

**AGENDA ACTION FORM**

**Consideration of a Resolution to Enter into an Agreement with TDOT and Sign All Applicable Documents for the State Route 93 – Derby Dr Waterline Relocation**

To: Board of Mayor and Aldermen  
From: Chris McCartt, City Manager *CM*

Action Form No.: AF-288-2023  
Work Session: October 16, 2023  
First Reading: N/A  
Final Adoption: October 17, 2023  
Staff Work By: A. Dobbins / C. Austin  
Presentation By: Ryan McReynolds

**Recommendation:**  
Approve the Resolution.

**Executive Summary:**  
The Tennessee Department of Transportation (TDOT) is planning to realign State Route 93 in the Horse Creek Area from near Lone Star Rd to near Murrell Rd. The Chapter 86 program reimburses utilities, or in this case includes them in the construction project, for those areas that require relocation of their infrastructure that is currently in the ROW. We are working with TDOT to have this work included in the roadway plans and construction project.

This agreement allows TDOT to include the relocation of the City’s existing waterline within TDOT’s proposed State Route 93 (Derby Dr) Realignment Project.

The project will consist of the relocation of approximately 3,800 ft of 8” and 2” waterlines. The total estimated cost for the construction is estimated to be \$811,400. We must obtain our own engineer to prepare the plans to be included in their project. We have enlisted Barge Design Solutions for this task. TDOT requires the City to pay Barge for their services and then they will reimburse the City. The engineering for the project will cost \$42,900. Project funding will be available in WA2404.
