Recommendation:

Approve the Resolution

Executive Summary:

In 2019, as part of a \$6.8 million improvement project at Warrior's Path State Park, the State of Tennessee requested that the City install a larger waterline on park property to serve their new marina and recreation building. The waterline was needed to provide adequate fire service to those buildings. Construction of this waterline was funded jointly by the City of Kingsport and Sullivan County. We installed the waterline in 2022 and it is now in service.

The State of Tennessee has provided a permanent utility easement for this public waterline on State property for the Mayor's signature.
