Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

Recommendation and Summary

Staff is recommending the council approve purchase order #20649 with Ferguson Water Works of Twin Falls Idaho for the purchase of water meters and adopt the following motion:

I move to authorize the Mayor to sign the purchase order #20649 with Ferguson Water Works for the purchase water meters. The price of this PO. Will not exceed \$8,241.90

The reasons for the recommendation are as follows:

- This is part of our metering program. We need to restock our inventory.

Introduction and History

With this increase in construction this season we find we are needing to restock to get through the construction season.

Analysis

We have enough meters to meet current demand but, as more projects come forward, we find we need more meters. We are being told that some of these meters could be 60-90 days out.

Sustainability

- This work will align with the City's Sustainability action by continuing to have a fully metered system.

Financial Impact

This is a budgeted expense and will be funded from the Water Division FY 20-21 budget.
