Executive Summary:
If approved the City will approve a mural on the Regional Center for Applied Technology building located at 222 W. Main Street. This building is currently owned by the City of Kingsport and Northeast State Community College leases a portion of the building for higher education purposes.

The mural was considered and recommendation made for BMA approval by the Public Art Committee at their regularly scheduled meeting on June 14th. The mural has been reviewed by the Planning Department for conformance with the sign code as it pertains to the portion of the mural advertising directly for Northeast State Community College and falls within the allotment of wall signage allowed on this structure.

Samantha Culbertson from Gate City Virginia is the muralist and is expected to start immediately after approval and is expected to be completed within several weeks.
