Mayor Bradshaw and City Councilors  
City of Ketchum  
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

### **Recommendation to Reimburse Andrew Castellano for Costs to Underground Power Lines**

#### Recommendation and Summary

In July 2019 the City Council agreed to reimburse Andrew Castellano for a portion of the cost for undergrounding the power lines in the alley north of 7<sup>th</sup> Street to just north of 8<sup>th</sup> Street between Washington Avenue and Warm Springs Road. The work is now complete, and Andrew is requesting reimbursement.

- In July the Council agreed to reimburse 25% of the construction costs not to exceed \$30,139.
- The construction costs totaled \$97,102 and 25% city reimbursement would total \$24,275

I move to authorize reimbursement to Andrew Castellano in the amount of \$24,275.

#### Financial Impact

There are currently sufficient funds in the Capital Improvement account to support this reimbursement
