

## **Report to Village Board**

**Item Name:** Discussion and Possible Action: Water Filtration Plant Double Door Replacement

**Meeting Date:** March 10, 2025

**Referring Body:** Utility Committee

**Committee Contact:**

**Staff Contact:** Greg Ulman

**Report Prepared by:** Greg Ulman

**AGENDA ITEM:** Discussion and Possible Action: Water Filtration Plant Double Door Replacement

**OBJECTIVE(S):** To approve the change order from Ellis Construction for \$3,640.00

**HISTORY/BACKGROUND:** When the initial plans were drawn up at our water filtration facility, it was in the specs to have a set of double doors instead of a large overhead door. Though a change order, the water filtration plant received an overhead door, however the original double doors were already purchased and are on hand. We would like to replace the double doors that exist at the original entrance of the well house, because they are starting to rot, and replace it with the new doors that we have now on hand. The change order amount would be \$3,640 for the work to be done by Ellis Construction.

**PROPOSAL:** To approve the change order for the amount of \$3,640.00

**RECOMMENDED ACTION:** To approve the change order for the amount of \$3,640.00 from Ellis Construction for the replacement of the double doors at the water filtration plant.
