3. NEW BUSINESS

C. **Discussion and Possible Action: Report from Village Treasurer on How the Loan for the Ladder Truck did not make it on the 2024 budget.**

A discussion took place regarding the report from the finance director concerning the ladder truck loan that was overlooked during the 2024 budget planning. The Board contemplated how the payment for the ladder truck did not appear in the budget despite previous approval for purchase. Questions revolved around the timeline in which the board was informed of the financial obligation and why it had been neglected during financial planning. It was established that the issue arose between November and December but was not caught until later due to lack of communication and reporting.

D. **Discussion and Possible Action: Related to Documents used to obtain Financing from CoVantage Credit Union for the Ladder Truck.**

There was a thorough exploration of the complexities associated with the financing documents provided to CoVantage Credit Union for the ladder truck. It was highlighted that staff inadvertently provided false documentations leading to financial procurement, implying a potential charge of fraud. Concerns were raised regarding the cause of the issuance of erroneous documents and the potential risks associated with them, including incorrect resolutions signed with false information and the possible need to repay the loan if the mistakes are not rectified. The Village's attorney weighed in to clarify the legal implications, noted that the issue could likely be resolved through amendments to the motions and assured that it is a fixable paperwork error. The Village Administrator will be responsible for overseeing corrections with the bank.

Motion #1: Motion to direct staff to contact CoVantage to correct the resolution as well as the Administrator performs a third-party neutral investigation as to what happened, how it happened and what the cause of it was so it can be corrected and implement so it does not happen again. President Voll requested clarification from Trustee Dumais. Clarification by Trustee Dumais to have a third party conduct an investigation (31.24) so nobody is involved and it can be up to the Administrator of who he uses as a third party. Trustee Dumais states that would be the Administrators purvey, not the boards. Trustee Vedvik suggested there be two separate motions. Trustee Dumais made motion #1 to direct staff to immediately work with CoVantage to get the document situation corrected.

Motion made by Trustee Dumais, Seconded by Village President Voll.

Motion carried 7:0 by roll call vote.

Motion #2: Trustee Dumais made a second motion to direct the Administrator to initiate a third-party investigation as to the root cause of how this happened and to implement something to make sure this does not occur in the future and report back to the board with his findings. Trustee Charneski questions the investigation. Trustee Charneski questions if the investigation will show how this happened, how it was left off of the radar, how the resolution got signed when it was never approved and the documents were signed with false information. Trustee Charneski asks Trustee Dumais if his questions are all part of the investigation. Trustee Dumais states the root cause is to determine how the whole situation occurred. Trustee Charneski stated he understood. Trustee Vedvik stated there should not be chaos between staff and the board and he believes staff turnover had to play a big part. President Voll agrees.

Motion made by Trustee Dumais, Seconded by Trustee Coyle.
