

SITE PLAN

If you have other drawings, pictures, or information of site plan, all information can be emailed to: Engineering@MidwestManufacturing.com

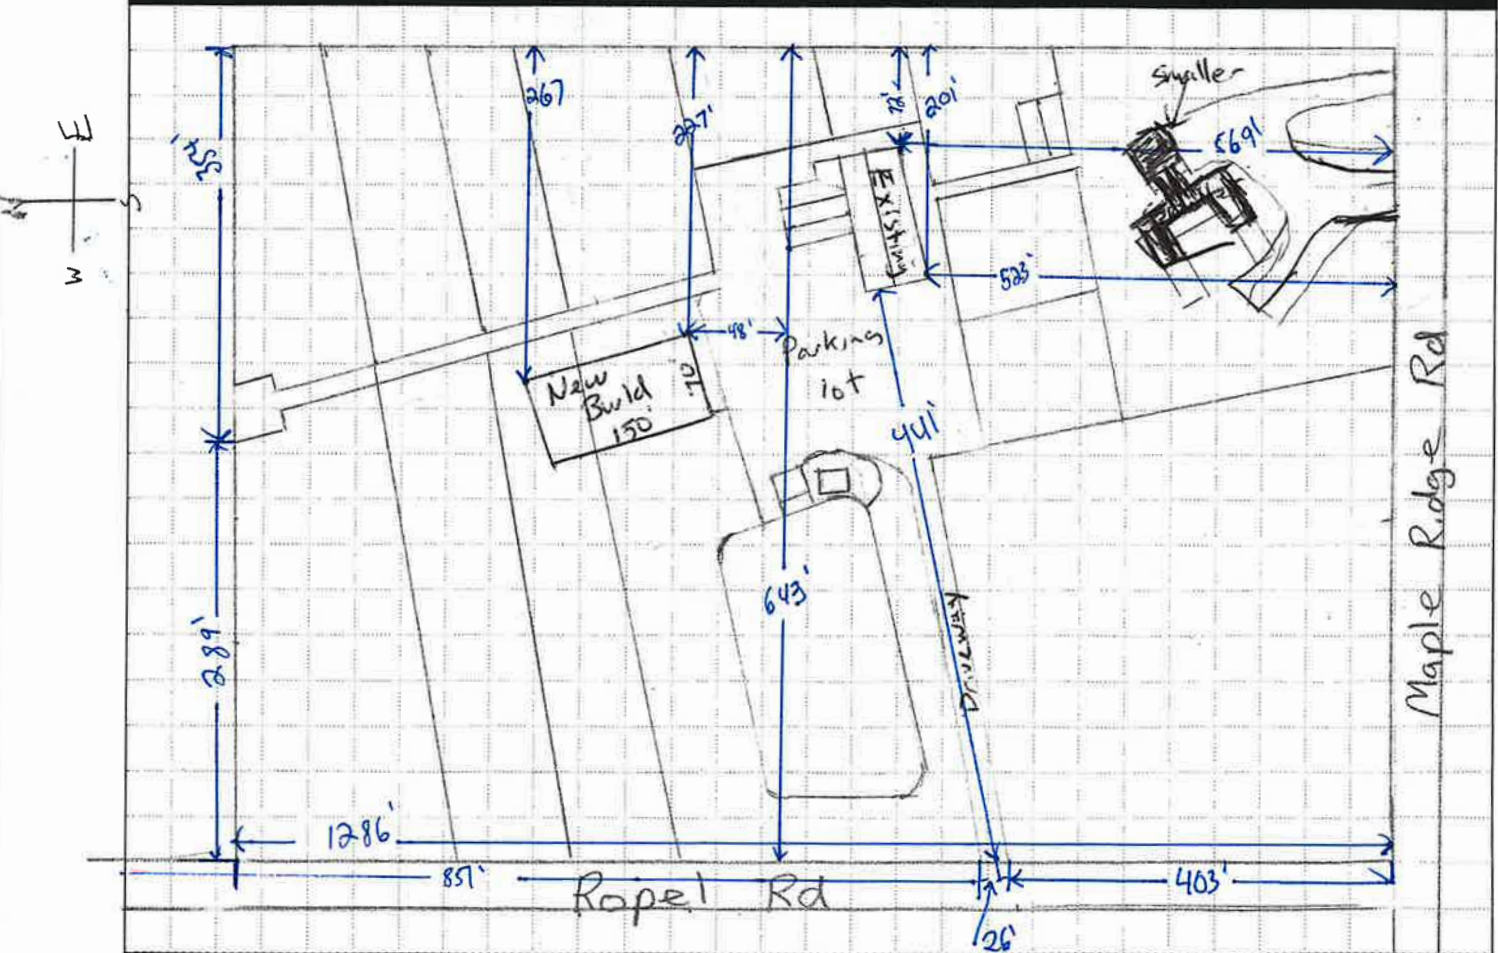

19.95 Acres

27. SITE PLAN INSTRUCTIONS

To complete the SITE PLAN, please answer each of the following questions. Indicate the necessary information on the sketch as shown on this page.

1. What is the actual lot size? (give dimensions)
2. Indicate distances of proposed building from each lot line.
3. Give dimensions of the proposed building.
4. Show all roadways & streets, also label the names.
5. Show any existing buildings and how far they are from the proposed building.
6. Show and locate all access drives to proposed building.
7. Indicate which direction is North.
8. Show parking area. (if applicable)
9. Show any other pertinent information about the site. (eg. large grade difference, sidewalks, etc.)

Note: Print will not be started until information is received.
