Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

Recommendation To Conduct Public Hearing and Approve for First Reading Ordinance 1226 Amending KMC Section 17.12.040. Dimensional Standards, CC District Matrix to Modify the Fourth-floor Setback for Projects Where 100% of the Residential Units are Community or Workforce Housing,

Recommendation and Summary

Staff is recommending the Council conduct a public hearing and approve first reading of Ordinance 1226 and adopt the following motion:

I move to approve the first reading of Ordinance 1226 and read by title only by the City Clerk

The reasons for the recommendation are as follows:

- On August 10, 2021, the Planning and Zoning Commission recommended approval of the proposed text amendment.
- The proposed amendment provides greater design flexibility for configuring the fourth floor of community housing projects. By averaging the 10-foot setback, some portions of the building will be setback greater than 10 feet and some portions may be closer than 10 feet.

PROPOSED AMENDMENT

Amend KMC Section 17.12.040, Fourth Floor Setback for Community Housing Projects

Section 17.12.040, Dimensional Standards, CC District Matrix, establishes the development standards for projects within the Community Core District (CC). Currently, projects with a fourth floor are required to set the fourth floor back 10 feet on all sides. Uninhabitable structures and equipment are required to be setback 10 feet from the building façade.

Staff is recommending the Council conduct a first reading of Ordinance 1226 to amend the fourth-floor setback requirement in the Community Core District for projects where 100% of the residential units are community or workforce housing (Attachment A). The reason for this change:

- The proposed change provides for greater design flexibility. By averaging the 10-foot setback, some portions of the building will be setback greater than 10 feet and some portions may be closer than 10 feet.
- Community housing projects typically provide more outdoor space for residents than market rate development. By averaging the setback, a project can aggregate open space to benefit the residents.
- Averaging allows greater flexibility in the placement of stairwells and elevator shafts.

As proposed, the fourth-floor setback for community housing projects would be an average 10-foot setback instead of a uniform 10-foot setback. This approach provides greater design flexibility in the placement of features such as elevator shafts and stairwells, facilitates a reduction in the perceived building mass, and provides for larger open space areas.

The Planning and Zoning Commission and City Council retain the authority to review and determine if the fourth-floor design and placement is appropriate. In addition to Planning and Zoning Commission design review, projects with fourth floors are subject to City Council review and approval. While the proposed amendment allows design flexibility for the fourth floor, the project design is still subject to review and approval by both the Planning and Zoning Commission and City Council.

Planning and Zoning Commission Action

On August 10, 2021, the Planning and Zoning Commission conducted a public hearing on the proposed amendment. The Planning and Zoning Commission unanimously recommended approval of the proposed amendment to the City Council.

PROCESS

Consistent with KMC 17.152, the Commission conducted a public hearing on the proposed amendment to the Zoning Ordinance and recommended approval to the City Council. Notice of the City Council public hearing was published in the Mountain Express on September 15, 2021, and notice was sent in accordance with KMC Chapter 17.152. The Council can approve, amend or reject the proposed amendment.

PUBLIC INPUT

No written public comment was received between the date the hearing notice was published and publication of this staff report for the October 4, 2021, hearing. Any written public comment received prior to the public hearing will be distributed to the Council and included in the public record.

FINANCIAL IMPACT

There is no financial impact as a result of the proposed recommendation.
