ISSUE: With having a smaller printer in the Police Department it is costing more money than having two Konica size printers. The Konica printer we have was purchased in March of 2017 outright so we have no lease on it. Speaking with the representative from Bauernfind the printer has a lot of life left on it, moving it down to the Police department and purchasing a new printer for the Manipal office would put us in a position to save money monthly on our service as well as having more up to date technology in the busiest part of the municipal building.

OBJECTIVES: To purchase the Kyocera Printer for the Municipal office and move the Konica to the police department creating a savings on our monthly coping/printing costs.

ISSUE BACKGROUND/PREVIOUS ACTIONS: n/a

PROPOSAL: To purchase the Kyocera Printer for the Municipal office and move the Konica to the police department creating a savings on our monthly coping/printing costs.
