1. Why are you interested in serving on the Village Board?
 - a. I am interested in serving on the Village Board to help address our current budget challenges and ensure that resources are allocated responsibly. My goal is to bring a balanced and objective perspective, representing the interests of all citizens and making informed decisions that will benefit our community as a whole.

2. How are your experiences or qualifications related to the responsibilities of a Village Board Trustee?
 - a. My three years of service on the CLIPP committee have given me valuable experience in community planning and project oversight, which directly relates to the responsibilities of a Village Board Trustee. During this time, I have demonstrated a strong commitment to our village by working collaboratively to address local needs and concerns. I am dedicated to continuing this service in a broader capacity to ensure that our village thrives.

3. Describe professional background and other community involvement (current or in the past):
 - a. As a Purchasing Manager, I have honed skills in budgeting, negotiation, and resource management, which are crucial in making informed and cost-effective decisions. My professional background involves working with vendors, managing contracts, and ensuring that resources are utilized efficiently. In addition to my role in purchasing, my involvement in the CLIPP committee has strengthened my commitment to the community. This combination of professional experience and community service allows me to approach challenges with a balanced, informed perspective
