

City of Kingsport

Projects in Pictures

1 Allandale Improvements

The project is nearly complete, with just adding topsoil and seeding left on the list.

3 Main Street Rebuild Project

Crews are installing utility lines, such as fiber and water, within the duct banks.

2 Pump Track Project

The project has started, with crews working on grading and marking of where pump track features will go.

4 Reservoir Road Project

The culvert replacement project is underway, with large pipe being installed.
