Work Session: March 16, 2026  
First Reading: N/A  
Final Adoption: March 17, 2026  
Staff Work By: C. Austin / P. Gilmer  
Presentation By: Ryan McReynolds

---

**Strategic Focus Area: Sustainable Infrastructure**

---

**Recommendation:**  
Approve the Resolution

**Executive Summary:**  
Approval of the accompanying resolution will allow the City to enter into the agreement with Washington County to extend a new waterline along Kincheloe and Good Roads with funding provided by Washington County.

Washington County, TN has for the past several years been very interested in extending water service to unserved customers within their county. Their Water Task Force has identified areas throughout the county where water is not available. The first phase of this work which added 23,000 ft to our system was completed in 2024. An additional area has been identified within Kingsport’s service area:

- a. Kincheloe Rd from Logan Chapel Rd to Painter Rd (approx 3,000 ft)
- b. Good Rd from RG Cloyd Rd to 155 Good Rd (approx 2,600 ft)

The agreement will allow Washington County to pay us to construct the waterlines and place them into service. Payment will be made from Washington County once bids are opened for the project and the lowest compliant bidder is chosen. Construction cost, including engineering, is estimated to be \$841,800.

Funding will be placed in a new project, fully funded by Washington County.
