Furnish and Install Play Equipment – Village of Kronenwetter – Buska Park- D13031T

Good Day!

Thank you for the opportunity to offer our proposal for the furnish and installation of your new playground at Buska Park. Enclosed please find our proposal that'll help explain how our submission exceeds the project criteria as outlined in your request for proposal.

MWP Recreation has been your exclusive GameTime representative for 41 years in the Upper Midwest. GameTime themselves have been 'Enriching Childhood Through Play' since 1929 and proudly manufacture here in the United States. This unequalled partnership ensures you're dealing with companies on solid ground as well as shows you we have the knowledge to assist you with a project of this magnitude. While no one can say "they've seen everything", there's over 225 combined years of experience you will be able to draw from within our organization to help your project run as smoothly as possible.

Many people from our company will be available to assist in any manner needed but I will be your single point of contact as the project manager for your new play area.

Again, many thanks for your time and consideration. We look forward to the chance to be a part of your incredible project.

Sincerely,

Minnesota Playground, Inc.
dba, MWP Recreation

A handwritten signature in blue ink that reads 'Eric Denning'.

Eric Denning, General Manager

About MWP Recreation

Family owned since 1978, serving Minnesota and Wisconsin, we have built **over 7000 playgrounds**...telling your story with pride in building strong communities across the Midwest. From planning to ribbon-cutting, we guide our customers through every step of the project. We partner with municipalities, schools, architects and youth organizations to plan, design and build their vision from the ground-up.

MWP Recreation offers an extensive assortment of superior park and recreation products and services to meet all of our client's needs. In addition to GameTime commercial park equipment, we provide turnkey solutions for shelters, shades, site furnishings, recreational surfacing, adult fitness equipment, obstacle courses, splash pads, sports equipment, dog parks, and more.

For decades, MWP Recreation has led the industry in designing and installing park projects that demonstrate the highest level of craftsmanship, innovation, safety, accessibility and sustainable design. We remain highly selective about which product manufacturers, suppliers, and contractors we partner with to ensure our work goes unrivaled.

With each opportunity, MWP Recreation looks forward to fostering long-term relationships and earning our client's trust through outstanding customer service and support

Turn-Key Solutions

Telling your story through play equipment and beyond for a turn-key experience that includes shelters, shade, site furnishings, surfacing, adult fitness, obstacle courses, interactive play, splash pads, dog parks, sports equipment and more. **What is your story?**

ABOUT GAMETIME

GameTime creates fun, healthy and active places where all children and families become physically, emotionally and socially strong.

GameTime is a leading designer of commercial playground equipment, outdoor fitness products, custom recreation spaces, and site furnishings. We strive to create the kinds of places people love and where people love to play.

Play and recreation is a fundamental human right, and we take our role in helping communities create active, healthy places seriously. We focus on inclusion, diversity and equity in our playground designs, align our products with the research of leading play, health, and wellness experts, and advocate tirelessly for the advancement of safer, more accessible and fun places that bring people together.

This is our mission since 1929: to build the highest quality products, design the most memorable play and recreation experiences, and to lead the industry with innovative solutions that help people of all ages, all abilities, and all backgrounds realize the transforming power of play.

Indemnification; Owner/Owner's Representative will indemnify and hold Minnesota Playground, Inc., dba, MWP Recreation (MWP), harmless for all claims, damages and related costs, including reasonable legal fees and costs, arising out of Owner/Owner's Representative's negligence or noncompliance with any of its commitments under this document. MWP will indemnify and hold Owner/Owner's Representative harmless for all claims, damages and related costs, including reasonable legal fees and costs, arising out of MWP's negligence or noncompliance with any of its commitments under this document.

Excusable Delays/Additional Costs: MWP, and/or its affiliates, shall be liable for default unless delay of performance, whether supplying materials only or including installation in accordance with our project scope, is caused by an occurrence beyond reasonable control of MWP, and/or its affiliates, such as, but not limited to, acts of Superior Force or the public enemy, acts of Government in either its sovereign or contractual capacity, fire, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, delays of common carriers (for transportation of goods whether raw materials or finished product), attainability of raw materials and severe tariffs. Such events resulting in additional costs are not included in quoted amounts and shall be the responsibility of the Owner/Owner's Representative. Any additional costs shall be provided in writing for purchaser's records and shall be due upon payment of invoice.

This quotation is subject to polices in the current GameTime Park and Playground catalog and the following terms and conditions. Our quotation is based on shipment of all items at one time to a single destination, unless noted, and changes are subject to price adjustment. Purchases in excess of \$1,000.00 to be supported by your written purchase order made out to GameTime, c/o MWP Recreation.

Each quote is handled on a per order/project basis. Unless a long-term agreement is in place between purchaser and GameTime, terms and conditions of this quotation shall be as outlined herein with no other requirements applicable.

Any changes made to product and/or services after initial order(s) has/have been received by GameTime will result in production and/or schedule time frame modifications. Please contact your regional representative to receive a revised schedule for your order/project.

Pricing: f.o.b. factory, firm for 15 days from date of quotation. If placing an order after expiration of quote, please contact our office for updated pricing. A tax-exempt certificate is needed at time of order entry for all orders whether from tax-supported government agencies or not. Sales tax, if applicable, will be added at time of invoice unless a tax exempt certificate is provided at time of order entry.

Payment terms: net 30 days for tax supported governmental agencies. Should this quotation be forwarded to an agency not listed on this quote, credit terms, as well as other terms and conditions herein, may be need to be altered. For instance, non-tax supported organization purchasing any or all products and/or services quoted herein may require full payment for that amount due at time of order entry. Remaining balance owed by tax supported agency, if any, shall still be net 30 days. A 1.5% per month finance charge will be imposed on all past due accounts. Equipment shall be invoiced separately from other services and shall be payable in advance of those services and project completion. Retainage not accepted.

Unless already on file, please include a tax exempt certificate upon order entry whether a tax supported government agency or other.

GameTime Standard Product Shipment: order shall ship within six to eight weeks after GameTime's receipt and acceptance of your purchase order, color selections, approved submittals, if required, and receipt of deposit, if required. Receipt of anything other than what is stated herein will not constitute an order and therefore no materials will be placed into production nor installation, if required, will be scheduled.

QUOTE

104704-02-03 • 03/31/2026

EWf Shipment: order shall deliver within 14 - 21 days after our receipt and acceptance of your purchase order as well as schedule and weather allowing. Bulk material will ship via semi-truck/trailer with a live floor system in trailer which allows driver to deposit EWF directly onto a specific area provided proper access is available. If driver is asked to deposit EWF in certain area, driver has final say whether the site conditions allow proper access for the semi-truck/trailer. If MWP is installing EWF, bulk material will need to be deposited no farther than 30 yards from play area where surfacing is to be spread. If distance from deposited EWF to play area is greater than 30 yards, additional time/cost will be charged based on lack of site access. Additionally, this 30 yard route to install EWF must be free from any/all obstacles such as, but not limited to, landscaping, curbing, fencing, etc. Site restoration is not included and will be the responsibility of the owner/owner's representative. Road restrictions may be in effect and cause delays depending on time of year.

Freight charges: Prepaid & added

Installation: shall be by a Certified GameTime Installer. Customer shall be responsible for scheduling coordination and site preparation. Site should be level and permit installation equipment access. Purchaser shall be responsible for unknown conditions such as buried utilities, tree stumps, bedrock or any concealed materials or conditions that may result in additional labor or material costs.

QUOTE

104704-02-03 • 03/31/2026

Project Scope:

Please note, installation is based on site being ready prior to our arrival to install play equipment as well as site conditions that have been conveyed to our organization by the owner/owner's representative and/or ideal conditions existing for a timely completion of your project as quoted. Unless addressed prior to the installation quote being issued or specifically mentioned herein, any issues that arise that impede the progress/completion of your project as quoted will result in additional charges.

Weather can change project scheduling in many ways. Take rain for an example. Day, or days, before rain... If weather forecasts show a high percentage chance for rain that will effect the site conditions, a postponement may be in order. Digging holes, laying certain surfacing materials, etc., are greatly affected by weather conditions and work may not begin/continue due to weather forecasts. There's the rain days themselves, which if heavy enough rainfall occurs, makes a site unworkable. Day, or days, after rain... Drying time will be needed after rain and the number of days needed will vary depending on amount of moisture received. One actual rain day may equal multiple delay days depending on work scheduled to be done.

+ INCLUSIONS +

- + One mobilization
- + Public utility locates only
- + Installation of equipment as outlined herein
- + Marking and digging of footings holes to accept direct embedment supports as needed
- + Unpacking of play equipment
- + Assembly of play equipment
- + Concrete for footings as needed
- + Pouring of concrete for footings
- + Engineered wood fiber (EWF) surfacing
- + Spreading of EWF
- + Construction tape/temporary bracing (as needed)
- + Standard insurance offerings
- + Standard warranty offerings
- + Standard industry accepted labor wages
- + Disposal of packing material
- + Border to help contain playground safety surfacing

- EXCLUSIONS -

- Clear access path up to and into play area for installation equipment (minimum of 8-foot wide, includes but not limited to gates, walkways, driveways, etc.)
- Staging area for materials and installation equipment, trailers, etc.
- Unobstructed space for maneuvering installation equipment as well as performing work
- Security fencing of any type
- On site security personnel
- If fencing is in place (by others), ability to unlock fencing is to be provided to our office a minimum of one week prior to our start
- Private utility locates such as, but not limited to, irrigation, fiber optics, private lighting, etc.
- Accepting, unloading and storage of order(s)/shipment(s) prior to installation. Please note, orders can be packaged/shipped in large crates, pallets, etc., requiring heavy-duty equipment to unload.
- Sitework of any kind such as, but not limited to, grading (play area to have max slope of 1%), site restoration, drainage, etc.
- Removal of existing play equipment, border, safety surfacing, etc.
- Backfill and compaction of backfill after removal of existing items (for footing holes as an example) that leave voids in area (marking and digging of new footing holes based on workable site)
- Digging in compacted sub-surfaces, rock, hard pan, tree roots, unstable soil conditions, etc.
- Restoration of compacted sub-surfaces for playground surfacings such as, but not limited to, poured-in-place rubber, rubber tiles, artificial turf, etc.
- Digging/maneuvering in sand, pea gravel, mud, etc.
- Offsite removal of spoils from footing holes (can be stockpiled near play area for owner/owner's representative removal or spread within play area)
- Removal of temporary braces, caution/construction tape, etc. (Can be removed and disposed of after concrete has cured.)
- Bonding of any type
- Permits of any kind
- Prevailing, Davis Bacon, Union, or similar, wages

A PLAYCORE Company

- Restroom facilities. Please provide access to restrooms whether within a building or portable style. Should use of site facilities not be available, additional charges will be required to bring on site temporary/portable restrooms. These temporary facilities will be removed once your project has been completed.

- Short term maintenance, check manufacturer's owner's manual recommendations for maintenance and always follow these written instructions. To help set up short (and ongoing) term maintenance, use the first twelve months to regularly check equipment (such as, but not limited to, tightening hardware, checking moving features, etc.). Twelve months allows use in all seasons and will provide a better understanding of what will be necessary for your ongoing maintenance. This short term schedule will be based on the amount of use the play equipment is getting as well as the type of play event that is being played on. Activities with movement have a more dynamic play which can lead to more maintenance due to the nature of the motion but also because these types of play events tend to be more popular. Static features may require less attention during the short term and ongoing maintenance as inspections will determine frequency of maintenance needed for these events. There may be a need for scheduled lower and higher frequency inspections.

- Ongoing maintenance, check manufacturer's owner's manual recommendations for maintenance and always follow these written instructions. After short term maintenance period is done and data is collected for that time period, an ongoing schedule should be implemented. The ongoing maintenance can change with age and greater use. There may be a need for scheduled lower and higher frequency inspections.

Should weekend work be necessary or non-standard hours be worked, please provide a site contact and the best telephone number to reach this person in case an urgent matter arises requiring immediate attention.

(Name) _____

(Cell) _____

(Other Telephone Number) _____

Wet Site Conditions: installation areas located near wetlands, where a high water table exists or in any environment that produces excessive moisture will require additional planning prior to installation of your project. Unless excessively wet conditions have been conveyed prior to installation quote and accounted for in some manner, your installation will not proceed. Ideal dry conditions need to be present to begin, and complete, your project as quoted.

Exclusions: unless specifically included, this quotation excludes all site work and landscaping; removal of existing equipment; acceptance of equipment and off-loading; storage of goods prior to installation; equipment assembly and installation; safety surfacing; borders and drainage provisions.

While it is our intention to install your playground in a safe and timely manner, our success relies on your preparedness. Site preparation and grading to be performed by others and prior to installation. Slope within the play area(s) shall not exceed 1% to ensure a successful installation and a compliant playground. Drain tile systems other than within 4' of the perimeter along drain aggregate base material may require installing after the installation of the play equipment and must be coordinated with installation of safety surface materials. Failure to prepare site(s) to these expectations may result in additional charges if installer is required to re-mobilize. Please contact MN WI Playground if you have any questions.

Maximum depth of safety surface and drain aggregate base should not exceed an 18" depth and shall not be installed until play equipment has been installed.

LISTING OF SUBCONTRACTORS

We acknowledge and appreciate your request regarding the identification of subcontractors and the associated required information.

At this time, MWP Recreation anticipates utilizing a certified installer; however, the specific subcontractor has not yet been finalized and will be determined based on availability and project scheduling at the time of award.

Upon contract award, we will provide a comprehensive list of the selected installer(s), including all requested details such as company name, address, phone number, designated contact person, years of relevant experience, references for similar projects, and all required insurance documentation.

MWP Recreation is committed to ensuring that all subcontractors engaged on this project meet or exceed the qualifications and standards outlined in your request, and we will ensure full compliance with all submission requirements in a timely manner.

RE: Furnish and Install Play Equipment – Village of Kronenwetter - D13031T– Labor Warranty

To Brad,

As per our enclosed scope of work for the above-mentioned project, Minnesota Playground, Inc., dba MWP Recreation (MWP), shall guarantee that all labor and our workmanship shall be first class and free from defects for one year from the date of substantial completion.

MWP shall, upon notice and without undue delay or expense to the Owner, make good or repair the whole or any part of the work which shall fail or develop unfitness for the purpose for which it is intended within one year after the date of acceptance of the completed work. This repair will be made assuming maintenance has been performed at regularly scheduled intervals as necessary and does not cover normal, or abnormal, wear conditions anticipated for the product nor any type of vandalism. MWP shall complete warranty work within two to three weeks after Owner/Owner's Representative has received part(s) from play equipment supplier.

Sincerely,

Minnesota Playground, Inc.
dba, MWP Recreation

A handwritten signature in blue ink, which appears to read 'Eric Denny', is written over a solid black horizontal line.

WARRANTY

GameTime offers a comprehensive warranty on all of our products.

For the purpose of this warranty, "lifetime" encompasses no specific term of years, but rather that seller warrants to its original customer for as long as the original customer owns the product and uses the product for its intended purpose that the product and all its parts will be free from defects in material and manufacturing workmanship.

- **Lifetime limited warranty** on PowerScape®, PrimeTime®, Xscape® & IONiX® and Modern City® uprights.
- **Lifetime limited warranty** on Tru-Loc® connections and upright bolt-through connections.
- **Lifetime limited warranty** on all hardware.
- **Twenty-Year limited warranty** on Timber Décor & Timbers recycled plastic lumber.
- **Fifteen-Year limited warranty** on metal decks, pipes, rungs, rails, loops, braces, and footbucks.
- **Fifteen-Year limited warranty** on rotationally-molded products.
- **Fifteen-Year limited warranty** on VistaRope™ nylon bearings and ring junction pieces.
- **Ten-Year limited warranty** on GTFit®, THRIVE® and Challenge Course posts & bars.
- **Ten-Year limited warranty** on site furnishings against structural failure.
- **Ten-Year limited warranty** on SunBlox products.
- **Ten-Year limited warranty** on fiberglass and DHPL signage.
- **Ten-Year limited warranty** on VistaRope™ WeaveTech™ cables.
- **Five-Year limited warranty** on Tuff Forms® structures, including TuffCrete and PolyShield.
- **Five-Year limited warranty** on nylon-covered cable net climbers and components.
- **Five-Year limited warranty** on GT Symphony Freenotes™ Harmony Park components.
- **Five-Year limited warranty** on Super Seats.
- **Five-Year limited warranty** on premature wear of VistaRope cables.
- **Three-Year limited warranty** on EveryBODY Plays® polyurea coated foam & rubber strips.
- **Three-Year limited warranty** on SaddleMates rubber and "C"-springs.
- **Three-Year limited warranty** on rubber seat and rubber mats for net events.
- **One-Year limited warranty** on Challenge Course timing components.
- **One-Year limited warranty** on all other GameTime products.

TO THE EXTENT PERMITTED BY LAW, THESE WARRANTIES ARE EXPRESSLY IN LIEU OF ANY OTHER IMPLIED OR EXPRESSED WARRANTIES OR REPRESENTATIONS BY ANY PERSON, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS. Warranties do not cover damage caused by vandalism or abuse. Warranty claims must be filed within the applicable warranty period and accompanied by a copy of the original invoice or GameTime invoice number.

COMPLIANCE

Industry standards set a minimum level that playground manufacturers must meet. We meet or exceed those standards, because we understand that the ultimate playground offers peace of mind, as well as playful experiences.

AMERICAN SOCIETY FOR TESTING AND MATERIALS (ASTM)

Several key people at GameTime, including our Manager of Compliance and Standards, serve on the ASTM committee that sets the standards for the entire playground industry. GameTime products conform to that standard, ASTM F1487-07, the Standard Consumer Safety Performance Specification for Playground Equipment for Public Use.

CPSC

The Consumer Product Safety Commission is an independent agency within the United States Federal Government with the authority to inform the public of current product safety performance information and recommended practices. The CPSC first published their guidelines for public playgrounds in 1981 and have updated their publication since then. The current CPSC Handbook for Public Playground Safety, publication #325, is an excellent guide for owners and operators of public play environments.

IPEMA EQUIPMENT CERTIFICATION

GameTime is one of the founding members of IPEMA, and several of our people serve as board members, committee members and chairpersons of the association. In the interest of public playground safety, IPEMA provides a 3rd party certification, to validate conformance to established standards. Our use of the IPEMA seal is your assurance that GameTime has received written validation from an independent lab that the products associated with the seal conform with the ASTM standard, as well as the Canadian CSA standard CAN Z-614. A list of our validated products may be found on the IPEMA website, www.ipema.org.

IPEMA SURFACING CERTIFICATION

GameTime's GT Impax product provides you with the assurance that our surfacing has been certified as compliant to the appropriate ASTM standard. In the interest of public playground safety, IPEMA provides a third party certification to validate a manufacturer's conformance to the ASTM F-1292-99 Standard Specification for Impact Attenuation of Surface Systems Under and Around Playground Equipment. The use of the IPEMA Certification Seal displayed above signifies that the manufacturer has received written validation from the independent laboratory that the product associated with the use of the seal conforms with the requirements of ASTM F1292-99. A complete list of our validated products may be found on the IPEMA website at www.ipema.com.

ADA

GameTime is the only manufacturer to have a lab partnership with an Institute for children with special needs, so that we can develop and test our accessible products for superiority before bringing them to market. GameTime is also the only manufacturer to meet accessibility guidelines on all of its pre-designed PowerScape Plus and PrimeTime playground plans. We also recommend accessible surfacing options. For more information, log on to www.access-board.gov

ISO 9001:2000

GameTime is the first playground manufacturer to obtain the ISO9001:2000 standard. In order to obtain this certification, the company's manuals, policies, objectives and quality procedures are closely examined during a surveillance audit by ISO representatives. Strict attention is paid to policies and procedures in manufacturing, communication channels, system monitoring, customer relations and order processing, which are reviewed for consistency and standards. Companies who meet the standard are awarded the ISO designation.

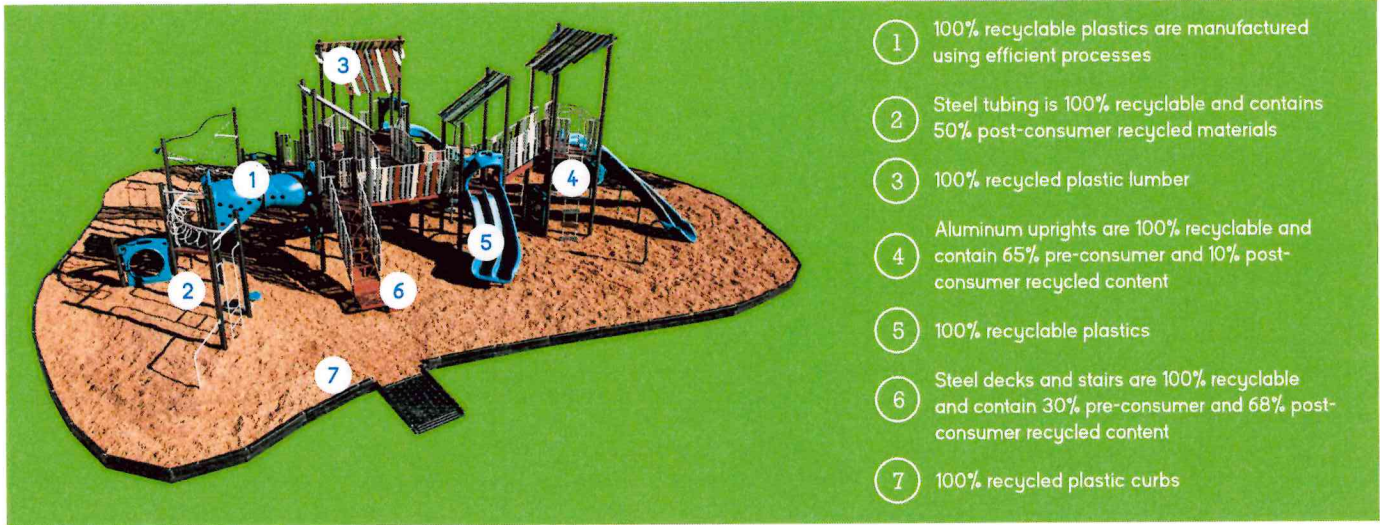

TUV

An international organization that is a European Union Notified and Competent Body, providing testing and certification. Use of the TUV seal demonstrates that products have passed a comprehensive testing procedure based upon the European Harmonized Standard for Commercial Playground Equipment, and that the GameTime plant is regularly monitored by TUV.

ENVIRONMENTAL RESPONSIBILITY

Environmentally responsible play systems that last for decades, not years.

OUR PLAYGROUNDS ARE DESIGNED FOR FAMILIES AND TO MINIMIZE THE IMPACT ON THE PLANET WHERE WE PLAY.

It's our responsibility to act as stewards of our planet and its natural resources. It's also our mission to create fun, active, and innovative places for families to gather and play. Our environmental sustainability efforts are intended to help ensure children of today can take their grandchildren to playgrounds in the future. Our approach to stewardship and sustainability encompasses every aspect of our company - from the way we manufacture our products to how we do business. Children learn many valuable life skills on playgrounds. We've learned some important lessons, too. We continuously strive to be environmentally responsible and to make sure future generations benefit from our efforts.

RECYCLING (ANNUAL)

Cardboard: 28.55 tons	Fork lift batteries: 48 lbs.
Paper: 12.25 tons	PVC trimmings: 1,681 lbs.
Scrap plastics: 37,586 lbs.	Steel: 2,791,275 lbs.
Computer equipment: 5,526 lbs.	Aluminum: 27,965 lbs.
Plastic bottles: 23,850	Cartridges: 260
Fluorescent bulbs: (4') 428	Trash can lids: 220 lbs.

125,000 INDIVIDUAL PARTS 400,000 SQUARE FEET ONE ENVIRONMENTAL COMMITMENT

- We work with our suppliers to source the most environmentally preferable materials for our products.
- We include as much pre-consumer and post-consumer recycled content in our products as possible - without compromising the quality, durability, and performance.
- We're updating light fixtures, upgrading air compressors, and conducting energy audits because every small improvement leads to significant reductions in our overall environmental impact.
- We've implemented a variety of initiatives to reduce water consumption in our facilities, including the use of high-efficiency technology for product painting and washing.
- We recycle the vast majority of waste at our manufacturing facility, including 100% of manufacturing process waste like scrap metal, rotationally molded plastic and paper. We recycle the majority of our administrative waste, too.

ENGINEERED WOOD FIBER

An affordable natural surfacing choice that meets accessibility guidelines.

AT A GLANCE

Maintenance: High Access: Mid Color Options: N/A Warranty: 15/25 years

DESCRIPTION

Engineered wood fiber from GT Impax is a popular choice for projects with initial budget constraints. This maintenance will help to maintain the recommended compacted material depth, thus keeping the surface compliant with applicable standards and warranty. Once the newly installed product has settled, it forms a “knitted” layer that is designed to support a variety of mobility devices including wheelchairs, crutches, and walkers. Providing adequate drainage is an important preventative measure, because wet engineered wood fiber may freeze in sudden climate changes. GT Impax wood fiber is non-toxic, and does not contain paint, chemicals, or additives. It contains minimal bark, and is free of twigs, leaf debris, and other organic materials.

BENEFITS

- Engineered wood fiber gives your playground an attractive, natural look
- Economical initial cost
- Loose fill materials aid in the protection of children who experience lateral falls

BASIC SPECIFICATIONS

Product is manufactured of size controlled softwoods and/or hardwoods which average 1”-2” in length and contain a maximum of 15% fines to aid in compaction. Engineered wood fiber can be installed over bare earth when Geotextile Fabric is used to enhance drainage.

This product meets all applicable ASTM standards. For more information, please refer to our complete product specification.

TIPS

- Use GT Impax wear mats to reduce displacement in “kick out” areas, raking is required to maintain compliant depths
- As with all loose fill surfaces containment systems like our playcurbs will reduce the spread of surfacing to non-play areas
- Install GT Impax drainage systems to prevent freezing or puddling

POWERSCAPE

GameTime's premier 5" play system for ultra-tough durability.

EVERYTHING YOU WANT FROM A PLAY SYSTEM

- 5" diameter uprights available in aluminum or galvanized steel
- Choose from an extensive offering of exclusive components and signature products
- Lifetime limited warranty on uprights, posts and hardware
- NEW Tru-Loc® offers streamlined connections with 50% less hardware for easier construction and maintenance
- Largest decks in the industry and slipresistant Tuff Clad™ deck coatings for increased footing
- Entry archways to help direct traffic and prevent inadvertent falls
- Tough, baked-on powder coat finish
- Exclusive Direct bolt technology
- IPEMA certified

THE TRU-LOC ADVANTAGE

Our patented Tru-Loc® is far superior to the average "clamp around" system!

- Next generation direct bolt features elegant, innovative engineering
- Connection offers sleeker lines and cleaner designs
- Tru-Loc® Panel Connector is ASTM/EN/CSA compliant
- Smooth "kid-friendly" connection point, no rough edges
- Connections are concealed within the sleeve, no exposed hardware
