Commissioners:

This makes no sense. You have consistently bemoaned the replacement of LTRs by STRs. Why would you approve making it easier to building even more STRs in Ketchum? No matter what a property owner promises you in a meeting, they can rent it out AirBNB the day it is built. How is this good for the community? Who's interests are you representing—the people who live here or people trying to make money off of the town?
