Planning Department Summary			
- The applicant has submitted a request for the Planning Commission to reconsider the previously reviewed rezoning application following a negative recommendation, citing updates to the zoning development plan. - The Planning Commission originally heard the request at its September 2025 meeting, where the applicant sought to rezone from R-1C to B-3. At that time, staff noted the surrounding properties were zoned R-1C and expressed concerns that the proposed B-3 district would be incompatible with nearby single-family uses and inconsistent with the 2030 Future Land Use Plan. Staff recommended a negative recommendation, and the Commission voted 7–0 to forward a negative recommendation to the Board of Mayor and Aldermen. - In accordance with established procedures, the Commission may, at its discretion, determine whether the circumstances justify rehearing the case. The determination of whether to reconsider the rezoning request rests entirely with the Planning Commission.

Re: 717, 721 & 725 Fairview Avenue Rezoning

To: Kingsport Regional Planning Commission

Thank you for taking the time to reconsider our rezoning request. After hearing input provided by staff and the Commission, DTWood Engineering (DTWE) was engaged to help come up with a plan that might work. Chris Alley with DTWE has provide and updated concept plan that includes in and out access on Stone Drive. He has communicated with TDOT, and this plan reflect their conversations. I would also propose the following and would memorialize in the property deed and bind future owners to these conditions:

1. Plant 1.5 times the trees that the buffer currently requires on the southern property boundary.
2. Agree to allow right turn only, into the property, for traffic traveling north on Fairview Avenue, a left turn entrance for traffic traveling south on Fairview Avenue would not be provided. The right turn only provision shall automatically be voided if an additional lot is added to the southern side of the property.

I am happy to provide additional information or answer any questions

Regards,

John Rose
