Some of the agencies contacted include Kingsport Housing and Redevelopment Authority, local health departments, social/human service agencies, United Way, Salvation Army, ARCH, Legal Aid of East TN, various divisions of the Planning department, including Code Enforcement and Inspections. The City of Kingsport maintains close contact with the Appalachian Regional Coalition on Homelessness (ARCH). City staff attends regular CoC meetings. ARCH meetings regularly have speakers that are either service providers to the homeless, shelter providers, veterans and others who work with families in need. Workshops are periodically held to provide information on the most urgent and current needs of the homeless and to solicit input from local agencies and organizations that may be helpful to other shelter or service providers in better meeting the needs of this population. The City of Kingsport also hired a Social Worker in early 2020 and a street outreach liaison in 2024 to work within the City Police Department. The Social Worker works directly with the homeless population in providing much needed legal and social service referrals. Collaboration between the City of Kingsport Homeless Outreach Coordinator, the United Way's Homeless Liaison, the Kingsport City School's Homeless education program, ARCH and local shelters continue to improve opportunities for the chronically homeless and increase resources for persons at risk of homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Kingsport currently has three homeless service providers in its Continuum of Care the Salvation Army, Family Promise of Greater Kingsport, GKAD and Grace House. The Family Promise program offers shelter, meals, and supportive services to homeless families with minor children. The Family Promise shelter can accommodate up to 14 families. Family Promise is the only shelter in Kingsport that can accommodate two-parent families, families with teenaged boys and single fathers with teenage girls. GKAD serves low-moderate income families who are at-risk for homelessness or homeless, in partnership with the Kingsport Housing and Redevelopment Authority, GKAD provides services to keep individuals and families housed as well as assist in providing transitional housing and referral services as needed. The Salvation Army of Kingsport accommodates men, women, and families with overnight shelter as well as recently opening to provide day shelter and extend case management services to the public. Grace House provides a low barrier shelter and day center to help connect people with needed resources. Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

The following outlines the Federal resources (CDBG) anticipated by the City of Kingsport as an entitlement city.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	469,767.00	0.00	0.00	469,767.00	0.00	estimated 469,767.40 in annual award

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

CDBG funds will leverage other funds which address some of the housing and non-housing priority needs identified. CDBG funds will leverage

local, private funds and volunteer efforts for the KAHR program which provides emergency repair for low income households. Public service agencies receive various supports from the City government and pursue and receive significant amounts of grant money from federal, state governments and private foundations.

Elimination of slum and blight through code enforcement, clearance and demolition.

To leverage funding for Safe, Decent, and Affordable Housing, the City of Kingsport will collaborate with local organizations such as Carpenters Helpers, Habitat for Humanity, FTAAAD, United Way, and Appalachian Service Project to offset housing repair costs using volunteer labor. CDBG program allocations are also leveraged through general funds dollars, partnerships with local service providers and in-kind contributions.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

KHRA, the public housing authority, owns a large tract of land where the former Robert E. Lee Apartments were housed. Due to the ongoing excessive cost to renovate this property the decision was made to demolish these units. One for one replacement housing (128 units) must be built on or around this site per HUD regulations. KHRA continues to explore funding opportunities for new construction. This remains a high priority for the city.

Discussion

The City anticipates continued qualification and certification as an entitlement city under the Community Development Block Grant (CDBG) program administered by the Department of Housing and Urban Development (HUD). The City annually plans for these funds and attempts to match them as closely as possible to perceived and voiced (public comment) needs. To every extent possible, the City allocates these funds with the maximum impact possible and attempts to leverage them as much as possible

The City of Kingsport, Tennessee is a part of the Kingsport-Bristol-Bristol, Tennessee-Virginia Metropolitan Statistical Area and is a Department of Housing and Urban Development Community Development Block Grant Entitlement City. As such, Kingsport receives a formulated amount of

funds annually. The CDBG program is authorized under Title 1 of the Housing and Community Development Act of 1974, Public Law 93-383, as amended; 42 U.S.C.-5301 et seq. This year Kingsport expects to receive Community Development Block Grant (CDBG) funds.

The projected use of funds has been developed to give maximum priority to activities that will carry out one of the national objectives as follows:

1. Benefit low- and moderate-income (LMI) families.
2. Aid in the prevention or elimination of slums or blight.
3. Other community development areas which demonstrate a particular urgent need or because existing conditions pose a serious and immediate threat to the health or welfare of the community and where other financial resources are not available to meet such needs.

The City of Kingsport, Tennessee certifies that the following activities proposed for the coming year meet one of the three above-listed national objectives.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Most CDBG funds are not planned based on allocations to specific geographic areas within the City.

Housing rehabilitation funds are offered on a citywide basis, with a “first come-first served” priority.

The funds for community services are spread across the city. However, funds are awarded based on the strength of the program and its impacts and not prioritized based on geographic factors.

KHRA Learning Centers funding, while not restricted necessarily to any recognizable geographically delineated area, are utilized within public housing developments and the neighborhoods surrounding them. These developments are spread throughout the city.

All other activities are city-wide.

Geographic Distribution

Target Area	Percentage of Funds
City-Wide	100

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Housing needs and public services will be addressed citywide because of the nature of the projects themselves. They will serve income-eligible persons with the greatest need.

CDBG funds that assist with demolition and public facilities will prioritize allocating funding in the low-moderate income areas of the City.

Discussion

In years past, the City of Kingsport undertook its CDBG program in certain qualified target areas in the City. Several neighborhoods were transformed as a result. These include Highland, Old Kingsport, Rotherwood Heights, Gibsontown and other smaller areas. As funding has decreased over the years, it has become increasingly difficult to allocate funds in target areas with significant impact.

This has driven the City to offer funding to public service agencies and housing rehabilitation clients on a citywide basis.

The City of Kingsport along with Kingsport Housing and Redevelopment Authority has identified the

following Redevelopment Districts: Downtown, Stonegate, Crown Point, Kingsport Mall District, East Stone Commons, Riverwalk, and Lynn Garden.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

Kingsport, Tennessee CDBG funds will be used to provide emergency repair/minor rehab 20 (20) single-family units.

The process for soliciting & funding applications is generally on a first come first served basis, unless the need is urgent. Homeowners who apply for this assistance do so voluntarily and with the understanding that they are not being displaced under HUD's Acquisition, Relocation, and Displacement Policy. They may be required to find alternative housing during the time period of the rehabilitation project. In some cases, a rehab project may not include the disturbance of lead paint surfaces; however, the City may still deem it in the best interests of the homeowner to find alternative housing with a family member or friend in order that the contractor may expedite the project. This program does not fund the expense of temporary housing for each family.

As a city, Kingsport has discovered there is a definite correlation between the rising cost of land, building materials and development costs as it relates to the lack of affordable housing in the Consortium area. All three of these factors have had a hand in driving up the cost of housing in the Consortium area putting it out of reach to the vast majority of low and moderate-income households. The Consortium members administer a number of ordinances and regulations that may in some ways be considered obstacles to affordable housing; however, each represents an integral part of administration for the greater good of the community.

The following regulations, codes, and policies were examined and determined necessary elements for city-wide planning for public safety and

welfare.

However, as noted each incorporates some degree of impediments to affordable housing:

1. Zoning Regulations
2. Subdivision Regulations
3. New Home Construction Codes
4. Unsafe building abatement codes
5. Property Taxes - City and County
6. Utility Board Restrictions
7. Southern Building Codes/BOCA
8. Code Enforcement
9. Unfunded Mandates
10. Poor Credit History
11. Inadequate Paying Jobs.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and

policies affecting the return on residential investment

Efforts to remove barriers to affordable housing include the following:

Continuation of the Fair Housing Program to assure that every citizen has equal access to housing opportunities. Fair Housing Resolutions will be adopted declaring April Fair Housing Month.

Land Use Controls - Planning Commissions will continue working to implement land-use controls that promote housing development in a safe, efficient manner that is harmonious with existing neighborhoods.

Zoning Ordinance - Board of Zoning Appeals shall monitor requests for zoning variances due to hardships imposed by specific zoning regulations to determine if existing regulations are unreasonable.

Building Codes - Continue to monitor the International Building Code and BOCA for changes in restrictions, which might be extraordinary and potentially unreasonable.

Infrastructure Requirements - The Planning and Engineering Departments will scrutinize the impact of infrastructure costs, along with utility fees and subdivision design requirements on the provision of affordable housing.

Discussion

The City of Kingsport has previously adopted a Fair Housing Ordinance that prohibits discrimination in housing practices and incorporates provisions of the Civil Rights Act of 1964, the Fair Housing Act of 1968, and the Fair Housing Amendments Act of 1988. The documents include protection for all citizens regardless of race, color, sex, religion, national origin, disability, or familial status.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

This section discusses other actions to be addressed by the Community Development office of the City of Kingsport.

The City Community Development Coordinator has developed a Community Development Advisory Committee (CDAC), which the members will be citizens representing the low and moderate income households.

Actions planned to address obstacles to meeting underserved needs

Actions Planned to address obstacles to meeting underserved needs:

- The City of Kingsport has previously adopted a Fair Housing Ordinance that prohibits discrimination in housing practices and incorporates provisions of the Civil Rights Act of 1964, the Fair Housing Act of 1968, and the Fair Housing Amendments Act of 1988. The documents include protection for all citizens regardless of race, color, sex, religion, national origin, disability, or familial status. The distribution of the “Fair Housing, It’s Your Right” occurs with contacts with CDBG and other program beneficiaries. Fair Housing complaints are received and attended by the Community Development office of the City. As inquiries and complaints are received, either they are reviewed and, as appropriate, forwarded to the Fair Housing office of HUD, the Tennessee Human Rights Commission, or to Legal Services of Upper East Tennessee office which provides fair housing advocacy and counseling. Community Development also provides the locally produced “About Renting” booklet that provides valuable information regarding fair housing rights and remedies. City Community Development staff participates with the Legal Services of Upper East Tennessee staff in providing fair housing training to the staff of the Kingsport Housing and Redevelopment Authority. KHRA staff is traditional points of contact with populations identified as particularly prone to fair housing concerns. The City will be attempting to strengthen and/or expand its cooperative relationship with local agencies. While previous outreach resulted in awareness of new programs and consideration of funding, Community Development hopes to continue development of a better-coordinated approach and build on this new relationship as a vehicle to raise awareness of minority needs in the community at large. Community Development staff has been working with City Planning staff to ensure inclusion of non-discrimination and Fair Housing rights language in various communications the City Planning Department staff produce and distribute to citizens during development proposals. Staff believes that development projects generate a heightened

awareness among affected citizenry and these would be excellent times to communicate discrimination and Fair Housing rights.

Actions planned to foster and maintain affordable housing

The City of Kingsport continues to offer rehabilitation and emergency repair to low and moderate income homeowners in the City on a citywide basis. The City believes this program not only provides decent, safer, and more accessible housing for those families and individuals in need, but overall help maintain an affordable housing stock for the city. The City of Kingsport will continue to work with our Kingsport Housing and Redevelopment Authority in providing affordable housing opportunities to low-moderate income citizens of Kingsport

Actions planned to reduce lead-based paint hazards

Housing rehabilitation programs and modernization of public housing units by the Kingsport Housing and Redevelopment Authority will continue to abate lead-based paint as it is encountered. Each unit rehabilitated by the City will be assessed for existing and potential lead-based paint hazards, which will be abated. All households receiving home repair assistance will receive "Lead Based Paint" information booklet. The number of units targeted for rehabilitation or emergency repair is 20.

Actions planned to reduce the number of poverty-level families

Employment opportunities are the key to reducing the number of households living in poverty. Many times a lack of education and/or skills training for many adults limit their employment potential. Improving the economy within the Consortium area is an essential element in the anti-poverty strategy. Kingsport's Economic Development Task Force, Bristol, Tennessee's Industrial Development Board, Bristol, Virginia's Economic Development Committee, and Johnson City's Economic Development Board all are working to increase opportunities for families living in poverty.

In June 2004, the Sullivan County Economic Development Partnership was formed. It is composed of the cities of Bluff City, Bristol, Kingsport and Sullivan County, Tennessee. The Partnership is a governmental entity that consolidates the economic development program for all of Sullivan County. This entity is charged to establish, coordinate and implement a comprehensive economic development agency whose purpose is to develop and implement an overall economic development strategic plan. The Partnership seeks to stimulate development in new manufacturing and services, existing businesses, retail destinations/venues, small business and startups and support hospitality and tourism.

Objectives used to meet this goal involve the use of federal funds for homeownership assistance, rehabilitation of housing, infrastructure improvement, utility tap fees and PSAs to educate the general public about fair housing choice. Efforts will be coordinated with the local Housing Authorities

Comprehensive Grant programs to provide rental units for low-income elderly, handicapped and families. Additionally, we will coordinate with local agencies using Tennessee ESG funds to increase the amount and quality of emergency shelter accommodations for the homeless.

Community Development staff will continue to work with the City of Kingsport Planning and Economic Development Departments to increase economic development and opportunity for low-moderate income citizens of Kingsport.

Actions planned to develop institutional structure

There are no proposals to change the existing Institutional Structure. The Kingsport Housing and Redevelopment Authority is not considered a “troubled” public housing agency and most of the other public and social service agencies in the Kingsport area are very well organized and strong. Actions to improve the structure will be taken, as they become apparent.

Actions planned to enhance coordination between public and private housing and social service agencies

The City has a tradition of supporting Public Service agencies with Federal and local funding. In 2026/2027, Community Development proposes to fund agencies, which perform Public Service functions, which serve low and moderate-income persons in the City. The maximum amount available for Public Service funding is 15% to be distributed to local non-profit agencies who apply for funding and meet funding criteria. Community Development will continue to support the United Way Homeless efforts by providing \$25,000 to for a homeless liaison, who provides direct service and referrals to those experiencing or at-risk for homelessness in the City of Kingsport. The Community Development office will solicit applications from public service organization in April 2026. The activities proposed by all agencies must meet basic eligibility criteria under CDBG regulations.

HOPE VI – For Program Year 2026, the City proposes to set aside \$70,000 for payment of annual installments for a Section 108 Loan in support of the HOPE VI Riverview/Sherwood/Hiwassee Improvement project. The City received approval for \$856,000 Section 108 Loan funds to provide support assistance in the Riverview and Sherwood/Hiwassee neighborhoods as part of the HOPE VI project. Section 108 requires that the local jurisdiction utilize its current and future CDBG funds as collateral for the loan. HUD has calculated that the City would need to set aside approximately \$70,000

CDBG funds per year for 20 years to support this proposal.

Discussion

While the City of Kingsport is a regional leader in economic development strategies, the Community Development Block Grant program is not regularly utilized for these efforts.
