The Administrative Policy Committee is evaluating the current pay rate for those who serve on Village committees, commissions and boards.

Currently, citizen members receive \$25 for each meeting they attend. This rate was set in 2016. Village trustees receive \$350 per month (\$4200 per year), while the Village president receives \$650 per month (\$7800).

The APC would like to see the member rate increase within the range of \$40 -\$50 in hopes that the rates will be more comparable to neighboring committees. They would like your feedback regarding this increase.
