Executive Summary:

If approved, this resolution authorizes the renewal of the generator services awarded to Nixon Power Services for the projected annual service cost of \$62,387.00.

Proposals were opened on January 5, 2022 for Generator Services for City of Kingsport and Kingsport City Schools. The advertisement for the Request for Proposals was published in the Kingsport Times News on December 19, 2021 and placed on our website for 17 calendar days. The City's Request for Proposal included a renewal option clause which allows the City to renew the award for an additional 12-month period if costs are acceptable to both parties with BMA approval.

It is the recommendation of the committee to renew the award for generator services with Nixon Power Services. Nixon Power Services has 15 Kohler trained and certified technicians that live and work in this area. They also have an office with a warehouse located in Blountville and are offering no increase in cost. They have held the same bid price since the award of the generator services.
