Recommendation:
Approve the Resolution.

Executive Summary:
Request for Proposals were received on December 21, 2023 for rental of equipment that will be used to assist City crews as they pave select roadways. The equipment consist of a large milling machine that removes the existing asphalt wearing surface before placing the new surface, and a closed cab sweeper to assist with cleaning up milling debris. The RFP contained language that allows the City to renew the rental agreement on an annual basis providing all terms, conditions and costs are acceptable to both parties.

Rental of this equipment is necessary as the city doesn't currently own either machine. Additionally, based on the city's paving schedule coordinating with a contractor for the use of this equipment would be inefficient and the condition of streets to be paved in calendar year 2025 isn't conducive to simply overlaying the existing roadways. These machines are essential in keeping the normal day-to-day operations going while City crews pave.

It is more cost effective and efficient for city personnel to perform certain paving tasks with leased equipment, therefore it is recommended to renew the equipment rental with Stowers Machinery for eight months in the amount of \$175,400 for in-house City paving efforts. This also includes fees associated with delivery and pickup of the equipment.

Funding is available and identified in GP2400.
