## PART B

### Introduction and Background:

We have an applicant, Arden Homes, who is proposing a text amendment that would add a second and new PUD-CM (Planned Unit Development – Commercial Mixed Uses) to the zoning ordinances (Sec. 32-248.1). We currently have in Sec. 32-248 Planned Unit Development (PUD), and it mainly applies to residential uses. In the past, our PUDs have consisted of single-family, multi-family apartments or townhomes with up to 15% of the total tract that could be used for business-type uses that would service the residential uses.

The new PUD would apply to commercial uses only, with apartments being the only residential type of use. Most apartment uses are residential by building code and some zoning codes, but are treated as commercial uses because they are not owner-occupied and owned by a corporation. So, in the new PUD-CM, use would include various types of commercial, light-industrial, and residential apartment uses. It would allow for a similar type of setbacks and dimensional requirements.
