

AGENDA ACTION FORM

Consideration of a Resolution to Enter into an Agreement with Barge Design Solutions to Provide Bidding and Construction Services for the Reedy Creek Trunk Sewer Replacement Project (Lovedale to Clinchfield)

To: Board of Mayor and Aldermen
From: Chris McCartt, City Manager *CM*

Action Form No.: AF-79-2026
Work Session: April 6, 2026
First Reading: N/A
Final Adoption: April 7, 2026
Staff Work By: W. Stallard
Presentation By: R. McReynolds

Strategic Focus Area: Sustainable Infrastructure

Recommendation:
Approve the Resolution

Executive Summary:
If approved, this resolution would authorize an agreement with Barge Design Solutions for \$276,000.00 to provide Bidding and Construction Services for the Reedy Creek Trunk Sewer Replacement Project (Lovedale to Clinchfield).

The Reedy Creek Trunk Sewer Replacement project is a culmination of efforts to carry out key aspects of the Wastewater System Master Plan developed in 2009. The entire project includes approximately 21,000 linear feet of 36" sewer line replacement beginning at Lovedale Drive and ending near the west side of John B. Dennis Highway (SR 93). The overall project will increase capacity while reducing infiltration and inflow with new infrastructure and will be broken into several phases.

The first phase of work will start at Lovedale Dr and continue past Clinchfield Dr near Cassell Dr. This phase includes approximately 2,400 linear feet of 36" sewer main and 2,100 linear ft of cast in place lining of an existing 18" sewer main.

City staff recommends entering into this agreement with Barge Design Solutions to execute Tasks 1, 2, and 3 for \$276,000, in accordance with the attached proposal.

Project funding resides in SW410.
