## Cover Letter

---

January 24, 2024

Bobbi J. Birk-LaBarge  
Village Clerk  
Village of Kronenwetter  
1582 Kronenwetter Dr. Kronenwetter, WI 54455

Dear Ms. Birk-LaBarge,

I am writing to apply for your Director of Public Works position. This job opportunity was recommended to me by Mr. Leonard Ludi, Incoming Village Administrator. Leonard and I worked closely together allowing him to see my construction project management experience, which is why he's referred me to this role on your team. This exciting opportunity appears to be a wonderful fit with my professional experience, personal interests, and career goals. My educational background is in civil engineering, I have an Associate of Science in Engineering degree (with honors) from Central New Mexico Community College, a Bachelor of Science degree in Civil Engineering from Ricardo Palma University, graduating in the top fifth, a Master's degree in Civil Engineering from University of Piura, a Master's of Business Administration degree from Tulane University, and currently I am persuading a Master of Science degree in Engineering Management from Trine University.

I have been in the engineering industry and construction business for over 16 years. I have experience in all aspects of the construction process, from budgeting and scheduling to overseeing the work of subcontractors. I am also experienced in contract negotiations and have a strong understanding of the legal requirements and regulations that impact the projects. I have focused my civil engineering career on highways, construction business, and project management. I have managed small projects on quick timelines and major projects with large budgets. Currently, I am the Engineering Program Manager for Pueblo of Laguna, I am acting as an Owner Representative, managing more than \$12 million in construction projects and more than \$1.2 million in engineering projects. I have a talent for keeping projects on track by applying project management tools and setting clear expectations for the stakeholders. I am also proactive in identifying and resolving potential problems before they can cause delays or cost overruns.

I have confidence that my education and ample job experience can help me contribute to the Village of Kronenwetter's success. Most importantly, I am firmly believing that teamwork, communication, and safety are the most important elements of a functional construction crew.

I look forward to discussing this opportunity with you. I can be reached by phone at (505) 418-6669 and by email at [rlastretochavez@gmail.com](mailto:rlastretochavez@gmail.com)

Thank you for your time and consideration.

Sincerely,

---

**Romulo A. Lastreto**

# Employment Application

Applicants are considered for all positions without regard to race, color, religion, sex, national origin, sexual orientation, age, marital or veteran status, or the presence of a non-job-related medical condition or handicap. Consistent with the Americans with Disabilities Act, applicants may request accommodations needed to participate in the application process.

### AUTHORIZATION:

I certify that the facts contained in this application (and accompanying resume, if any) are true and complete to the best of my knowledge. I understand that any false statement, omission, or misrepresentation on this application is sufficient cause for refusal to hire, or dismissal if I have been employed, no matter when it is discovered by the Village of Kronenwetter.

I understand that any employment is conditioned on a background check. I also understand that this background check will include reviewing all publically posted social media accounts. I authorize the Village of Kronenwetter to thoroughly investigate all statements contained in my application or resume, and I authorize my former employers and references to disclose information regarding my former employment, character and general reputation to the Village of Kronenwetter, without giving me prior notice of such disclosure. In addition, I release the Village of Kronenwetter, any former employers, and all references listed above from any and all claims, demands or liabilities arising out of or related to such investigation or disclosure.

I understand and agree that nothing contained in this application, or conveyed during any interview, is intended to create an employment contract. I further understand and agree that if I am hired, my employment will be "at will" and without fixed term, and may be terminated at any time, with or without cause and without prior notice, at the option of either myself or the Village Kronenwetter. No promises regarding employment have been made to me, and I understand that no such promise or guarantee is binding upon the Village of Kronenwetter unless made in writing.

If I am offered employment I agree to submit to a medical examination and drug test before starting work. If employed, I also agree to submit to a medical examination or drug test at any time deemed appropriate by the Village of Kronenwetter as permitted by law. I consent to such examinations and tests, and I request that the examining doctor disclose to the Village of Kronenwetter the results of the examination, which results shall remain confidential and segregated from my personnel file. I understand that my employment or continued employment, to the extent permitted by law, is contingent upon satisfactory medical examinations and drug tests, and if I am hired a condition of my employment will be that I abide by the Village of Kronenwetter's Drug and Alcohol Policy.

I understand that filling out this form does not indicate there is a position open and does not obligate the Village of Kronenwetter to hire. If hired, I agree to abide by all Village of Kronenwetter work rules, policies and procedures. The Village of Kronenwetter retains the right to revise its policies or procedures, in whole or in part, at any time.

Professional Engineer licensure with 16+ years of experience in engineering, procurement, and construction project management. Construction Manager with expertise in residential condominiums, office buildings, shopping center renovations, urban developments, mining, wastewater treatment plant, and hydroelectric power plant which has allowed me to have a strategic vision of the Construction Industry.

## Experience

---

**Pueblo of Laguna** – Laguna, NM 87026

02/2023 – Present

### **Public Works Department**

*The department program provides Engineering and Construction Management services that support the Government, Villages, other Departments, and Tribal Entities with consultation, technical services, design, research, project development, and quality management. The program's projects and tasks include but are not limited to Federally Funded Road and Bridge Projects. Utility Project development and design. Projects and construction management. Capital Improvement Program, and Transportation Planning.*

#### **Engineering Program Manager**

- Responsible for Cost and Quality Management.
- Managing and overseeing the day-to-day construction.
- Responsible for implementation of the scope of work as related to construction.
- Ensures all changes to specifications, work scope, and drawings are documented.
- Responsible for ensuring the construction works are coordinated to meet deadlines and budget.
- Oversee constructions to comply with building codes and safety regulations.
- Coordinated and directed construction workers and subcontractors.
- Ensured to comply with quality construction standards and the use of proper construction techniques.

#### **Construction Inspector**

- I have evaluated construction project plans and specifications to ensure compliance with regulations.
- I have performed field inspections to inspect the standards of construction structures and materials.
- Inspected the site work for a 20-unit affordable housing project on a 5.5-acre lot including excavation, grading, storm sewer, and water main installation.
- Monitored construction crews to ensure that they were adhering to safety standards.
- Investigated complaints related to building code violations.

**Dechini** – Lima, PE

2020 - 2021

*Dechini is one of the largest Construction Management companies, serving a diverse portfolio of clients across Peru including residential condominiums, office buildings, shopping center renovations, and urban developments.*

#### **Project Manager - Residential Condominium (135,418 Gross Square Feet) – Managed budget: \$6.8 million**

- Supervise 20+ project employees, including civil engineers, consultants, and subcontractors.
- Managed overall building process, completed within budget and 2 weeks ahead of schedule.
- Coordinated all work operations with clients and relevant government officials.

#### **Project Manager - Office building (205,263 Gross Square Feet) – Managed budget: \$15.7 million**

- Completed all jobs on time and at least 10% under budget.
- Using BIM and VDC I found three design flaws in ongoing projects, preventing catastrophic failure.
- Attend meetings and discuss project details with clients, contractors, asset owners, and stakeholders.

#### **Construction Manager - Luxury Oceanfront condo (39,363 Gross Square Feet) – Managed budget: \$4.7 million**

- Used AutoCAD and creative materials sourcing to cut project costs by 10%.
- Certification: LEED v4 for Building Design and Construction.
- Provide engineering expertise in the identification, analysis and resolution of problems of increasing scope and complexity with minimal supervision. Prepare thorough and accurate technical reports, correspondence, documentation, calculations and sketches
- Perform civil/structural inspections of facilities or equipment. Provide thorough and accurate inspection reports identifying findings, risks and recommendations

*Fase Dos is a construction and engineering services company. It is one of the largest independently owned businesses of its kind in Peru.*

**Construction Site Manager - Basement construction with concrete wall anchors system – Managed budget: \$1.8 million**

- Oversight of work activities, i.e., plan work, develop work plans, and coordinate with subcontractors and clients.
- Assist in identifying potential civil opportunities and assist and lead in the development of proposals to support these opportunities.
- Manage the workload and technical and commercial management of a small team

**Construction Site Manager - Office building (125,480 Gross Square Feet) – Managed budget: \$6.8 million**

- Designing concrete structural elements, e.g. foundation, beams, and walls.
- Maintaining safety on site through promoting a safety culture.
- Performing general construction duties on sites.
- Overseeing construction works being completed on site.
- Regularly checking the progress of works according to the schedule.

**Construction Site Manager - Shopping Center Renovation (36,600 Gross Square Feet) – Managed budget: \$4.2 million**

- Created sketches and specifications of a street intersection, pavement marking, and road signage improvements, taking into account pedestrian, bicycle, and vehicular traffic.
- Working with clients, contractors, local authorities, and external agencies on various renovation and new build projects
- Creating 2D drawings and designs using AutoCAD.

*Inmobiliaria Edifica is one of the biggest homebuilding companies in Lima. Present the 10 top revenue-generators in the 2019 residential construction sector. All Inmobiliaria Edifica projects have the certification: The Best Place to Live.*

**Construction Site Manager - Apartment building (269,097 Gross Square Feet) – Managed budget: \$13.4 million**

- Resolving design and development problems.
- Managing budgets and project resources.
- Meeting deadlines is important as missing any can be a costly affair.
- Leadership skills to effectively manage a diverse group of professionals working on one project.

**Construction Site Manager - Oceanfront condo (146,390 Gross Square Feet) – Managed budget: \$5.4 million**

- Managing, designing, developing, creating, and maintaining construction projects.
- Assessing potential risks, materials, and costs.
- Conducting on-site investigations and analyzing data.

## Education

---

- **Master of Science in Engineering Management** – Trine University, Angola, IN 46703
- **Master of Business Administration** - Tulane University, New Orleans, LA 70118
- **Master of Engineering in Civil Engineering with a mention in Road Engineering** – Piura University, Lima, PE
- **Bachelor of Science, Civil Engineering** - Ricardo Palma University, Lima, PE
- **Associate of Science, Engineering** - Central New Mexico Community College, Albuquerque, NM 87106

## Skills

---

**Soft Skills:** Problem-Solving, Analytical thinking, Organization, Thoroughness & attention to detail, Collaboration, Communication, Adaptability, Time Management, and Leadership.

**Technical Skills:** Civil engineering design, Structural analysis, Concrete & steel design, Interpreting blueprints and schematics, Project Management, BIM, VDC, AutoCAD, PROCORE, ETABS, Sketchup, Structural Design, Geotechnical Engineering, and Water Resources Engineering.

## EVALUATION OF ACADEMICS

**Name:** Lastreto Chavez, Romulo Alberto

**Institution:** Universidad Ricardo Palma  
**Dates of Attendance:** 2001-2006  
**Years of Study:** Five years  
**Degree:** Grado Academico de Bachiller en Ingenieria Civil  
(Academic Degree of Bachelor's in Civil Engineering)  
**Date of Award:** May 2007  
**Location:** Peru

**Institution:** Universidad de Piura  
**Dates of Attendance:** 2010-2012  
**Years of Study:** Two years  
**Degree:** Maestria en Ingenieria Civil (Master's Degree in Civil  
Engineering)  
**Date of Award:** November 2012  
**Location:** Peru

Academic Equivalent in the United States:

### DEGREES:

- BACHELOR'S DEGREE IN CIVIL ENGINEERING
- MASTER'S DEGREE IN CIVIL ENGINEERING

*The following evaluation has been prepared by Silvergate Evaluations Inc., which evaluates academic credentials and specializes in the evaluation of foreign educational credentials.*

The following evaluation reflects the academic credentials attained by Mr. Romulo Alberto Lastreto Chavez during the course of his academic career. This evaluation was completed based on a review of Mr. Lastreto Chavez's Bachelor's-level degree certificate and certificate of studies from Universidad Ricardo Palma, Master's-level degree certificate and certificate of studies from Universidad de Piura, and corresponding certified translations. An analysis of Mr. Lastreto Chavez's attainment of a Grado Academico de Bachiller en Ingenieria Civil (Academic Degree of Bachelor's in Civil Engineering) from Universidad Ricardo Palma and a Maestria en Ingenieria Civil (Master's Degree in Civil Engineering) from Universidad de Piura forms the basis for the following evaluation.

## **ACADEMICS**

- Universidad Ricardo Palma is an accredited institution of higher learning in Peru.
- Universidad de Piura is an accredited institution of higher learning in Peru.

Universidad Ricardo Palma's Grado Academico de Bachiller en Ingenieria Civil (Academic Degree of Bachelor's in Civil Engineering) program requires graduation from the US equivalent of high school and competitive entrance examinations for admission and enrollment. Mr. Lastreto Chavez completed all qualifying academic course work subsequent to his enrollment in the institute. In May 2007, he completed examinations and was awarded a Grado Academico de Bachiller en Ingenieria Civil (Academic Degree of Bachelor's in Civil Engineering). In addition to having completed his course work in general studies, Mr. Lastreto Chavez has fulfilled the requirements in his area of concentration, Civil Engineering, and has earned a diploma from the institute.

The course work required by Universidad Ricardo Palma's Grado Academico de Bachiller en Ingenieria Civil (Academic Degree of Bachelor's in Civil Engineering) program is substantially similar to the required course work leading to a Bachelor's Degree from an accredited institution of higher learning in the United States. Mr. Lastreto Chavez completed five years of specialized courses in his area of concentration, Civil Engineering, as well as in other related subjects.

Thereafter, Mr. Lastreto Chavez completed course work leading to a Maestria en Ingenieria Civil (Master's Degree in Civil Engineering) at Universidad de Piura. This program requires graduation from Bachelor's-level studies and competitive entrance examinations for admission and enrollment. Mr. Lastreto Chavez completed all qualifying academic course work subsequent to his enrollment in the institute. In November 2012, he completed examinations and was awarded a Maestria en Ingenieria Civil (Master's Degree in Civil Engineering). Mr. Lastreto Chavez has fulfilled the requirements in his area of concentration, Civil Engineering, and has earned a diploma from the institute.

The course work required by Universidad de Piura's Maestria en Ingenieria Civil (Master's Degree in Civil Engineering) program is substantially similar to the required course work leading to a Master's Degree from an accredited institution of higher learning in the United States. Mr. Lastreto Chavez completed two years of specialized courses in his area of concentration, Civil Engineering, as well as in other related subjects.

Upon reviewing Mr. Lastreto Chavez's academic history, it becomes apparent that Mr. Lastreto Chavez has satisfied requirements substantially similar to those required toward the completion of academic studies leading to a Bachelor's Degree and a Master's Degree from an accredited institution of higher education in the United States.

## SUMMARY

On the basis of the credibility of Universidad Ricardo Palma and Universidad de Piura, the number of years of course work, the nature of the course work, and related areas, it is the judgment of Silvergate Evaluations Inc. that Mr. Lastreto Chavez has attained the equivalent of a Bachelor's Degree in Civil Engineering and a Master's Degree in Civil Engineering from an accredited institution of higher education in the United States.

*This evaluation report relies solely upon copies of documents provided by Mr. Lastreto Chavez and represented by Mr. Lastreto Chavez to be authentic and true copies of those documents. There are no apparent grounds for Silvergate Evaluations Inc. ("Silvergate") to disbelieve the authenticity and accuracy of the documentation presented to it on behalf of Mr. Lastreto Chavez. Silvergate does not represent that the documentation submitted to it by anyone for evaluation meets evidentiary standards of any state or federal agency or any court. Silvergate represents the foregoing evaluation report to be an accurate and correct evaluation to the best of its knowledge and belief, pursuant to requirements of the Citizenship and Immigration Services of the United States Department of Homeland Security.*

*This evaluation report, as are all such reports provided by Silvergate, is advisory for the customer who requested it. Silvergate is not responsible for how this firm or client or others will use this evaluation report, and is not responsible for damages resulting from such use or from the use of any other evaluation report.*

The foregoing evaluation of Romulo Alberto Lastreto Chavez has been reviewed and approved by me, Robert Bennett, this day of January 5, 2023.

Robert Bennett, Senior Evaluator

Robert Bennett, Senior Evaluator, Silvergate Evaluations; Member, NAFSA: Association of International Educators; Member, TAICEP: The Association for International Credential Evaluation Professionals; Former Member of MSACROA: Middle States Association of Collegiate Registrars and Officers of Admission; Former Member of NYSTAA: The New York State Transfer Articulation Association and its Research & Retention Committee.

Mr. Bennett's authority in the field of credential evaluation is held in the highest regards in the academic, professional, and immigration communities. He has parlayed his attainment of a Bachelor of Arts in History and a Master of Arts in Political Science from C.W. Post Campus of Long Island University into holding key positions in both higher education admissions offices -- including those of Director of Application Services for University of Medicine and Health Sciences, St. Kitts; and Associate Director, Transfer Admissions for C.W. Post Campus of Long Island University-- as well as in international credential evaluation for university admissions, for over 10 years.

Throughout the years, he has routinely participated in professional training in the field of foreign credentials evaluation by the American Association of Collegiate Registrars and Admissions Officers (AACRAO), World Education Services (WES), and other associations. Mr. Bennett is thoroughly familiar with foreign educational systems and has had broad experience evaluating foreign academic credentials in all disciplines on a document-by-document and credit-by-credit basis. His tenure at C.W. Post Campus of Long Island University, which additionally entailed experience in the role of Transfer Coordinator, included leading evaluations of all international and domestic transfer credits for approximately 1,500 students, annually. Further, he researched course descriptions, university accreditations, education systems, and articulation agreements to ensure the utmost accuracy in awarding transfer credit and to comply with higher education guidelines and best practices.

Silvergate Evaluations Inc. has provided thousands of evaluations of foreign educational credentials in support of visa petitions that are regularly accepted by the United States Citizenship and Immigration Services (USCIS). As a Senior Evaluator for Silvergate Evaluations, Mr. Bennett is involved in overseeing all aspects of the company's evaluation services. In addition to performing evaluations of foreign credentials, he establishes and develops the company's credential evaluation policies and degree authentication guidelines, maintains and updates the company's reference sources, and ensures that Silvergate Evaluations is on the cutting edge of developments in the credential evaluation field by maintaining significant professional contacts and attending industry conferences.
