**Notes:** Visible flames from road. Flames were taller than the house. I knocked on door, no one answered. I went around back which was fenced in, identified myself as a Police officer and asked to speak with someone. Male party tried talking to me through the fence which I was unable to see him visibly. I told him to step outside which he said no and I said it was non-negotiable. Male party then came around outside and said I was lying and that noone called it in and theres no way that someone could hear it go "bang". I asked def if i could see the fire to ensure that what he is burning follows the villages ordinance. He said "the smoke is not black therefore i'm not burning tires" I told him that's not the only thing illegal following village controlled burn violations. I asked him again if I could go back to check the fire and I'd be on my way he responded "no" and asked me to leave, so I did. We will be checking to ensure he did have a burning permit. If not, then he will be cited. [12/16/23 20:58:53 Unit:2941]
