Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

Recommendation To Approve Ordinance 1227 Amending KMC Section 15.20, Green Building Codes to include new Section 15.20.060, Electric Vehicle Charging Infrastructure, requiring at least one 240-volt dedicated branch circuit that may be used for electric vehicle charging in new construction of one- and two-family dwellings and townhouses.

Recommendation and Summary

Staff is recommending the Council review and approve third reading of Ordinance 1227 and adopt the following motion:

"I move to approve the third reading of Ordinance 1227 and read by title only by the City Clerk."

The reasons for the recommendation are as follows:

- Consistent with the 2020 Ketchum Sustainability Plan, the proposed ordinance furthers the goal of reducing carbon emissions from vehicles.
- The proposed ordinance implements a requirement being considered by other jurisdictions in the Wood River Valley.
- The proposed ordinance requires installation of infrastructure to support future EV charging equipment as part of construction instead of more costly installation after construction is completed.

Introduction and History

Ketchum has had green building standards in place since 2012. Ketchum Municipal Code (KMC) Chapter 15.20 establishes green building standards for new construction, additions, and remodels. The proposed ordinance adds a new section requiring installation of at least one 240-volt branch circuit terminating at a receptacle that may be used for electric vehicle charging equipment. The requirement applies to new construction of one- and two-family dwellings and townhouses.

Analysis

The proposed requirement is consistent with the standard adopted by the City of Boise and the standard under consideration by other jurisdictions in the Wood River Valley. By requiring the installation of the 240-volt receptacle as part of new construction, it is incorporated into a project at the construction phase instead of retrofitting at a later date. This is a proactive approach facilitates installation of future EV charging equipment.

Sustainability

This ordinance is consistent with the 2020 Ketchum Sustainability Plan.

Financial Impact

There are no fiscal impacts to the city related to the adoption of this ordinance.
