

Report to CLIPP

Item Name: Director of Public Works and Utilities Report

Meeting Date: April 7, 2025

Referring Body:

Committee Contact:

Staff Contact: Greg Ulman

Report Prepared by: Greg Ulman

- Had our ribbon cutting ceremony on March 12th for the water treatment plant, it was a success with many people in attendance.
- Crews have been busy salting and plowing in early March.
- Crews have been continuing trimming right-of-way trees in the Village during non-snow periods.
- We are still seeing an uptick in rags flushed into the sanitary sewers and collecting into our pumps at the lift stations.
- We had the bid openings for the TID #2 projects, and they came back low enough in pricing that we are exploring options for Flanner and Jamroz Rd's, which an engineering survey is being done to explore costs to fix the roads.
- The MS4 has been completed and will be sent to the DNR after board approval.
- Weight limits are posted on Village roads for the spring season. They will be lifted based on weather conditions and soil moistures.
- We had our lift stations cleaned on March 13th by Aqualis.
- We are continuing to experience problems with lift station #3 pumps, they are a vacuum style pump and have been experiencing many clogging issues which leads to part failures.
