Historic Preservation Commissioners
City of Ketchum
Ketchum, Idaho

Recommendation To Review and Discuss Background Information

Recommendation and Summary

At the April 20, 2021 meeting staff referenced a number of background documents available for Commission review.

The City of Ketchum Website contains a page on Historic Preservation and Community Character. The website provides links to all the meetings, reports, background documents and history related to all of the historic preservation efforts that have occurred to date. The information can be found at the link below:

Of particular note is the adopted Interim Ordinance On Preservation that contains the current standards in place in Ketchum for historic structures along with the list of significant structures. Updating the list of historic structures will be the first task of the HPC.

In addition to the interim ordinance, the Ketchum Municipal Code sets forth the role and authority of the HPC. That information can be found in KMC Chapter 4.08 at the link below:

The State of Idaho has also adopted standards a city must follow. Those standards are found at the link below:

Staff recommends the HPC review the information provided and staff will address any questions the Commission at the May 4, 2021 meeting.
