RE: Swan Lake Emergency Watermain Thaw - Asphalt Surface Restoration Services

Hello Mr. Ferguson-

This quote is for restoration of asphalt paving in the areas removed for the access to the Swan Lake watermain. The following scope and quote are based on the information provided during a site visit and survey data points of main taps taken during water main thawing operations.

**Scope 1:** Provide all labor, equipment, and materials to grade, prep and patch defined areas of asphalt that were removed to gain access to frozen water main.

**Scope 1: Lump Sum**

**\$70,936.00 USD**

**Exclusions:** COK Sales Tax, if applicable; any bonding, any gravel not specified, any contaminated soils work, any testing or permits, any safety or traffic control plans, any outside inspections, any additional insurance requirements beyond current DCI standard policies.

Work to be performed on a mutually agreed schedule. Payment for services is due net 30 unless other arrangements have been made prior to invoicing.

Thank you for the opportunity to provide this quote. Please let us know if you would like to proceed.
