#### Important Notes:

- Final Applications are due to the Central Office on April 5, 2024.
- Contact the Local Program Manager for information regarding these applications.

The [Surface Transportation Program - Local \(STP-L\)](#) allocates federal funds to complete a variety of improvements to off-system roadways functionally classified as a rural minor collector or local road.

The objective of STP-L is to improve non-federal aid roadways outside of urbanized areas. Projects must meet federal and state requirements.

This Federal Fiscal Year 2025 STP-Local solicitation is for one year of funding totaling approximately \$2 million for construction only projects. Design activities will be 100% local funded. Projects are capped at \$500,000 federal funds, with a project minimum of \$250,000 federal funds. The selected projects from this solicitation will be simple, non-controversial projects that have no apparent environmental issues. It is anticipated that there will be no right of way, utility or railroad conflicts. This will allow for the PS&E no later than August 1, 2025 and the project let no later than November 11, 2025.
