November 18, 2019

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

Recommendation to Hold a Public Hearing and Approve the 100 Seventh Condominiums Final Plat with conditions 1-8 included in the draft Findings of Fact, Conclusions of Law, and Decision

Recommendation and Summary

Staff is recommending the council adopt the following motion:

Move to Approve the 100 Seventh Final Plat subject to City issuance of a Certificate of Occupancy for the building and condominium units

The reasons for the recommendation are as follows:

- The 100 Seventh Preliminary Plat has been approved by the City. The Planning and Zoning Commission has reviewed the Final Plat application and recommended approval.
- The developer Ben Franz (Destination Dentistry LLC) has proceeded with site improvements consistent with Design Review, Building Permit, and Preliminary Plat approvals.
- Subject building is nearing completion.

Analysis

The Project has proceeded consistent with a host of City approvals, including design review, exceedance agreement, building permit, and preliminary plat. Staff has no existing concerns with Ben Franz/Destination Dentistry LLC complying with the various requirements of the previously issued design review, preliminary plat, and building permit approvals. The applicant is aware that all required improvements, including completion of the sidewalk to the satisfaction of the city or bonding for said sidewalk, is required to obtain Certificate of Occupancy.

Financial Impact

Recording the Final Plat signals to the county assessor the building, which is new construction, has been completed and can be added to the tax rolls.

Final Plat)	FINDINGS OF FACT, CONCLUSIONS OF LAW, AND
Date: November 18, 2019)	DECISION
)	
File Number: 19-073)	

Findings Regarding Application Filed

PROJECT: 100 Seventh Condominiums

FILE NUMBER: P19-073

ASSOCIATED PERMITS: P17-010, B18-072, P19-051

OWNERS: Destination Dentistry LLC / Ben Franz

REPRESENTATIVE: Benchmark Associates

REQUEST: Final Plat to condominiumize five (5) condominium units

LOCATION: 100 7th Street East (Lot 5, Block 34, Ketchum townsite)

NOTICE: Noticing requirements met via the Preliminary Plat application

ZONING: Community Core, Sub-district 2 – Mixed Use

OVERLAY: None

Findings Regarding Associated Development Applications

1. The subject property is owned by Ben Franz (Destination Dentistry LLC) and is located at the southeast corner of E. 7th Street and N. 1st Avenue in downtown Ketchum’s Community Core Subdistrict 2 Mixed Use zoning district. A three-story, 11,844 square foot building with seven parking spaces (including three underground) is currently under construction, with completion imminent. The condominium plat will subdivide the building into five (5) condominium units.
2. In accordance with the Exceedance Agreement (Agreement 20203), there will be a 998 square foot Community Housing unit within the building that will be deed restricted at Income Category 4 (income not to exceed 100% of AMI). The remaining units in the building will be a commercial condominium for the dental office on the first floor, two residential units on the second floor, and one residential unit on the third floor.
3. The building previously received Design Review approval (P17-010) and a building permit (BP18-072) and the building was designed and intended to be condominiumized. The Planning and Zoning Commission and the City Council reviewed the Preliminary Plat application during hearings on June 10,

2019 and June 17, 2019, respectively. The Planning and Zoning Commission reviewed the Final Plat application on July 8, 2019 and recommended approval.

4. The Final Plat shall not be signed and recorded until a Certificate of Occupancy has been issued for the building.

The final plat procedure contained in subsection 16.04.030G of this chapter shall be followed. However, the final plat shall not be signed by the city clerk and recorded until the condominium has received:</p> <p style="padding-left: 40px;">a. A certificate of occupancy issued by the city of Ketchum; and</p> <p style="padding-left: 40px;">b. Completion of all design review elements as approved by the planning and zoning administrator.</p> <p>2. The council may accept a security agreement for any design review elements not completed on a case by case basis pursuant to title 17, chapter 17.96 of this code. Prior to final plat approval, the subdivider shall submit to the city a copy of the final bylaws and condominium declarations which shall be approved by the council and filed with the Blaine County recorder, including the instrument number(s) under which each document was recorded.</p>
			City Council Findings	<i>The Final Plat shall not be signed by the City Clerk until the Certificate of Occupancy has been issued.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.070.D	<p>Garage: All garages shall be designated on the preliminary and final plats and on all deeds as part of the particular condominium units. No garage may be condominiumized or sold separate from a condominium unit.</p>
			City Council Findings	<i>All below-grade garage parking spaces have been designated as Limited Common Area tied to a specific condominium unit.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.070.E	<p>Storage Areas: Adequate interior storage space for personal property of the resident of each condominium unit.</p>
			City Council Findings	<i>All four of the residential condominium units provide adequate interior storage space for personal property.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.070.F	<p>Maintenance Building: A maintenance building or room shall be provided of adequate size and location for the type and size of the condominium project for storage of maintenance equipment and supplies for common areas.</p>
			City Council Findings	<i>The architectural plans approved with the Building Permit correspond to the Preliminary Plat and include a maintenance room in the basement.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.070.G	<p>Open Space: The subdivider shall dedicate to the common use of the homeowners adequate open space of such shape and area usable and convenient to the residents of the condominium subdivision. Location of building sites and common area shall maximize privacy and solar access.</p>
			City Council Findings	<p><i>The development consists of an existing building located on a 5,500 sq ft Ketchum Townsite lot within the Community Core. The usable "open space" consists of outdoor terraces/decks for the second and third story residential units.</i></p> <p><i>The site plan approved through Design Review indicates a hardscape area with bicycle racks, which are designated as Common Area for the development.</i></p>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.060.H	<p>General Applicability: All other provisions of this chapter and all applicable ordinances, rules and regulations of the city and all other governmental entities having jurisdiction shall be complied with by condominium subdivisions.</p>

		City Council Findings	<i>All other provisions of this chapter and all applicable ordinances, rules, and regulations of the City and other governmental entities having jurisdiction shall be complied with by the condominium subdivision.</i>

<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.030.K.17	Certification and signature of the city engineer verifying that the subdivision and design standards meet all city requirements.
			City Council Findings	<i>As conditioned (#7), this standard will be met prior to recordation of the Final Plat. The signature block page shall include the City Engineer's approval and verification that the subdivision and design standards meet all City requirements.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.030.K.18	Certification and signature of the city clerk of the city of Ketchum verifying that the subdivision has been approved by the council.
			City Council Findings	<i>As conditioned (#7), this standard will be met prior to recordation of the Final Plat. The signature block page shall include the certification and signature of the City Clerk verifying the subdivision has been approved by City Council.</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	16.04.030.K.19	Notation of any additional restrictions imposed by the council on the development of such subdivision to provide for the public health, safety and welfare.
			City Council Findings	<i>N/A as no restrictions were imposed by the Ketchum City Council during review of the Preliminary Plat application.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.030.L	Final Plat Copies: Both a hard copy and a digital copy of the final plat shall be filed with the administrator prior to being placed upon the Council's agenda. A digital copy of the final plat as approved by the council and signed by the city clerk shall be filed with the administrator and retained by the city. The Applicant shall also provide the city with a digital copy of the recorded document with its assigned legal instrument number.
			City Council Findings	<i>This standard has been met.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.A	Required Improvements: The improvements set forth in this section shall be shown on the preliminary plat and installed prior to approval of the final plat. Construction design plans shall be submitted and approved by the city engineer. All such improvements shall be in accordance

				with the comprehensive plan and constructed in compliance with construction standard specifications adopted by the city.
			City Council Findings	<i>All required improvements were addressed through the Design Review and Building Permit approval process and are required to be completed prior to Council approval of the Final Plat.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.B	Improvement Plans: Prior to approval of final plat by the Council, the subdivider shall file two (2) copies with the city engineer, and the city engineer shall approve construction plans for all improvements required in the proposed subdivision. Such plans shall be prepared by a civil engineer licensed in the state.
			City Council Findings	<i>The Ketchum Streets Department and City Engineer reviewed and approved required improvements as part of the Building Permit review.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.C	Performance Bond: Prior to final plat approval, the subdivider shall have previously constructed all required improvements and secured a certificate of completion from the city engineer. However, in cases where the required improvements cannot be constructed due to weather, factors beyond the control of the subdivider, or other conditions as determined acceptable at the sole discretion of the city, the city council may accept, in lieu of any or all of the required improvements, a performance bond filed with the city clerk to ensure actual construction of the required improvements as submitted and approved. Such performance bond shall be issued in an amount not less than one hundred fifty percent (150%) of the estimated costs of improvements as determined by the city engineer. In the event the improvements are not constructed within the time allowed by the city council (which shall be two years or less, depending upon the individual circumstances), the council may order the improvements installed at the expense of the subdivider and the surety. In the event the cost of installing the required improvements exceeds the amount of the bond, the subdivider shall be liable to the city for additional costs. The amount that the cost of installing the required improvements exceeds the amount of the performance bond shall automatically become a lien upon any and all property within the subdivision owned by the owner and/or subdivider.
			City Council Findings	<i>Prior to signing and recording the Final Plat all required improvements shall either be completed, as evidenced by the issuance of a Certificate of Occupancy, or at the discretion of City Council, the Council may accept a performance bond for required improvements.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.D	As Built Drawing: Prior to acceptance by the city council of any improvements installed by the subdivider, two (2) sets of as built plans and specifications, certified by the subdivider's engineer, shall be filed with the city engineer. Within ten (10) days after completion of improvements and submission of as built drawings, the city engineer shall certify the completion of the improvements and the acceptance of the improvements, and shall submit a copy of such certification to the administrator and the subdivider. If a performance bond has been filed, the administrator shall forward a copy of the certification to the city clerk. Thereafter, the city clerk shall release the performance bond upon application by the subdivider.
			City Council Findings	<i>This standard will be met prior to City Council acceptance of improvements.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.E	Monumentation: Following completion of construction of the required improvements and prior to certification of completion by the city engineer, certain land survey monuments shall be reset or verified by the subdivider's engineer or surveyor to still be in place. These monuments shall have the size, shape, and type of material as shown on the subdivision plat. The monuments shall be located as follows: <ol style="list-style-type: none"> 1. All angle points in the exterior boundary of the plat. 2. All street intersections, points within and adjacent to the final plat. 3. All street corner lines ending at boundary line of final plat. 4. All angle points and points of curves on all streets. 5. The point of beginning of the subdivision plat description.
			City Council Findings	<i>The applicant shall meet the required monumentation standards prior to recordation of the Final Plat.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.F	Lot Requirements: <ol style="list-style-type: none"> 1. Lot size, width, depth, shape and orientation and minimum building setback lines shall be in compliance with the zoning district in which the property is located and compatible with the location of the subdivision and the type of development, and preserve solar access to adjacent properties and buildings. 2. Whenever a proposed subdivision contains lot(s), in whole or in part, within the floodplain, or which contains land with a slope in excess of twenty five percent (25%), based upon natural contours, or creates corner lots at the intersection of two (2) or more streets, building envelopes shall be shown for the lot(s) so affected on the preliminary and final plats. The

			<p>building envelopes shall be located in a manner designed to promote harmonious development of structures, minimize congestion of structures, and provide open space and solar access for each lot and structure. Also, building envelopes shall be located to promote access to the lots and maintenance of public utilities, to minimize cut and fill for roads and building foundations, and minimize adverse impact upon environment, watercourses and topographical features. Structures may only be built on buildable lots. Lots shall only be created that meet the definition of "lot, buildable" in section 16.04.020 of this chapter. Building envelopes shall be established outside of hillsides of twenty five percent (25%) and greater and outside of the floodway. A waiver to this standard may only be considered for the following:</p> <ul style="list-style-type: none"> a. For lot line shifts of parcels that are entirely within slopes of twenty five percent (25%) or greater to create a reasonable building envelope, and mountain overlay design review standards and all other city requirements are met. b. For small, isolated pockets of twenty five percent (25%) or greater that are found to be in compliance with the purposes and standards of the mountain overlay district and this section. <p>3. Corner lots outside of the original Ketchum Townsite shall have a property line curve or corner of a minimum radius of twenty five feet (25') unless a longer radius is required to serve an existing or future use.</p> <p>4. Side lot lines shall be within twenty degrees (20°) to a right angle or radial line to the street line.</p> <p>5. Double frontage lots shall not be created. A planting strip shall be provided along the boundary line of lots adjacent to arterial streets or incompatible zoning districts.</p> <p>6. Every lot in a subdivision shall have a minimum of twenty feet (20') of frontage on a dedicated public street or legal access via an easement of twenty feet (20') or greater in width. Easement shall be recorded in the office of the Blaine County recorder prior to or in conjunction with recordation of the final plat. Minimum lot sizes in all cases shall be reversed frontage lot(s).</p>
		City Council Findings	<i>Standard #1 has been met. Standards #2-5 are not applicable. Standard #6 has been met as the property has 55' of frontage on N. 1st Avenue and 100' of frontage on E. 7th Street.</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<p>16.04.040.G</p> <p>G. Block Requirements: The length, width and shape of blocks within a proposed subdivision shall conform to the following requirements:</p> <ul style="list-style-type: none"> 1. No block shall be longer than one thousand two hundred feet (1,200'), nor less than four hundred feet (400') between the street intersections, and shall have sufficient depth to provide for two (2) tiers of lots. 2. Blocks shall be laid out in such a manner as to comply with the lot requirements. 3. The layout of blocks shall take into consideration the natural topography of the land to promote access within the subdivision and minimize cuts and fills for roads and minimize adverse impact on environment, watercourses and topographical features. 4. Except in the original Ketchum Townsite, corner lots shall contain a building envelope outside of a seventy five foot (75') radius from the intersection of the streets.
		City Council Findings	<i>This application does not create a new block. This requirement is not applicable.</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<p>16.04.040.H</p> <p>Street Improvement Requirements:</p> <ul style="list-style-type: none"> 1. The arrangement, character, extent, width, grade and location of all streets put in the proposed subdivision shall conform to the comprehensive plan and shall be considered in their relation to existing and planned streets, topography, public convenience and safety, and the proposed uses of the land; 2. All streets shall be constructed to meet or exceed the criteria and standards set forth in chapter 12.04 of this code, and all other applicable ordinances, resolutions or regulations of the city or any other governmental entity having jurisdiction, now existing or adopted, amended or codified; 3. Where a subdivision abuts or contains an existing or proposed arterial street, railroad or limited access highway right of way, the council may require a frontage street, planting strip, or similar design features; 4. Streets may be required to provide access to adjoining lands and provide proper traffic circulation through existing or future neighborhoods; 5. Street grades shall not be less than three-tenths percent (0.3%) and not more than seven percent (7%) so as to provide safe movement of traffic and emergency vehicles in all weather and to provide for adequate drainage and snow plowing;

			<p>6. In general, partial dedications shall not be permitted, however, the council may accept a partial street dedication when such a street forms a boundary of the proposed subdivision and is deemed necessary for the orderly development of the neighborhood, and provided the council finds it practical to require the dedication of the remainder of the right of way when the adjoining property is subdivided. When a partial street exists adjoining the proposed subdivision, the remainder of the right of way shall be dedicated;</p> <p>7. Dead end streets may be permitted only when such street terminates at the boundary of a subdivision and is necessary for the development of the subdivision or the future development of the adjacent property. When such a dead end street serves more than two (2) lots, a temporary turnaround easement shall be provided, which easement shall revert to the adjacent lots when the street is extended;</p> <p>8. A cul-de-sac, court or similar type street shall be permitted only when necessary to the development of the subdivision, and provided, that no such street shall have a maximum length greater than four hundred feet (400') from entrance to center of turnaround, and all cul-de-sacs shall have a minimum turnaround radius of sixty feet (60') at the property line and not less than forty five feet (45') at the curb line;</p> <p>9. Streets shall be planned to intersect as nearly as possible at right angles, but in no event at less than seventy degrees (70°);</p> <p>10. Where any street deflects an angle of ten degrees (10°) or more, a connecting curve shall be required having a minimum centerline radius of three hundred feet (300') for arterial and collector streets, and one hundred twenty five feet (125') for minor streets;</p> <p>11. Streets with centerline offsets of less than one hundred twenty five feet (125') shall be prohibited;</p> <p>12. A tangent of at least one hundred feet (100') long shall be introduced between reverse curves on arterial and collector streets;</p> <p>13. Proposed streets which are a continuation of an existing street shall be given the same names as the existing street. All new street names shall not duplicate or be confused with the names of existing streets within Blaine County, Idaho. The subdivider shall obtain approval of all street names within the proposed subdivision from the County Assessor's office before submitting same to council for preliminary plat approval;</p> <p>14. Street alignment design shall follow natural terrain contours to result in safe streets, usable lots, and minimum cuts and fills;</p> <p>15. Street patterns of residential areas shall be designed to create areas free of through traffic, but readily accessible to adjacent collector and arterial streets;</p> <p>16. Reserve planting strips controlling access to public streets shall be permitted under conditions specified and shown on the final plat, and all landscaping and irrigation systems shall be installed as required improvements by the subdivider;</p> <p>17. In general, the centerline of a street shall coincide with the centerline of the street right of way, and all crosswalk markings shall be installed by the subdivider as a required improvement;</p> <p>18. Street lighting shall be required consistent with adopted city standards and where designated shall be installed by the subdivider as a requirement improvement;</p> <p>19. Private streets may be allowed upon recommendation by the commission and approval by the Council. Private streets shall be constructed to meet the design standards specified in subsection H2 of this section and chapter 12.04 of this code;</p> <p>20. Street signs shall be installed by the subdivider as a required improvement of a type and design approved by the Administrator and shall be consistent with the type and design of existing street signs elsewhere in the City;</p> <p>21. Whenever a proposed subdivision requires construction of a new bridge, or will create substantial additional traffic which will require construction of a new bridge or improvement of an existing bridge, such construction or improvement shall be a required improvement by the subdivider. Such construction or improvement shall be in accordance with adopted standard specifications;</p> <p>22. Sidewalks, curbs and gutters shall be required consistent with adopted city standards and where designated shall be a required improvement installed by the subdivider;</p> <p>23. Gates are prohibited on private roads and parking access/entranceways, private driveways accessing more than one single-family dwelling unit and one accessory dwelling unit, and public rights-of-way unless approved by the City Council; and</p> <p>24. No new public or private streets or flag lots associated with a proposed subdivision (land, planned unit development, townhouse, condominium) are permitted to be developed on parcels within the Avalanche Zone.</p>
--	--	--	--

			City Council Findings	<i>This proposal does not create new street. These standards are not applicable.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.I	<p>Alley Improvement Requirements: Alleys shall be provided in, commercial and light industrial zoning districts. The width of an alley shall be not less than twenty feet (20'). Alley intersections and sharp changes in alignment shall be avoided, but where necessary, corners shall be provided to permit safe vehicular movement. Dead end alleys shall be permitted only within the original Ketchum Townsite and only after due consideration of the interests of the owners of property adjacent to the dead-end alley including, but not limited to, the provision of fire protection, snow removal and trash collection services to such properties. Improvement of alleys shall be done by the subdivider as required improvement and in conformance with design standards specified in subsection H2 of this section.</p>
			City Council Findings	<i>This proposal does not create a new alley. Alley improvements were not applicable to this project.</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	16.04.040.J	<p>Required Easements: Easements, as set forth in this subsection, shall be required for location of utilities and other public services, to provide adequate pedestrian circulation and access to public waterways and lands.</p> <p>1. A public utility easement at least ten feet (10') in width shall be required within the street right-of-way boundaries of all private streets. A public utility easement at least five feet (5') in width shall be required within property boundaries adjacent to Warm Springs Road and within any other property boundary as determined by the City Engineer to be necessary for the provision of adequate public utilities.</p> <p>2. Where a subdivision contains or borders on a watercourse, drainageway, channel or stream, an easement shall be required of sufficient width to contain such watercourse and provide access for private maintenance and/or reconstruction of such watercourse.</p> <p>3. All subdivisions which border the Big Wood River, Trail Creek and Warm Springs Creek shall dedicate a ten foot (10') fish and nature study easement along the riverbank. Furthermore, the Council shall require, in appropriate areas, an easement providing access through the subdivision to the bank as a sportsman's access. These easement requirements are minimum standards, and in appropriate cases where a subdivision abuts a portion of the river adjacent to an existing pedestrian easement, the Council may require an extension of that easement along the portion of the riverbank which runs through the proposed subdivision.</p> <p>4. All subdivisions which border on the Big Wood River, Trail Creek and Warm Springs Creek shall dedicate a twenty five foot (25') scenic easement upon which no permanent structure shall be built in order to protect the natural vegetation and wildlife along the riverbank and to protect structures from damage or loss due to riverbank erosion.</p> <p>5. No ditch, pipe or structure for irrigation water or irrigation wastewater shall be constructed, rerouted or changed in the course of planning for or constructing required improvements within a proposed subdivision unless same has first been approved in writing by the ditch company or property owner holding the water rights. A written copy of such approval shall be filed as part of required improvement construction plans.</p> <p>6. Nonvehicular transportation system easements including pedestrian walkways, bike paths, equestrian paths, and similar easements shall be dedicated by the subdivider to provide an adequate nonvehicular transportation system throughout the City.</p>
			City Council Findings	<i>Standards #1-#5 are not applicable. Standard #6 was not required for the subdivision a building into condominiums on a single Ketchum townsite lot.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.K	<p>Sanitary Sewage Disposal Improvements: Central sanitary sewer systems shall be installed in all subdivisions and connected to the Ketchum sewage treatment system as a required improvement by the subdivider. Construction plans and specifications for central sanitary sewer extension shall be prepared by the subdivider and approved by the City Engineer, Council and Idaho Health Department prior to final plat approval. In the event that the sanitary sewage system of a subdivision cannot connect to the existing public sewage system, alternative provisions for sewage disposal in accordance with the requirements of the Idaho Department of Health and the Council may be constructed on a temporary basis until such time as connection to the public sewage system is possible. In considering such alternative provisions,</p>

				the Council may require an increase in the minimum lot size and may impose any other reasonable requirements which it deems necessary to protect public health, safety and welfare.
			City Council Findings	<i>The building is connected to the municipal sewer system.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.L	Water System Improvements: A central domestic water distribution system shall be installed in all subdivisions by the subdivider as a required improvement. The subdivider shall also be required to locate and install an adequate number of fire hydrants within the proposed subdivision according to specifications and requirements of the City under the supervision of the Ketchum Fire Department and other regulatory agencies having jurisdiction. Furthermore, the central water system shall have sufficient flow for domestic use and adequate fire flow. All such water systems installed shall be looped extensions, and no dead end systems shall be permitted. All water systems shall be connected to the Municipal water system and shall meet the standards of the following agencies: Idaho Department of Public Health, Idaho Survey and Rating Bureau, District Sanitarian, Idaho State Public Utilities Commission, Idaho Department of Reclamation, and all requirements of the City.
			City Council Findings	<i>The building is connected to the municipal water system.</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	16.04.040.M	Planting Strip Improvements: Planting strips shall be required improvements. When a predominantly residential subdivision is proposed for land adjoining incompatible uses or features such as highways, railroads, commercial or light industrial districts or off street parking areas, the subdivider shall provide planting strips to screen the view of such incompatible features. The subdivider shall submit a landscaping plan for such planting strip with the preliminary plat application, and the landscaping shall be a required improvement.
			City Council Findings	<i>This standard is not applicable.</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	16.04.040.N	Cuts, Fills, And Grading Improvements: Proposed subdivisions shall be carefully planned to be compatible with natural topography, soil conditions, geology and hydrology of the site, as well as to minimize cuts, fills, alterations of topography, streams, drainage channels, and disruption of soils and vegetation. The design criteria shall include the following: 1. A preliminary soil report prepared by a qualified engineer may be required by the commission and/or Council as part of the preliminary plat application. 2. Preliminary grading plan prepared by a civil engineer shall be submitted as part of all preliminary plat applications. Such plan shall contain the following information: a. Proposed contours at a maximum of five foot (5') contour intervals. b. Cut and fill banks in pad elevations. c. Drainage patterns. d. Areas where trees and/or natural vegetation will be preserved. e. Location of all street and utility improvements including driveways to building envelopes. f. Any other information which may reasonably be required by the Administrator, commission or Council to adequately review the affect of the proposed improvements. 3. Grading shall be designed to blend with natural landforms and to minimize the necessity of padding or terracing of building sites, excavation for foundations, and minimize the necessity of cuts and fills for streets and driveways. 4. Areas within a subdivision which are not well suited for development because of existing soil conditions, steepness of slope, geology or hydrology shall be allocated for open space for the benefit of future property owners within the subdivision. 5. Where existing soils and vegetation are disrupted by subdivision development, provision shall be made by the subdivider for revegetation of disturbed areas with perennial vegetation sufficient to stabilize the soil upon completion of the construction. Until such times as such revegetation has been installed and established, the subdivider shall maintain and protect all disturbed surfaces from erosion. 6. Where cuts, fills, or other excavations are necessary, the following development standards shall apply: a. Fill areas shall be prepared by removing all organic material detrimental to proper compaction for soil stability. b. Fills shall be compacted to at least ninety five percent (95%) of maximum density as determined by AASHO T99 (American Association of State Highway Officials) and ASTM D698 (American Standard Testing Methods).

				<p>c. Cut slopes shall be no steeper than two horizontal to one vertical (2:1). Subsurface drainage shall be provided as necessary for stability.</p> <p>d. Fill slopes shall be no steeper than three horizontal to one vertical (3:1). Neither cut nor fill slopes shall be located on natural slopes of three to one (3:1) or steeper, or where fill slope toes out within twelve feet (12') horizontally of the top and existing or planned cut slope.</p> <p>e. Toes of cut and fill slopes shall be set back from property boundaries a distance of three feet (3'), plus one-fifth (1/5) of the height of the cut or the fill, but may not exceed a horizontal distance of ten feet (10'); tops and toes of cut and fill slopes shall be set back from structures at a distance of at least six feet (6'), plus one-fifth (1/5) of the height of the cut or the fill. Additional setback distances shall be provided as necessary to accommodate drainage features and drainage structures.</p>
			City Council Findings	<i>These standards are not applicable.</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	16.04.040.O	<p>Drainage Improvements: The subdivider shall submit with the preliminary plat application such maps, profiles, and other data prepared by an engineer to indicate the proper drainage of the surface water to natural drainage courses or storm drains, existing or proposed. The location and width of the natural drainage courses shall be shown as an easement common to all owners within the subdivision and the City on the preliminary and final plat. All natural drainage courses shall be left undisturbed or be improved in a manner that will increase the operating efficiency of the channel without overloading its capacity. An adequate storm and surface drainage system shall be a required improvement in all subdivisions and shall be installed by the subdivider. Culverts shall be required where all water or drainage courses intersect with streets, driveways or improved public easements and shall extend across and under the entire improved width including shoulders.</p>
			City Council Findings	<i>This application is for the subdivision of a building on an existing lot within the Ketchum townsite that has frontage on an existing street. No new streets are proposed and no alteration to topography are proposed with this application.</i>
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	16.04.040.P	<p>Utilities: In addition to the terms mentioned in this section, all utilities including, but not limited to, electricity, natural gas, telephone and cable services shall be installed underground as a required improvement by the subdivider. Adequate provision for expansion of such services within the subdivision or to adjacent lands including installation of conduit pipe across and underneath streets shall be installed by the subdivider prior to construction of street improvements.</p>
			City Council Findings	<i>Natural gas, telephone, cable, and electricity are installed or in the process of being installed prior to Certificate of Occupancy for the building.</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	16.04.040.Q	<p>Off Site Improvements: Where the off site impact of a proposed subdivision is found by the commission or Council to create substantial additional traffic, improvements to alleviate that impact may be required of the subdivider prior to final plat approval, including, but not limited to, bridges, intersections, roads, traffic control devices, water mains and facilities, and sewer mains and facilities.</p>
			City Council Findings	<i>No off-site improvements are required.</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	16.04.040.R	<p>Avalanche And Mountain Overlay: All improvements and plats (land, planned unit development, townhouse, condominium) created pursuant to this chapter shall comply with City of Ketchum Avalanche Zone District and Mountain Overlay Zoning District requirements as set forth in Title 17 of this Code.</p>
			City Council Findings	<i>N/A</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	16.04.040.S	<p>Existing natural features which enhance the attractiveness of the subdivision and community, such as mature trees, watercourses, rock outcroppings, established shrub masses and historic areas, shall be preserved through design of the subdivision.</p>

CONCLUSIONS OF LAW

1. The City of Ketchum is a municipal corporation established in accordance with Article XII of the Constitution of the State of Idaho and Title 50 Idaho Code and is required and has exercised its authority pursuant to the Local Land Use Planning Act codified at Chapter 65 of Title 67 Idaho Code and pursuant

to Chapters 3, 9 and 13 of Title 50 Idaho Code to enact the Ordinances and regulations, which Ordinances are codified in the Ketchum City Code (“KMC”) and are identified in the Findings of Fact and which are herein restated as Conclusions of Law by this reference and which City Ordinances govern the Applicant’s Condominium Subdivision Final Plat application for the development and use of the project site.

2. The Council has authority to hear the applicant’s Condominium Subdivision application pursuant to Chapter 16.04 of Ketchum Code Title 16.
3. The City of Ketchum Planning Department provided adequate notice for the review of this application.
2. The Condominium Subdivision Preliminary Plat application is governed under Sections 16.04.010, 16.04.020, 16.04.030, and 16.04.070 of Ketchum Municipal Code Chapter 16.04.
3. The proposed Condominium Subdivision for the 100 Seventh Condominiums meets the standards for Preliminary Plats under Title 16 of Ketchum Municipal Code subject to conditions of approval.

DECISION

THEREFORE, the Ketchum City Council **approves** this Condominium Subdivision Final Plat application this Monday, November 18th, 2019 subject to the following conditions:

CONDITIONS OF APPROVAL

1. The Covenants, Conditions, and Restrictions (CC&R’s) shall be simultaneously recorded with the Final Plat, and the City will not now, nor in the future, determine the validity of the CC&R’s.
2. The failure to obtain Final Plat approval by the Council, of an approved Preliminary Plat, within two (2) years after approval by the Council shall cause all approvals of said preliminary plat to be null and void.
3. The recorded plat shall show a minimum of two Blaine County Survey Control Monuments with ties to the property and an inverse between the two monuments. The Survey Control Monuments shall be clearly identified on the face of the map.
4. An electronic CAD file shall be submitted to the City of Ketchum prior to final plat signature by the City Clerk. The electronic CAD file shall be submitted to the Blaine County Recorder’s office concurrent with the recording of the Plat containing the following minimum data:
 - a. Line work delineating all parcels and roadways on a CAD layer/level designated as “parcel”;
 - b. Line work delineating all roadway centerlines on a CAD layer/level designated as “road”; and,
 - c. Line work that reflects the ties and inverses for the Survey Control Monuments shown on the face of the Plat shall be shown on a CAD layer/level designated as “control”; and,
5. All information within the electronic file shall be oriented and scaled to Grid per the Idaho State Plane Coordinate System, Central Zone, NAD1983 (1992), U.S. Survey Feet, using the Blaine County Survey Control Network. Electronic CAD files shall be submitted in a “.dwg”, “.dgn” or “.shp” format and shall be submitted digitally to the City on a compact disc. When the endpoints of the lines submitted are indicated as coincidental with another line, the CAD line endpoints shall be separated by no greater than 0.0001 drawing units.
6. The applicant shall provide a copy of the recorded Final Plat and the associated condominium owners’ documents to the Planning and Building Department for the official file on the application.
7. The Final Plat mylar shall contain all items required under Title 50, Chapter 13, Idaho Code as well as all items required pursuant to KMC §16.04.030J including certificates and signatures.
8. All governing ordinances and department conditions pertinent to the Fire Department, Building Department, Utilities Department, Street Department and Ketchum City Engineer shall be met.

9. Pursuant to KMC §16.04.070.C, the final plat shall not be signed by the City Clerk and recorded until the condominium has received: (a) a Certificate of Occupancy issued by the City of Ketchum and (b) completion of all Design Review elements as approved by the Planning & Zoning Administrator.

Findings of Fact **adopted** this 18th day of November 2019

Neil Bradshaw, Mayor

Robin Crotty, City Clerk
