ISSUE: The Wisconsin Election Commission has received multiple election complaints regarding elections in the Village of Kronenwetter. The Village's ordinances contain very little guidance and information related to the local election process. CLIPP committee members would like to create local election ordinances for clarification of the process and to address the issues behind the complaints.

OBJECTIVES: In September, it was discussed during the CLIPP Committee meeting whether or not the county or municipal clerk was responsible for posting notices of the election equipment public testing. In the past, Marathon County has posted a blanket notice for all its municipalities. Staff was tasked with contacting County Clerk Kim Trueblood regarding the matter. Her email is attached.
