Art and History Opportunities with Annual Work Plan Initiatives

January 15, 2026

PURPOSE

Align the Arts and Historic Preservation Commissions' work with city-wide master planning.

Ketchum's Long-Term Planning Framework

KETCHUM'S LONG-TERM PLANNING FRAMEWORK

2023, The City adopted a new integrated planning framework that aligns long-term visionary goals with mid- and short-term work plans. This framework, also referred to as the Citywide Work Plan, contains three parts:

COMPREHENSIVE PLAN

Broad goals and policies
10-20 years

GUIDEBOOK

Strategies and objectives for policies
4 years

WORK PLAN

Tasks by dept.
Annual

PART 2: CITY GUIDEBOOK

The City's policies for future

Implementation of this Plan serves as the bridge between the Plan and the City's more detailed annual work plan by outlining the top priorities for a four-year period based on the implementation strategies in the Plan.

PART 3: ANNUAL WORK PLAN

The annual work plan identifies the projects each department will be working to complete in a given year based on the priorities identified in the Guidebook.
