The Bid security of the Successful Bidder will be retained until such Bidder has executed the Agreement and furnished the required contract security, whereupon the Bid security will be returned. If the Successful Bidder fails to execute and deliver the Agreement and furnish the required contract security within 10 days after the Notice of Award, Owner may annul the Notice of Award and the Bid security of that Bidder will be forfeited. The Bid security of other Bidders whom Owner believes to have a reasonable chance of receiving the award may be retained by Owner until the earlier of the seventh day after the Effective Date of the Agreement or the first day after the time period that the bid is subject to acceptance, as given in the Advertisement for Bids, whereupon Bid security furnished by such Bidders will be returned. Bid security with Bids which are not competitive will be returned within seven days after the Bid opening.

8. BID FORM

The Bid Form is included with the Bidding Documents. Additional copies may be obtained from Owner.

All blanks on the Bid Form must be completed in ink or by typewriter.

Bids by corporations must be executed in the corporate name by the president or a vice-president (or other corporate officer accompanied by evidence of authority

to sign) and the corporate seal must be affixed and attested by the secretary or an assistant secretary. The corporate address and state of incorporation must be shown below the signature.

Bids by partnerships must be executed in the partnership name and signed by a partner, whose title must appear under the signature and the official address of the partnership must be shown below the signature.

All names must be typed or printed below the signature.

The Bid shall contain an acknowledgment of receipt of all Addenda (the numbers of which must be filled in on the Bid Form).

The address and telephone number for communications regarding the Bid must be shown.

Bids must be priced on a lump sum and/or unit price basis for the base contract as provided in the Bid Form. Separate prices for optional alternates are provided in the Bid Form. The price of the Bid for each optional alternate will be the amount to be added or deducted from the price of the base Bid if the Owner selects the optional alternate.

9. LIST OF SUBCONTRACTORS

A complete list of proposed Sub-Contractors and the class of work to be performed by each must be filed with the Bid. The list may not be added to or altered without a change order from the Owner. [Wis. Stats., Section 66.29(7)]

If requested by the Owner, the apparent successful Bidder shall submit an experience statement with pertinent information regarding similar projects and other evidence of qualification for each Sub-Contractor or Supplier. If Owner, after due investigation, has reasonable objection to any proposed Sub-Contractor, Supplier, other person or organization, either may, before the Notice of Award is given, request the apparently successful Bidder to submit an acceptable substitute in which case the apparent successful Bidder shall submit an acceptable substitute. That bidder's Bid price will be increased (or decreased) by the difference in cost occasioned by such substitution and Owner may consider such price adjustment in evaluating Bids and making the contract award.

If apparent Successful Bidder declines to make any such substitution, owner may award the contract to the next lowest Bidder that proposed to use acceptable Sub-Contractors, Suppliers and other persons and organization. Declining to make requested substitutions will not constitute grounds for sacrificing the Bid security of any Bidder. Any Sub-Contractor, Supplier, other person or organization listed and to whom Owner does not make written objection prior to the giving of the Notice of Award will be deemed acceptable to Owner subject to revocation of such acceptance after the Effective Date of the Agreement.

No Contractor shall be required to employ any Sub-contractor, Supplier, other person or organization against whom Contractor has reasonable objection.

10. SUBMISSION OF BIDS

Bids shall be submitted at the time and place indicated in the Advertisement for Bids and shall be enclosed in an opaque sealed envelope, marked with the project title (and, if applicable, the designated portion of the Project for which the Bid is submitted) and name and address of the Bidder and accompanied by the Bid security and other required documents. If the Bid is sent through the mail or other delivery system the sealed envelope shall be enclosed in a separate envelope with the notation "BID ENCLOSED" on the face of it.

11. MODIFICATION AND WITHDRAWAL OF BIDS

Withdrawal of Bids shall be pursuant to Wis. Stats., Section 66.29(5).

12. OPENING OF BIDS

Bids will be opened and (unless obviously non-responsive) read aloud publicly. An abstract of the amounts of the base Bids and major alternates (if any) will be made available to Bidders after the opening of Bids.

13. BIDS TO REMAIN SUBJECT TO ACCEPTANCE

All bids will remain subject to acceptance for the number of days after the day of the Bid opening, as given in the Advertisement for Bids, but Owner may, in its sole discretion, release any Bid and return the Bid security prior to that date.

14. AWARD OF CONTRACT

Owner reserves the right to reject any and all Bids, to waive any and all informalities not involving price, time or changes in the Work and to negotiate contract terms with the Successful Bidder, and the right to disregard all nonconforming, nonresponsive, unbalanced or conditional Bids. Also, Owner reserves the right to reject the Bid of any Bidder if Owner believes that it would not be in the best interest of the Project to make an award to that Bidder, whether because the Bid is not responsive or the Bidder is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by Owner. Discrepancies in the multiplication of units of Work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

In evaluating Bids, owner will consider the qualifications of the Bidders, whether or not the Bids comply with the prescribed requirements, and such alternates, unit prices and other data, as may be requested in the Bid Form or prior to the Notice of Award.

Owner may consider the qualifications and experience of Sub-Contractors, Suppliers, and other persons and organizations proposed for those portions of the Work as to which the identity of Sub-Contractors, Suppliers and other persons and organizations must be submitted as provided in the Supplementary Conditions.

Owner also may consider the operating costs, maintenance requirements, performance data and guarantees of major items of materials and equipment proposed for incorporation in the Work when such data is required to be submitted prior to the Notice of Award.

Owner may conduct such investigations as Owner deems necessary to assist in the evaluation of any Bid and to establish the responsibility, qualifications and financial ability of Bidders, proposed Sub-Contractors, Suppliers and other persons and organizations to perform and furnish the Work in accordance with the Contract Documents to Owner's satisfaction within the prescribed time.

If the contract is to be awarded, it will be awarded to the lowest Bidder of the alternates and contracts selected by the Owner, whose evaluation by Owner indicates to Owner that the award will be in the best interests of the Project.

If the contract is to be awarded, Owner will give the Successful Bidder a Notice of Award within the period that bids remain subject to acceptance as given in the Advertisement for Bids.

Bids will be evaluated to determine low bidder.

STANDARD FORM OF AGREEMENT BETWEEN OWNER AND CONTRACTOR

THIS AGREEMENT is dated as of the _____ day of _____ in the year 2025 by and between the **Village of Kronenwetter** (hereinafter called OWNER) and _____ (hereinafter called CONTRACTOR).

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

Article 1. WORK

CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as:

**2025 Road Maintenance
Village of Kronenwetter

Article 2. CONTRACT TIME

The Work will commence on or after 10 days from the date listed on the Notice to Proceed and Final Completion shall occur and be ready for final payment on or before August 16th 2025.

Liquidated Damages. OWNER and CONTRACTOR recognize that time is of the essence of this agreement and the OWNER will suffer financial loss if the work is not completed within the times specified in paragraph 2.1 above. They also recognize the delays, expense and difficulties involved in proving in a legal or arbitration hearing, the actual loss suffered by OWNER if the work is not completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER five hundred dollars (\$500.00) for each day that expires after the time specified in paragraph 2.1 for Completion until the Work is complete.

Article 3. CONTRACT PRICE

OWNER shall pay CONTRACTOR for completion of the Work in accordance with the Contract Documents in current funds as follows:

4.1 Progress Payments. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR's Applications for Payment as recommended by PUBLIC WORKS DIRECTOR, once a month during construction as provided below. All progress payments will be on the basis of the progress of the Work measured by the schedule of values (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements.

4.2 Retainage

Section 66.29(9)(b), Wisconsin Statutes requires:

Retained percentages. As the work progresses under any contract involving \$1,000 or more for the construction, execution, repair, remodeling or improvement of any public work or building or for the furnishing of any supplies or materials, whether or not proposals for which are required to be advertised by law, the municipality, from time to time, shall grant to the CONTRACTOR an estimate of the amount and proportionate value of the work done, which shall entitle the CONTRACTOR to receive the amount thereof less the retainage, from the proper fund. On all such contracts, the retainage shall be an amount equal to 10% of invoice amount of the work has been completed. When the work has been substantially completed except for work which cannot be completed because of weather conditions, lack of materials or other reasons which in the judgment of the municipality are valid reasons for non-completion, the municipality may make additional payments; retaining at all times an amount sufficient to cover the estimated cost of the work still to be completed or in the alternative may pay out the entire amount retained and receive from the CONTRACTOR guarantees in the form of a bond or other collateral sufficient to ensure completion of the job. For the purposes of this section, estimates may include any fabricated or manufactured materials and components specified, previously paid for by CONTRACTOR and delivered to the work or properly stored and suitable for incorporation in the work embraced in the contract.

4.3 Materials-on-Hand

Owner shall make progress payments for 100% of materials and equipment not incorporated in the Work but delivered, suitably stored and accompanied by documentation satisfactory to OWNER.
