

Good afternoon,

The Alaska Statewide Transportation Improvement Program (STIP) is the state’s four-year program for transportation system preservation and development. It includes interstate, state and some local highways, bridges, ferries and public transportation, but does not include airports or non-ferry-related ports and harbors. It covers all system improvements for which partial or full federal funding is approved and that are expected to take place during the four-year duration of the STIP.

The 2024-2027 STIP was approved in majority by FHWA on March 27<sup>th</sup> (6 project exceptions), and we here with Northern Region wanted to touch base with our communities and ensure you are up-to-date on STIP actions that impact your area. Below are projects in your area that may specifically be of interest. You can view the final STIP and interactive tools at this website: <https://publicinput.com/stip/>

STIP ID	Project Name	Outcome:
18634	Cape Blossom Road [Stage 1]	This project was not previously outlined in the January 2024 STIP submission. Stage 1 is complete, but is included in the 2024-2027 Statewide Transportation Improvement Program (STIP) to facilitate project closeout and advance construction conversion.
33241	Cape Blossom Road [Stage 2]	This project remains unchanged since the draft STIP submitted in January, 2024 and is funded via the Approved STIP.

Please let me know if community issues or needs arise, and we look forward to continuing to serve all of our communities.

Thank you,

**Sara Lucey | Alaska Department of Transportation & Public Facilities | Fairbanks Field Office**
