Vehicle/Equipment Updates:

Engine 1 is currently still out with the repairs from the December 2022 incident, there was an issue on the part of the repair company with paint, it should be done in the next couple of weeks. Once it is back in house it will be going in to JX Truck for some engine oil issues that are covered under the CUMMINS warranty. Once Engine 1 comes back in service we will be looking at taking Engine 2 out of service.

Staffing:

Currently have 26 members on the dept. – we had 1 resign in June due to lack of availability. There are 2 applicants in line to complete their physicals and 1 outstanding applicant currently going through background check.

Past and Upcoming training and events:

June 1st/3rd – Forcible Entry training was offered and ran by Dave Briggs from Firefighter Training, Development, and Coaching – this was an awesome opportunity and allowed the firefighters some extended training on forcible entry.
