but less than two-thirds, voter approval. These measures passed under current law but are out of compliance with Initiative 21-0042A1. Taken together these seven taxes will provide estimated annual revenues of **from \$900,000 to \$1.4 billion** in support of parks and recreation, zoo, library, affordable housing, transportation, homelessness prevention, and schools in these communities.

Non-Specific Tax Durations in 2022

Voters approved 106 measures in June 2022 (10) and November 2022 (96) that do not provide a specific duration of time that the tax will be imposed (end date). Typically, the ballot titles for these measures state that the tax would be imposed “until ended by voters.” Four of these measures also did not include any estimate of the annual revenues that the tax would generate, another violation of initiative 21-0042A1. Taken together, these approved local measures generate **\$561 million per year** that will expire a year after the effective date of the initiative if Initiative 21-0042A1 passes.

Co-temporal Advisory Measures in 2022

At the November 2022 election, there was just one local general tax measure that was accompanied by an advisory measure as to the use of funds. The City of Santa Monica’s Measure DT property transfer tax failed with just 34 percent approval as voters instead chose the citizen initiative Measure GS.

There was also just one such tax use advisory measure on the June 2022 election. Susanville’s voters passed Measure P, a 1 percent transactions and use (sales) tax that generates \$1.75 million per year⁵ for general city services. The measure was accompanied by advisory Measure Q, accompanied the city’s It asked, “If Measure P passes, should the revenues be used to balance the budget to maintain and enhance existing public safety services (police and fire), and provide funding to support street infrastructure improvements and provide funding to support economic development efforts designed to increase businesses, jobs and visitors to Susanville?” Both measures passed. Under Initiative 21-0042A1, the tax will expire a year after the effective date of the initiative (i.e., in December 2025).

1.b. Additional Costs and Public Service Effects of the Tax Provisions

Assuming a similar volume of local measures through 2024 as we saw in 2022, there will be over 200 local measures that will need to be redrafted to comply with the Initiative and placed back on the ballot for the taxes to continue after December 2025. The costs of re-drafting, re-placing and re-voting on these measures, previously legally approved by voters, will be in the tens of millions in total statewide.

2. “Exempt Charges” (fees and charges that are not taxes) and Services Threatened

With regard to fees and charges adopted after January 1, 2022, Initiative 21-0042A1:

- Subjects new fees and charges for a product or service to a new "actual and reasonable test."
- Subjects fees and charges for entrance to local government property; and rental and sale of local government property to a new, undefined, “reasonable” test.
- Allows legal challenge to any tax adopted before the effective date of the initiative and after January 1,

⁵ The Susanville measure also did not include a specific end date and so is included in the list and totals of those measures.

2022. Such a lawsuit could enjoin (stop) the enactment of the tax pending the outcome of the legal challenge.

- Subjects a challenged fee to new, higher burdens of proof if legally challenged.

2.a. Value on New Local Government Fees and Charges at Risk⁶

Virtually every city, county, and special district must regularly (e.g., annually) adopt increases to fee rates and charges and revise rate schedules to accommodate new users and activities. Most of these would be subject to new standards and limitations under threat of legal challenge. Based on the current volume of fees and charges imposed by local agencies and increases in those fees simply to accommodate inflation, the amount of local government fee and charge revenue placed at risk is about **\$2 billion per year including those adopted since January 1, 2022. Of \$2 billion, about \$900 million (45 percent) is for special districts, \$800 million (40 percent) is cities, and \$300 million (15 percent) is counties.**⁷

Major examples of affected fees and charges are:

1. Certain water, sanitary sewer, wastewater, garbage, electric, gas service fees.
2. Nuisance abatement charges - such as for weed, rubbish and general nuisance abatement to fund community safety, code enforcement, and neighborhood cleanup programs.
3. Emergency response fees - such as in connection with DUI.
4. Advanced Life Support (ALS) transport charges.
5. Business improvement district charges.
6. Fees for processing of land use and development applications such as plan check fees, use permits, design review, environmental assessment, plan amendment, subdivision map changes.
7. Document processing and duplication fees.
8. Facility use charges, parking fees, tolls.
9. Fines, penalties.
10. Fees for parks and recreation services.

2.b. Additional Costs and Public Service Effects of the Fee/Charge Provisions

In addition to service delays and disruptions due to fee and charge revenues placed at greater legal risk, there would be substantial additional costs for legal defense. The risk to fees and charges will make infrastructure financing more difficult and will deter new residential and commercial development.

⁶ Source: California State Controller Annual Reports of Financial Transactions concerning cities, counties and special districts, summarized with an assumed growth due to fee rate increases (not population) of 2 percent annually.

⁷ School fees are also affected but the amount is negligible by comparison.
