

Kronenwetter Fire Dept.

1582 Kronenwetter Dr. (715)693-4200
Kronenwetter WI. 54455

November 21, 2023

In regard to: Austin Shulfer probation

To: Police and Fire Commission

This letter is to recommend Austin Shulfer for full membership of the Kronenwetter Fire Department. Although Austin has only been on the department 9 months he has more than proven his capabilities and dedication to the fire department and the residents of Kronenwetter. Austin came to us already trained to the Firefighter 2 level and a trained and licensed EMT. He attends every drill and is at most fire and ems calls. Even when he is working at Riverside Fire and is paged to a Kronenwetter fire call he shows up on the ambulance and assists us in any way he can. He goes above and beyond what is expected and I feel he has more than met the probationary standards.

Sincerely,

Theresa O'Brien
Fire Chief
Kronenwetter Fire Dept

In regard to: Sean Andraschko probation

To: Police and Fire Commission

This letter is to recommend Sean Andraschko for full membership of the Kronenwetter Fire Department. Sean initially started with our department in 2014 and took a short break in 2021 due to assisting his wife with taking in foster children. He came back to the department in February 2023. Sean has been an asset to the department and has more than shown his dedication. I am proud to have him on our department and feel he has again met the probationary standards.

Sincerely,

Theresa O'Brien
Fire Chief

In regard to: Alexa Kufalk probation

To: Police and Fire Commission

This letter is to recommend Alexa Kufalk for full membership of the Kronenwetter Fire Department. Alexa started with our department in August of 2022 and hit the ground running. Alexa was already an RN when she started with us and quickly became one of the top responders for EMS calls allowing others to take a break. She attended training through NTC over the winter of 2022-2023 to gain her FF1 certification and has become an asset on the fireground. I am proud to have her on our department and feel she has met the probationary standards.

Sincerely,

Theresa O'Brien
Fire Chief
