Subject: Policies against the working class.

This email is largely about the parking lot on Washington Ave that I believe to be under utilized and mismanaged at the expense of the people working in Ketchum but unable to live in Ketchum (ie most people). As someone raised here and working here most of my adult life and now hiring others to work here. The trend of people being forced further and further south is ever apparent as our country and particularly our county faces an ever worsening housing and cost of living crisis. This issue obviously leaves a bad taste in the mouth of those affected by it as we watch the wealthy seemingly feign concern, while ultimately doing little to nothing to actually solve the issues.

Now that I have that out of my system. I'd like to speak about the parking lot and how it is anti workforce in its policy. The entire core of the town is customer parking. 15 minutes to 2 hrs long. Then we have a parking lot that is paid parking but again free for the wealthy customers. **The people working have to pay while the wealthy shopping do not.** The lot is never full, often only a few spots taken up. Before the lot was expanded and it had about 1/3rd the spots and was all day parking it still was rarely full, granted that was before the limelight was added.

My suggestion is you accept the reality that this town is a long long way from the people working in it also living in it and need to make policies to support the people that commute up here. Allow employees that work in Ketchum to bring a pay stub and a license plate number (just keep them in an excel spreadsheet) to get a parking pass that expires after some amount of months (long enough to not be inconvenient but short enough that it mostly just covers active employees and be okay with the fact that some people may try to abuse it, don't punish the many for the actions of the few). Let them display this in dashboard/windows to just completely circumnavigate the paid parking lot on Washington. This way if it has unforeseen negative impacts you can just choose to not renew the parking passes and this goes directly to the employees so the businesses aren't exploiting the passes or selling them or some other unethical behavior.

Don't put it to public vote, don't hold meetings to get the local opinions or spend tons of money doing community outreach polling or holding luncheons for your wealthy citizens. Make policy to support the working class backbone of your town before the straw that breaks its back in unexpectedly laid. You can make policies to try to support them but they can never vote on them, it is like you're trying to get the Turkeys to vote for Thanksgiving. It isn't going to happen, even after it is too late.

Sincerely,

Mr. Brad Little
Governor
State of Idaho

Re: *Emergency Request*: Shutdown the Vaccine Killing Fields

Dear Governor Little:

As a senior member of the Idaho Bar and longtime resident of the state, I urge you to immediately suspend all covid-19 “vaccination”; to come to the aid of those many Idahoans being sickened, crippled and killed; and to launch investigations into wrongdoing on the part of vaccine perpetrators and collaborators.

1

By now it is clear that the casualties of covid vaccines in Idaho and across America are exploding and are being hidden by active collusion between the makers, “the authorities” including yourself as Idaho’s chief executive, and a cowardly complicit Idaho press.

The victim class is immense. People of all ages, body types, races and gender are going down hard, often exceptionally painfully, with heart attacks, massive blood clots, myocarditis and inflamed vascular systems, seizures, cancers, multiple organ failures, collapsed immune systems, mysterious diagnoses and new, rare disorders. How about Adult Sudden Death Syndrome – including for young, healthy athletes?

For each, the media reporting is the same – “Such a kind and wonderful person, will be hugely missed, we will never forget her.” And, “Cause of Death Unknown” – with no mention of the fact that “She was fully vaccinated.”

America doesn’t want to face the fearful possibility that what we have on our hands is a mass experimentation crime against humanity with lethal consequences, whereby a trusting public is wrongfully induced and coerced to submit to deadly injections by false representations of safety and efficacy and false authority of law; and perpetrated by government with full collaboration and complicity of the press who together are doing the bidding of a powerful pharma-medical cartel of racketeers whose every motivation is to keep America tricked, sick and subjugated.

2

You, sir, and the other many vaxScam perpetrators and collaborators in government and the press share one thing in common: You personally knew nothing of vaccines and have no idea what the short- and long-term health impacts of mass vaccination would be. And yet you have proceeded blindly down the road pushing toward universal injections, threatening the entire population with what many consider to be deadly force, while choking out and even threatening the many voices of reason who from the start of covid “vaccination” have warned of its dire consequences that are now erupting. The fear, sir, is that your “vaccine” will spell endgame, not for “the virus”, but of sanity, of health and even life and of any future for Idahoans free of deviant racketeers.

Whom did you and your fellow colluders trust? Those who have been represented to be experts have turned out also to be no-nothings, abject fraudsters, or both. In assessing credibility, one must look at the track record of the covid vaccine drug companies who prior to the “covid era” were found civilly and criminally responsible for deceptive practices connected with the sale of some of their leading drugs causing serious illness, crippling and many deaths. The pattern of illicit conduct has included hiding casualties, falsification of safety and efficacy, and bribing government officials. We certainly have had no reason now to trust our health and lives to such sketchy organizations.

As many forensic experts have maintained from the start, every component of the “covid narrative” is a great lie, completely lacking evidentiary support. All covid testing is flawed and reported incidence rates are completely phony. Further, all covid “health measures” especially masking and vaccination are the exact opposite of what a sane people should do, providing absolutely no protection but instead ruining health and gravely endangering life.

Many maintain that what is emerging today, in plain public view, is the shocking reality of covid-19 as the greatest criminal enterprise in the history of the United States, involving fraud, racketeering and mass human casualties, and effectuated in Idaho through wildly illegal and unconstitutional “emergency” orders from you as Governor and from your collaborating minions in the press and state and local government including the attorney general, mayors, city councilors, county commissioners, and school boards. [See for example, *Idaho covidScam – Law, Ethics, Sanity and Survival.*]

3

The predator-perpetrator class is many in number, and now stripped down for all to see . . . Warp Speed Trump, Biden, Fauci and Gates certainly head the list, together with their WHO and CDC lackeys, in bed with Big Pharma vaccine producers who are proving themselves once again to be dangerous drug merchants feasting on deceit, illness and death.

In recent months, you have sought to distance yourself from vaccine responsibility, blaming Biden for this and that, but it was you, sir, who let covidScam into Idaho in the first place, it was you who stood with sick grin and dripping needle enticing even the youngest of children, and even today you continue to hawk the filthy wares. It is clear now that your assigned role in vaxScam was to inject as many Idahoans with as many shots as possible before we might awake to the crimes and casualties, knowing full well that those most likely to fall victim to taking the jab would be those without the resources to suspect or detect deception or to appreciate the gravity of the threat to health and life. Just as was the case with mandated masking, the impact has been especially devastating on all children and the working class with its disproportionate racial minority makeup.

It was you, Governor, whom Idahoans trusted. No one will forget your infamous assurance to all Idahoans: “By rolling out the vaccine we will bring an end to covid-19 in Idaho”. Your contentions that the covid vaccine is safe and effective, that good health was “just a shot away”, and that universal vaccination is needed to protect lives and return life to normal, are great falsities. As is becoming increasingly clear from all pronouncements from the WHO and CDC who have no accountability or jurisdictional authority in Idaho and yet whose dictates you have imposed without hesitation on all Idahoans, there will be strain after new strain of covid and mutated variants, requiring new experimental vaccines after booster vaccines, each with partial coverage, not quite sufficient (so the story will go) to repair the disintegrating human organism muzzled/choked-out by masking and buckling under every jab.

Far from bringing the Idaho covid crisis to an end as you assured, upon which so many relied in surrendering their bodies to jab after jab, the “vaccine” appears but the next aggravation in state infringement on individual freedoms with calamitous health consequences, causing serious illness and early death for many. And yet the truth, Governor, is that you are still using every tool at your disposal, at great taxpayer expense, to force

vaccination on all adults and children of all ages in Idaho, while ignoring and indifferent to the mounting misery in the vaccine Killing Fields across the state.

4

American constitutional law scholars hotly dispute the contention made by your administration, including Attorney General Wasden, that the US Supreme Court has ruled universal vaccination laws to be constitutional.

The public tends to view the United States Supreme Court as an institution of integrity, wisdom and truth, a rudder for society that serves as a check against constitutional infringements; such that a Supreme Court ruling validating compulsory vaccines must mean that submitting to injection is the right and safe thing to do and that there is no need for personal scrutiny before deciding to vaccinate oneself and one's family. What a mistake.

In the 1905 case of *Jacobsen v. Massachusetts* claimed as your authority, the Supreme Court upheld the constitutionality of a local law requiring smallpox vaccination for all adults, where the only penalty for refusal to submit was a modest "deprivation of property" in the form of a monetary fine of \$5, equivalent to almost \$170 today. Importantly, the law in question did not require that anyone be forcibly vaccinated. Jacobsen was not threatened nor was he "deprived" in any way of life or liberty or any inalienable right. He never submitted to vaccination nor was he further asked to do so. He was not jailed, he was not denied gainful employment, the right to travel freely, nor access to public establishments.

By contrast, any law imposing significant "deprivations" of "life or liberty" or of "inalienable rights", such as the right to be free from government forced injections and from obstructions and poisoning of free breathing, requires the strictest of Due Process scrutiny and protections which were not required in *Jacobsen* because the deprivation there was constitutionally insignificant.

How many Idahoans succumbed to covid vaccination in reliance on asserted US Supreme Court "authority" that does not exist? And what kind of leadership would assert such false authority, knowing and intending that it would cause many Idahoans to believe in the falsity and make perhaps the biggest mistake of a lifetime?

5

In terms of coming to the aid, we must believe that it is not too late for vaccinated Idahoans, and we must dedicate our best resources to understand the nature of the illnesses being inflicted and to help the vaccine impaired recover good health.

A critically important lesson learned from covidScam is to always scrutinize closely and never again to rely exclusively on medical-pharma solutions to any health problem. The fundamentals of sound nutrition, sleep, movement, and breathing must always be of primary importance. Idahoans understand that our health, hope and future are tied to the great outdoors, the wrap of mother nature around us, the fresh air, the open spaces, the friendly people, the sports and recreation, and free dialogue, discourse and debate. In the assessment of illness and remedies in this era of covidScam, the natural approach to health has shamefully been completely ignored. Never again.

6

Benjamin Franklin insisted that "the first responsibility of every citizen is to question authority." Now more than ever, at this most important time in our lives and the history of the Nation, his words must be heeded.

How is it possible that very few children in Idaho know anything about US constitutional protections of civil liberties that would cause them to question any mandates and messaging of masking and alleged "vaccinations"? What we must be insisting as the most Essential learning for all children is never to blindly accept and adapt to any narrative coming from any governmental entity or person. Students must be taught that nowhere in the USA does any governmental entity at any level have the right to call the shots and loosen and

tighten restrictions on Inalienable Rights as it sees fit, like the right to breathe, gather and speak freely, or the right not to be coerced to inject suspiciously deadly drugs.

All students must understand that Due Process of Law is the most treasured inheritance from Mother England, of Magna Carta magnificence, the distinguishing cornerstone of individual liberties and democracy of the United States of America, and the one mechanism that protects us from dictatorship. They also must understand that due process is also the protection of sanity: It is the vehicle by which an entire people assures that they are never going to be captivated by or subjugated to a false narrative that involves them losing their liberties or life without any justification having been shown. In the USA, surely there is no more important learning for children – yet absent in Idaho education. Is it any wonder that so many Idahoans are insisting, Shut down all public schools now?

7

Lastly, Governor, there is nowhere to run, nowhere to hide. Idaho is on to you, as we are on to all sycophant mayors, city councilors, county commissioners, and school board trustees, and press, the whole rotten lot of you who could have stood up and protected the public but instead chose to oversee the tyranny of covidScam and the human rights butchery of its Measures, from choking out and poisoning every breath throughout two years of masking to injecting and injecting with noxious needle.

History warns us that when losses of loved ones mount, and the fraud and tyrannical ruination of lives and the rule of law are exposed, public rage can explode into reckless retaliation and breakdown of sanity and law and order. We must never allow this to happen, anywhere in America.

From your illegal *ad infinitum* extension of emergency powers for an entire two years past May 2020 to unconscionably coercing all Idahoans of all ages to Just Say Yes to repeated poisoned penetrations, you have shredded the rule of law like no Idahoan ever before you. To save yourself, and all of us, it is now your time to reverse course, to own up to the error of your ways, and to return to the Rule of Law in Idaho. In the view of many, this must include shutting down all vaccine activities in Idaho, freezing all assets of racketeering for judicial disposition, and again, coming to the aid of your vaccine damaged victims and their devastated families.

Idaho is done with All Things covid, which as it turns out, is the grandest of deceptions existing only in the minds of history's greatest of psychopaths and their desperate prey.

And so, Governor, we must insist: Put That Needle Down!

Breathe Free, Idaho, forever!

I hope you understand.

Sincerely,

James Hungelmann
