Required Attachments

1. Narrative describing the zoning change request with respect to the following matters:
 - a. Is the proposed rezoning consistent with the Comprehensive Plan, as is required by Wisconsin Statutes?
 - b. Does the rezoning further the purpose and intent of this Chapter?
 - c. Does rezoning address any of the following that are not properly addressed on the current Official Zoning Map?
 - i. A mistake was made in mapping on the Official Zoning Map. That is, an area is or has developed in a manner and purpose different from that for which it is mapped. If this reason is cited, it must be demonstrated that the discussed inconsistency between actual land use and designated zoning is not intended, as the Village may intend to stop an undesirable land use pattern from being perpetuated.
 - ii. Factors have changed, such as the availability of new data, the presence of new roads or other infrastructure, additional development, annexation, or other zoning changes, making the subject property more appropriate for a different zoning district.
 - iii. Growth patterns or rates have changed, thereby creating the need for a rezoning.
 - d. Does the proposed zoning district maintain the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property?
 - e. Does the rezoning meet the minimum requirements for frontage or parcel size? A lot, lots, or parcel of land shall not qualify for a zoning map amendment unless it possesses 200 feet of frontage or contains 25,000 square feet of area, or adjoins a lot, lots, or parcel of land which bears the same zoning district classification as the proposed zoning map amendment.
 - f. For applications to rezone land to a multi-family, commercial or industrial zoning district, is, or will there be, adequate public infrastructure available to accommodate the range of uses allowed in that zoning district?
2. Property Map which shows the zoning change request boundaries, structures on the property, and the required setbacks from the property lines.
