Planning Staff Report
for
KMJ Investment Group LLC
Planned Unit Development Amendment

TYPE OF CASE: Planned Unit Development Amendment

STAFF REVIEWER: Patty Kulak

DATE: December 11, 2025

APPLICANT: Henry A Fish – Arrowhead Investments of SWFL LLC

AGENT: Justin Ebrite -Patriot Engineering Co.

REQUEST: Extend the approved validity period of the PUD Master Concept Plan adopted through Ordinance 2020-04.

LOCATION: North of SR 80 and east of Tractor Supply Company (See attached Location Map)

PROPERTY SIZE: 2+/-acres

FUTURE LAND USE DESIGNATION, CURRENT ZONING AND LAND USE:

Existing Future Land Use Designation: Residential, Medium Density (Hendry County)

Existing Zoning: Agriculture (Ag-2) (Hendry County)

Land Use: Commercial

SURROUNDING LAND USE:

North: FLU – Residential, Medium Density (Hendry County)
Zoning – Residential (RG-1)
Land Use – Single-Family

South: FLU – Employment Village
Zoning – Agriculture (AG); Planned Unit Development (PUD)
Land Use – Vacant; Commercial (Wal-Mart)

East: FLU – Residential, Medium Density (Hendry County)
Zoning – Agriculture (AG) (Hendry County)
Land Use – Vacant

West: FLU – Employment Village
Zoning – Planned Unit Development (PUD)
Land Use – Commercial (Tractor Supply Company)

STAFF NARRATIVE:

The Applicant, KMJ Investment Group, LLC, is requesting an extension of the previously approved Planned Unit Development (PUD), Comprehensive Plan Amendment, and Annexation originally approved by the City Commission in 2020. The request applies to approximately 2± acres located north of SR 80, east of Huggetts Road, and immediately adjacent to the Tractor Supply Company property. The Applicant is not proposing any amendments to the previously approved development program, Master Concept Plan (MCP), Schedule of Uses, or Conditions of Approval, except for the MCP expiration date of July 9, 2025. This request is strictly to maintain the existing entitlements while the Applicant continues project design and prepares for future site construction permitting.

Approved Development Program

The PUD approval authorizes:

- A maximum of 13,000 square feet of non-residential floor area; and
- A maximum of six (6) multi-family or live-work dwelling units, consistent with the allowed density in the Employment Village future land use category.

Allowable uses remain restricted to those listed in the approved Schedule of Uses, which includes a range of neighborhood-serving commercial, office, and light industrial uses.

ADMINISTRATIVE EXTENSION AND APPLICABLE LDC STANDARDS:

Section 11 of the adopted PUD ordinance allows for an administrative extension, provided that “the LDC regulations applicable to development of the PUD have not substantially changed.” As part of preparing this extension request, staff reviewed current Land Development Code provisions to determine whether any LDC amendments since 2020 would materially affect the approved development.

All relevant standards, including open space requirements, parking, significant oak tree protections, and the general applicability of the Employment Village FLU, remain unchanged.

STAFF RECOMMENDATION:

Staff finds that the proposed annexation; amendment to the City’s Future Land Use Map to designate the Property within the Employment Village future land use category; and rezoning to the Planned Unit Development (PUD) zoning district is consistent with the Land Development Code and the Comprehensive Plan and recommends APPROVAL subject to the following conditions (attached to the PUD ordinance).

1. The Rezone request applies to the property is described in Exhibit 'A'.
2. The PUD is limited to a maximum of 13,000 SF of non-residential uses and six (6) multi-family or live/work dwelling units.
3. Allowable uses shall be limited to those listed in the Schedule of Uses, attached as Exhibit 'B'. Liquor stores and accessory liquor sales for off-premise consumption are expressly prohibited. Accessory sales of beer and wine for off-premise consumption is permitted per Exhibit B.
4. The sale of alcoholic beverages for on- or off-premise consumption is permitted only in the 2-story building facing SR 80.
5. Any outdoor consumption of alcoholic beverages on-premises will require approval as an amendment to this PUD, to be reviewed during a public hearing by the City Commission.
6. Maintenance and Service Repair uses are limited to indoor only and may only be located in the proposed 2-story building facing the SR 80 frontage if residential units are not developed in this building. In no case shall residential units be located in the same building as a maintenance and service repair establishment. No overhead doors are permitted.
7. Mini Warehouse units are limited to interior accessed units only, with no external access permitted.
8. Outdoor sales area is accessory only and allowed only during hours of operation of associated use. The cumulative outdoor sales area for the entire PUD is limited to 500 square feet/3 parking spaces and must be located along the SR 80 frontage in front of the 2-story building.
9. The retail sales of heavy equipment, lumberyards or building supplies is prohibited.
10. Development Standards will conform for the Development Standards Table, attached as Exhibit 'C'.
11. All development must conform to the general design of the Master Concept Plan contained in Exhibit 'D' and the requirements of the Land Development Code.
12. Development must connect to the City's potable water and sanitary sewer system or provide for on-site private utilities. A demonstration of capacity will be required at the time of site construction permitting, including demonstration of a hydrant system to provide adequate and continuous water flow for firefighting purposes.
13. The project will be managed by the developer/property owner, until such time as the property is subdivided or a (commercial) condominium is established, upon which a Property Owners Association (POA) must be established for maintenance of common areas, parking areas, and infrastructure within the community.
14. Dumpsters, recycling facilities and service areas must be located internal to the site and screened from all public rights-of-way by an opaque wall or fence.
15. A landscape buffer for the purposes of screening shall be required along the SR 80 frontage, equal to or greater than a 15-foot wide buffer per LDC Section 4-87.4(1).
16. A deviation is permitted to allow for a modified northern landscape buffer, five feet in width, and planted with two (2) large trees and two (2) small trees per 100 linear feet, and a hedgerow planted at 36" and maintained at 60". An 8-foot tall opaque fence or wall must be installed in the buffer, with all required plantings installed on the northern side of the wall facing the adjacent single-family lots. The 8-foot tall opaque wall and buffer must also extend along the eastern property line, from the northern boundary line south to the edge of pavement of the parking/vehicle circulation area.

17. Buffers along the east and west property lines will meet the LDC requirements depending upon the final use(s) developed on the site.
18. Internal buffers between residential and non-residential uses are not required, to the extent such uses are vertically integrated into the same building.
19. A minimum of 30% of the development, or 0.6 acres of open space, as defined in the LDC, shall be provided.
20. The project will provide parking spaces in accordance with the Land Development Code for both residential and non-residential uses.
21. Access to SR 80 will require a permit from the Florida Department of Transportation and this approval does not guarantee or grant access as shown on the MCP.
22. A cross access easement must be provided to the property to the east at the time of site construction plan permitting.
23. The PUD Master Concept Plan will remain valid for not more than five (5) years from the date of City Commission approval of this PUD Amendment to extend the MCP. Horizontal construction must commence within five (5) years or the MCP will be deemed vacated. Upon such time a new PUD zoning approval must be filed and approved by the City Commission. A one (1) time extension of two (2) years may be submitted to the City prior to vacation of the MCP.

SUGGESTED MOTIONS:

APPROVAL:

I make a motion to **APPROVE** the extensions of the PUD Master Concept Plan.

DENIAL:

I make a motion to **DENY** the extensions of the PUD Master Concept Plan.

The request does not meet the annexation & rezoning criteria:

- 1) Why?
