CITY COUNCIL MEETING AGENDA MEMO

Meeting Date: Staff Member/Dept:

Agenda Item:

Recommended Motion:

Reasons for Recommendation:

- The current hot patching unit is nearing the end of its useful service life and can no longer handle the current needs of the Streets Department. Replacement is necessary to continue efficient street operations.
- The unit is not heating the asphalt sufficiently. Staff must use a torch to manually heat the asphalt once it is dispersed on the ground. This process equates to additional fuel and labor costs, putting hot patching projects behind schedule and over budget.

Sustainability Impact:

- The purchase of modern equipment will ultimately result in reduced emissions compared to using older, outdated unit.

Financial Impact:

- The replacement hot patching unit was originally included in the FY 2028 Capital Improvement Plan. However, due to recent issues with the Hot Patcher, the Streets Department has determined the replacement of the equipment is now a high priority.
- The FY 2026 Capital Contingency funds are proposed to be used for the new hot patching unit.

Attachments:

1. Hot Patching Unit Invoice
2. Hot Patching Unit Purchase Order

CITY OF KETCHUM

PO BOX 2315 * 191 5TH ST. * KETCHUM, ID 83340
