RE: Proposal for New Concrete Plaza
Hunter Wright Stadium Kingsport TN

Chris; I am pleased to provide you a quote of \$117,074.00 for the construction of a new 7,300 +/- square foot concrete plaza.

This proposal includes all labor, material, and equipment to perform the following scope of work:

- Demolition and disposal of existing chain link fence that is impacted by the new plaza area.
- Grading to prepare subgrade for new concrete plaza.
- Haul off and disposal of dirt spoils.
- Place 4" of stone for subbase
- Pour and place a 4" concrete slab with air entrained concrete
- Provide and install 200'(+/-) x 4' galvanized chain link fence
 - ✓ 80' (+/-) of this fence will have a 6' high mesh net placed on top of the 4' high chain link fence.
 - ✓

I've checked on the availability of the fence and mesh net and right now everything is available in 3-5 weeks. If you choose to move forward with this the May 1 deadline should not be a problem as long as we get turned loose in the next 1 – 1 ½ weeks.

Chris, thank you for the opportunity to provide this proposal. Once you've had a chance to review this proposal feel free to contact me with any questions.

Regards

Pat Breeding
