## **CONTRACT FOR SERVICES 24008**

THIS AGREEMENT made and entered into this 2nd day of October 2023, by and between the CITY OF KETCHUM, IDAHO, (hereinafter referred to as "the City") and the IDAHO DARK SKY ALLIANCE, an Idaho nonprofit corporation with an IRS 501 (c)(3) designation, (hereinafter referred to as "IDSA").

### **FINDINGS**

1. Ketchum is a municipal corporation duly organized and existing under the laws of the State of Idaho.
2. IDSA is an Idaho non-profit corporation with an IRS 501(c)(3) designation engaged in the business of fundraising and day-to-day operations of the Central Idaho Dark Sky Reserve (CIDS). IDSA functions under the CIDS Oversight Group (Blaine County, Ketchum, Stanley, Sun Valley, and the Sawtooth National Forest). The Alliance proposes and implements projects that accomplish portions of the Reserve's Lightscape Management Plan.
3. Ketchum is a destination resort city as defined by Idaho Code § 50-1044 as it derives a major portion of its economic wellbeing from businesses catering to the recreational needs and meeting the needs of people traveling to the Sun Valley area. As a resort city, Ketchum is eligible to and does collect a local option non-property tax.
4. Pursuant to Idaho Code § 50-301 and § 50-302, Ketchum is empowered to enter contracts and take such steps as are reasonably necessary to maintain the peace, good government and welfare of the City and its trade, commerce and industry. Accordingly, Ketchum has the power as conferred by the State of Idaho, to provide directly for certain promotional activities to enhance the trade, commerce, industry, and economic well-being of the City.
5. The primary reason for the City to enter this contract is to support the monitoring and maintenance of the CIDS. The CIDS was certified in December 2017 by the International Dark Sky Association (IDA). Certification required that the CIDS agree to implement all the IDA requirements to become a Dark Sky Reserve. One of these requirements is that "Municipalities, management entities, and partners within the Reserve agree to establish interpretive outreach programs to support the goals of the Reserve and educate visitors and residents about the importance of preserving the dark night sky resource."
6. Ketchum has committed \$2,500 towards this contract for services in the FY24 budget.
7. IDSA desires to enter into an agreement with Ketchum to provide services identified in Attachment A.

NOW, THEREFORE, in consideration of the mutual promises and agreements set forth herein, it is agreed by and between the City and the IDSA as follows:

**4. REPORTING.** IDSA agrees to report to the Ketchum City Council via it's submitted annual report to the IDA.

**5. TERMINATION.** The City may terminate this Contract with 120 days written notice to IDSA with or without cause. The City reserves the right to request an independent audit under the provisions herein upon termination, and such audit obligation and cost on the part of IDSA shall survive any termination of this Contract.

**6. EQUAL EMPLOYMENT OPPORTUNITY.** IDSA covenants that it shall not discriminate against any employee, volunteer, or applicant for employment because of race, religion, color, sex, or national origin.

**7. If the parties shall have failed to resolve the dispute within thirty (30) days after delivery of such notice, the parties agree to first endeavor to seek to settle the dispute in an amicable manner by non-binding mediation before resorting to litigation. 3. How would your program or project be impacted if it did not receive funding from the City or if funding were reduced? (Expand the box as needed or submit separately.)

Reduced funding would make it more difficult to maintain IDSA's education and outreach efforts that help residents and visitors to enjoy the stunning night sky and understand the importance of preserving the naturally dark nighttime environment within the Reserve.

Leveraging additional funds from the other cities and counties within the Reserve would be more challenging without the leadership and continued support from Ketchum as a related Dark Sky Community.

4. If you received funds from the City in fiscal year 2023, please provide specific examples of how those funds were used to benefit the community. (Expand the box as needed or submit separately.)

- Additional Dark Sky signs were installed within the Reserve north of Ketchum and south of Stanley.
- The CISDR Astronomer in Residence provided two public programs in Ketchum at the Community Library in 2022.
- IDSA volunteers provided dark sky information at Solstice events in Ketchum in June and December and at other events and festivals in the area.
- Responded to email and website questions from local residents regarding dark sky efforts and light pollution concerns.
- Skyglow from the Boise area is visible from some locations within the Reserve. IDSA board members provided two outreach events in the Boise area and spoke with the Boise Mayor about the impacts of light pollution in the Treasure Valley. The goal is to create awareness about light pollution and to mitigate the impacts for residents who live in the Treasure Valley and within the Reserve.

5. If you receive funds from the City in fiscal year 2024, please provide specific goals set by your organization. (Expand the box as needed or submit separately.)

- IDSA will host two WRV-based Astronomers in Residence in 2023 who will provide programs in Ketchum and throughout the Reserve from mid-June to mid-August.
- Offer dark sky programs at the Community Library and other area libraries for area residents and visitors which will be presented by the Astronomers in Residence, BSU AstroTAC students, and local dark sky advocates.
- Work with the International Dark Sky Association (IDA) and UCLA's Institute of the Environment and Sustainability to improve the sky quality monitoring program. Protecting the quality of our night sky is critical in our efforts to reduce light pollution and to maintain designation requirements for both the Reserve and for Ketchum as a Dark Sky Community.
- Coordinate with Ketchum city staff to develop consistent protocols for both sky quality monitoring and lighting inventories as required by IDA.
- Continue outreach efforts in the Treasure Valley to encourage better lighting that will help protect the night sky there and within the Reserve.

### Overall benefits of the Central Idaho Dark Sky Reserve to the City of Ketchum and city residents

The Idaho Dark Sky Alliance works with a number of organizations throughout the reserve to educate residents about the importance of maintaining dark skies. The group also serves as a resource for Ketchum and other communities as they develop and implement dark sky policies.

The pristine dark skies we enjoy in the Reserve are a treasured resource for both local residents and visitors. A main goal for the CIDS is to preserve our dark skies. Reducing artificial light at night benefits human health and wildlife populations, and reduces energy consumption. Dark Sky designation can also provide economic benefits to local businesses through increased tourism and specific benefits to businesses that provide dark sky related items.

The City of Ketchum has been involved with the Dark Sky planning discussions since the 1990s when the city passed a Dark Sky Lighting Ordinance. City staff were instrumental in the early planning effort to get CIDS recognized as the first Dark Sky Reserve in the US.
