

## **Report to Village Board**

**Agenda Item:** Metering Station Updates

**Meeting Date:** December 8, 2025

**Referring Body:** Utility Committee

**Committee Contact:**

**Staff Contact:** Greg Ulman

**Report Prepared by:** Greg Ulman

**AGENDA ITEM:** Metering Station Updates

**OBJECTIVE(S):** To have P.J. Kortens & Company, Inc. install cellular modems for the metering station for \$13,215.00

**HISTORY/BACKGROUND:** Kronenwetter built a metering station to purchase water from Rothschild roughly 3 years ago. With the discovery of PFAs in the water in Rothschild all work ceased on the project. Rothschild has since added a treatment plant to remove the high levels of PFAs and had the water independently tested to ensure of the good water quality. The only aspect in the construction process remaining is to finish installing the cellular modem. P.J. Kortens was the initial contractor for the telemetry inside the metering station. With this cellular modem, the process to purchase water will be available. The installation will commence in 2026 with the new budget year. If approved by the Village Board we will accept and sign the quote when the DNR samples on PFAs are returned.

**RECOMMENDED ACTION:** To have P.J. Kortens & Company, Inc. install cellular modems for the metering station for \$13,215.00

## **FINANCIAL**

### **FUNDING SOURCE:**

Account Number/Title:	#650-53610
Current Adopted Budget:	\$ 300,000.00
Spent to Date:	\$ 0
Remaining Budget:	\$ 300,000.00
Requested Amount:	\$ 13,215.00
Remainder of Budgeted Amount, if approved:	\$286,785.00

**ATTACHMENTS:** Quote, Water Test Results, Email
